You Can't Beat The Dutch

# President's Report *Sue Hill*

Today is the last day of January so it seems like the year is already starting to fly. It also means our big event each spring, our National Dutch Show, is a mere three months from now. All the planning the Kansas crew has been doing for the past three years will be ready for us to see once we make the trek to their neck of the woods. I talked with Director Rick Lehmann recently and he was very excited about the plans for that weekend. Bob Bergene gave us a quick overview of the showroom back during our ARBA Banquet in October, and it seems like the new building with permanent cages, as well as the adjacent building with overflow/sales pens, could spoil us very quickly! If you at all can make it to NDS this year, you will be treated to a very nice show indeed! Feel free to contact Bob or Rick for any questions you might have on the show between now and April.

If there are any college bound youth that would like to submit their names for consideration of a scholarship given out by the Dutch Club, please go to our website and pull up the form and information needed. We are graced with many very active youth who we would like to see honored through a scholarship to help further their education. Each convention we work to raise money to go towards the scholarship fund. Sharon Mixdorf (with helper husband, Eric ) did a great job during the 2008 ARBA convention selling tickets for the raffle items we had at our booth. We will also have another raffle at this year's NDS so be sure to watch for it. There have been some super items in the past well worth buying a ticket and chance for.

Since the 2009 ARBA convention will be in CA this year, we will most likely see a reduction in the number of animals but certainly not the quality. There are many strong Dutch breeders from that region and with the convention being within driving distance, they have an opportunity to enter more animals than if they were flying to the convention. I will be going out there and look forward to seeing some new faces and helping out wherever is needed. California is my birth state and it'll be nice to be back in the area and (hopefully!) basking in warm weather instead of feeling the chill in the air that we characteristically have here in the Midwest in November. If you cannot make it, and would still like to sponsor an award, contact Barb Kline, our secretary, and she can put your donation towards that fund.

Julie Hume has been doing a super job on the web site so please be sure to be checking it frequently for anything that is newly posted. We use it for a

vehicle to get information out to you, our members, that we feel is more of a critical nature. Julie is open to any suggestions you might have so feel free to contact her as well directly.

And our DR is really looking great. Dick Gehr has been working hard on finding the right blend of articles and pictures to include, and all his skill at design shows on each page. He is regularly monitoring how the process of getting the DR to the printer and mailer is going, and had informed the board of a new printer he'd like to use for this edition. The price is a bit better and we can compare the quality to our past issues. There are also some other ideas that he will have available for us to think of by NDS, and we will get those to you as they come to light. In the meantime, if you have a concern or suggestion with your DR, he welcomes your emails and responds back quickly.

With the coming of the new year, the Sweepstakes contest starts over. Dick spends considerable time tallying up the points you all are busily collecting at the shows. It is a nightly venture where he (and Norma) spend several hours entering the data. The three most time consuming jobs within our organization are the Secretary, Sweeps and Sanction positions. As of January 1st, we increased our Sanction fee and also increased the compensation for the club Secretary and the Sweeps and Sanction chairs. Last year, Dick and Norma processed well over 1400 show reports. Along with this comes responding to the many emails and phone calls from members asking about missing shows, points, etc. Because this can be quite time consuming, it is one of the reasons the majority of the Board approved the increase. The other is if Norma or Dick would step down from any of those positions, we feel we would have a much better chance of making the positions attractive and having a new person(s) step forward who could put that amount of time aside to work for us.

Financially, we are stable. Whenever the Board is considering the use of the membership funds, we have 12 heads that come together to share opinions before doing so. I don't feel we make a decision hastily in the least, and try very hard to put the best interest of the club first. We have some projects planned that will use some of the funds set aside for that reason. So read on...

Our new guidebook will be in the making very soon and we'll keep you abreast of the progress as it starts happening. With the suggested changes to our Standard that went out to you all to vote on, we can include them in on the guidebook after ARBA approves them. We'll be in need of articles on each of our varieties (multiples from several breeders would be great!), pictures, ads that you would like to place and a lot of patience while it is being done. The Netherland Dwarf club just sent their finished product out and it has the same sort of idea we had; a three ring binder with removable pages that we can add to with any additional information/articles in the future instead of printing an entire new book. The initial phase should be in place by NDS.

The Board recently accepted the proposed changes to the Hall of Fame criteria and they will be printed in the DR for you to read through. We would like to start this prestigious award up again now that this has been revamped and will hopefully make the process for nominating a candidate less challenging with the clearer wording and better focus.

And I'd like to comment on our Board. There will be three positions up again for election/re-election once May 1st rolls around. At present, we have a diverse group of individuals that bring vastly different experiences to the table. In the past year, we have implemented email correspondence for many issues that have come up to have input from everyone in between our meeting times at the conventions. This was something started with past President Kevin Hooper, and I am a great supporter of continuing to work in this manner. In April, I ended my Board meeting with request to really work on keeping our communication optimal. This club is very near and dear to my heart, has been for a long, long time, and I truly am forever working to help it go in the right direction. Regardless of the time I personally put into this, it takes the work of many for that to happen. The expectations from each Director are not above anyone's grasp; Your Board should always put their best foot forward whenever they are representing this club, whether it be at a show, working with a new breeder, or writing a report for the DR. Above all, it is a must to have both a positive and respectful attitude. I'm sure most of you can say that it is much easier to work with someone with these qualities than one without. As we gain new Board members, I want to encourage present Board members and future candidates to think of this position as being one they hold with a certain degree of honor. We have a big group to lead and we all have to work well together. If you are on the Board or would like to join, be prepared to work hard. In the end, I think you will feel proud of your accomplishments while representing the best club in the land.

For Christmas, we decided to cut back (as many did) and instead did more things that were giving in nature. My three kids, who are all now in college, gave me the gift of helping to put new flooring on my main pens, something I had been wanting to do for a good year. Two weeks ago, they came home and we got quite a bit of the work done. I worked on a few more myself this past week in between trying to watch our two new Australian Shepherd puppies that are keeping me very busy. I would take a break here and there, and check out a litter that was coming along. I have a tort litter coming up that has the nicest, bright Tort color and typey little bodies. The mom is out of a doe that used her smarts and athletic ability to escape from a carrier that was butcher-bound a couple years ago. When I went out to load the rabbits, she had managed to push open her carrier (even though it had a two hole carrier stacked on top) and was vamoose. She ended up running free for two weeks before I could finally corner her with the help of the older Aussie Posse

and a big fish net. She went back in a pen, looked pretty sharp in about a month, and even though she had a huge Tort splotch on her saddle the size of my fist, she ended up being used for breeding. That doe produced six babies in her first litter, five does of which were outstanding in type and markings. Splotch is in a lot of pedigrees of my Torts now, thanks to her disagreeing with my original plans for her. I guess it shows that I don't always keep the ones that I think are best to add to my breeding program and which ones should be culled...

If you are in need of new stock and cannot make it to a convention, consider asking a fellow Dutch person to help you out with either looking for a rabbit at the show or transporting one home that you've purchase ahead of time. We have a great bunch of breeders that are always willing to help out as they can. If we continue to keep the sportsmanship and fun in the Dutch world, it will take us a long way!

Best of luck with your litters this year!

*Sue*

### ***In Memory of:***

#### ***Jimmie Daniel, LA***

Passed away January 7 resulting from a battle with brain cancer. Jimmie was well known around the show circuit throughout Louisiana, and raised some fine Dutch and Holland Lops over the years.

#### ***Louise Johnson, KS***

Mae Louise Johnson, 87, died November 4, 2008 in Halstead, Kansas. Louise was born in Sedgwick, Kansas on November 10, 1920. She married Lester Johnson and they made their home in Halstead, KS. Les preceded her in death several years ago. Louise worked as a restaurant waitress and Les worked in the Halstead Locker plant cutting meat. They were involved in raising and showing rabbits in the 50's, 60's, 70's and 80's. During those years they raised New Zealand Whites, Californians and Dutch. Their main breed for showing was the Dutch where they would show them at local shows and the Kansas & Colorado State Fairs. In the 70's and 80's they were consistent winners in Dutch at the National level winning BOS Dutch at the 1977 NDS in Hutchinson, KS and BOB Dutch at the 1981 NDS in Champaign, IL. At the Canton, Ohio NDS in 1983 they won BOS Dutch. Les and Louise had a deep passion for raising the perfect Dutch rabbit. They have helped many rabbit breeders over the years in the midwest and will be missed by many friends

## Vice-President's Report *Rick Billups*

I hope each of you had better luck with litters than I have. My doe's conception rate has been 15% this winter with very few keepers. Our winter had been mild until the end of January which saw below freezing temps and 10-12" of snow in Ohio.

ADRC business has been quiet since our last Dutch Reporter except for the standards ballot which went out the first week of January. I hope each of our voting members took the time to read their ballot carefully and cast a vote based upon their decisions. The standards committee took the time and effort to put forth this ballot so I hope our membership takes the time to vote. I want to thank the Gates family for tabulating the ballots.

I hope everyone is making plans to attend the 2009 NDS in Hutchinson, KS. I know from past experience that Bob, Rick and the Kansas Stat Dutch Club will put on a first class show. The show room is set up so that the rabbits are kept in all wire cages with wire bottoms. No wood bottoms or pine shavings to worry about this year. Additional information on the Nationals should be published in this Dutch Reporter and is also available on the web site. I hope to see you there.

Welcome to our newest board members  
Denny Kline and Troy Ihkre.

See you in Hutchinson,

*Rick*

## **NOTICE**

**Anyone wishing to run for  
an elected office of the  
ADRC must have their  
resume sent in to the  
Secretary by May 1st.**

(Contact Barb Kline for information)

**Offices being elected this year:  
Vice-President  
1 Director from each district**

## Secretary - Treasurer's Report *Barb Kline*

I hope everyone has been surviving the winter and are looking forward to the 2009 National Dutch Show to be held this year in Hutchinson, Kansas. Dennis and I are looking forward to the trip to Kansas. Our daughter Megan had just begun showing Dutch rabbits the last time the Nationals were held in Hutchinson so we did not make that trip. We will be traveling with Phil and Sara Lape. We purchased an enclosed trailer last year so we will be loading the rabbits in the back of the truck and all the equipment and suitcases in the trailer and heading out.

The ADRC currently has 920 members with 595 of those being adult members and 325 being youth members. Of the 595 adult members, 271 are single members, 114 are part of a husband/wife membership, 142 are part of a family membership and 68 are lifetime members. Of the 325 youth members, 168 are part of a family membership and 157 are youth members. In 2008, the ADRC had 187 new members join the club. In 2007, the ADRC had 295 new members join the club but only 189 of those renewed in 2008. That is a 64% retention rate. If you know of a new member, highly encourage them to see the retention rate of the 2008 new members be 100%!

You will notice two new funds listed on the ADRC balance sheet. One is the Best in Show fund and the other is the ARBA Convention awards fund. The Best in Show fund is the \$1000.00 to be awarded if Dutch is the Best in Show winner at the ARBA Convention. The ARBA Convention awards fund is the money collected and used to purchase the awards for the ARBA Convention.

I have been sending members their anniversary pins when they renew their membership. If you have had your 5, 10, 15, 20 etc. anniversary and did not receive your anniversary pin, please let me know so that I can get one out in the mail to you.

If anyone ever has any question or concern regarding their membership or any item on the financial statement, please do not hesitate to contact me. I hope to see everyone in Kansas at the 2009 National Dutch Show!

*Barb*

If anyone is missing any of your  
membership 5 yr anniversary pins contact me.

*Barb*

# Director's Report

District One

*Al Gerhart*

We are less than one week away from our first show of 2009 here in Ohio, February 1st is the Lima, Ohio show and our second show is 2 weeks later in Bowling Green, Ohio. As I walk thru our rabbit barn I can't help but notice that we have more young Jr Bucks than young Jr Does. And to me it seems like this has been the case year after year after year for the first couple of shows in the new year.

So the Wildlife Biologist in me decided to do a little research project to see if more bucks are born in our rabbitry at certain times of the year. To prove or dis-prove that we have more bucks born in the fall than any other time of the year.

What I did was record the birth dates of the Bucks and Does we had tattooed over the past 10 years and document what season of the year that they were born (not when they were conceived). I broke it up into 4 categories Spring, Summer, Fall, and Winter. As I went thru the archives of the past 10 years I only did a partial sample (to save time) by recording only every 5th Buck and every 5th Doe that we had tattooed or 20% of all the rabbits that we tattooed. This included all of the varieties except chocolate the only variety that we don't raise.

This is what I found. First not many Dutch were born in the summer months. (July- Sept) this is because we don't breed many does this time of year (too hot). So I threw out all that data and did not include the Summer months in my study.

The following are my findings for the other 3 seasons of the year:

37% of the Bucks were born in the Fall, (October - December) Compared to 32% of the Does.

29% of Bucks were born in the winter months (January - March) compared to 37% of Does.

And 34% of the Bucks were born in the Spring (April- June) along with 31% of Does.

In my conclusions I was right. We do have more Bucks born in the Fall in our barn year after year. The majority of Does are born in the Winter with the Spring not having much difference between the two sexes. It makes me wonder if any other breeders have seen this sort of trend over the years, if so I would like to hear your thoughts.

I think this is probably due to the environmental conditions in our rabbitry or maybe weather related to this part of Ohio. I am sure if this study was done in a different part of the country the outcome would be different. I guess I will continue to show those Jr. Bucks in the February shows. And look forward

You Can't Beat The Dutch

to showing those Jr Does in May (those are the does that are still in the nest box).

I can't wait to see everyone in Kansas. Have a safe trip.

# Director's Report

District One

*Billy Bounds*

As I write this report on February 1st, today on the Eastern Shore of Maryland, the temperature is in the 50's. Today seems like summer compared to the temperatures we have been having the last month, but watching the weather map, we have had no winter compared to the upper northeast and midwest.

I'm lucky to have a heated rabbitry for my breed does and have been fortunate that my does have been easy to get bred this winter. The only problem that I have encountered this winter is that I have had a few does that their milk dries up about a week after the kits are born. Luckily, I have been able to catch this and pool the good marked babies over to another doe.

The first show of this year for this area will be the PA State Rabbit Breeder's convention held each year in Lebanon, PA. This is a large two-day show with a lot of the northeast breeders attending. PA State RBA hosts a show each day and the Chesapeake Dutch Club hosts the second show each day giving us four shows total.

The Officers and Directors have been conducting routine business during the winter on-line. This seems to be working rather well and takes care of business in a timely fashion. As a Director, we hear from Sue regularly.

Everyone should have received their ballot or proposed standard changes and, hopefully, have returned them. Also Rick Lehmann's Hall of Fame committee has finalized the new rules and application. Nominees will again be accepted for this honor again next year.

Spring is around the corner and the 80th annual National Dutch Show will be held in Hutchinson, KS. The date is April 24-26, 2009.

Hope to see you at the spring shows.

# Director's Report

District One

*Dennis Kline*

First I would like to say that I am proud to be a Director of the ADRC and serving District 1. I have some big shoes to fill of the man I am replacing, Ray Brewer. Ray has done a wonderful job in representing the Dutch club and District 1. Ray has judged the Dutch at ARBA Convention and been a wise friend who shared his knowledge and insight to help make the Dutch what they are today. I say "Thanks" and I hope I will do the job as well as Ray has.

A lot of you know me but for those that don't, my name is Dennis Kline and my wife is Barb who is currently the secretary/treasurer of the ADRC. My daughter, Megan, is the one who got us all started in rabbits and that is why our rabbitry is called "Megan's Dutch Hutch" Now she is grown up and living in Arizona where she is seeking her career in Nuclear Medicine Technology.

I myself have lived in the little town of New Riegel, Ohio all my life. I was raised on a farm and Checkered Giant were the first breed of rabbits that I raised. Later I switched to New Zealand. When Megan wanted to start raising rabbits she chose Dutch. At the time I thought she was crazy because everyone said how hard it was to raise them. After looking back though, I see it was the best choice. Not only the fun and challenge of raising them but the people are great! We have made many friends over the years and hope to make many more.

Well the 2009 NDS in Kansas will be here soon. I hope everyone can go because I am sure they will but on a great show. Remember, they can use everyone's help in making it a great show. Whether you help writing the remark cards, running rabbits back to their cage or helping behind the table, please volunteer to help out.

In closing, I would like to say I am going to do my best as a Director and be available to anyone with questions or concerns with the ADRC.

*Dennis*

Spring is not the best of seasons.  
Cold and flu are two good reasons;  
wind and rain and other sorrow,  
warm today and cold tomorrow.

# Director's Report

District Two

*Dan Schwandt*

**I**t seems all we hear is that this is the time for hope and change. We have had a lot of change here in the Schwandt household. We finally got to meet our daughter Delainey Olivia on November 18th. She was 6 pounds 6 ounces, 20 inches long at birth but had doubled in size since then. Theresa and Delainey are both doing fine although mom would like more sleep at night.

In the last issue of the Dutch Reporter, Sue asked us how important it is to have the show reports in the DR. I feel it is very important, for this is the only way some have to check on the results. I wonder where the show reports are in some issues, but then the next DR arrives and it is one third full of show reports. From time to time I like to go back and look to see who and how many Dutch were shown at a particular show. Having the results on the website is nice but only in addition to the DR. I understand that it may take up extra pages in each issue but it's a service we must continue.

Why are we not giving clubs free sanctions if they have no Dutch shown or have to cancel their show? I don't think that we are in any kind of financial trouble where we have to stick it to a club who is already burdened by increasing rates of building rental, judges fees, etc. I know last year up here we had several shows last February with temperatures below zero who had very few rabbits show up and one club that had to cancel. They probably lost money or barely broke even and now we are going to charge them to sanction Dutch again not to mention at an increased rate for 2009. I don't see how this is going to help promote our breed. Since becoming a board member I hear how people compare us to other breed clubs, the Tan, Californian, Mini Rex, Mini Lop, Flemish Giant, Lilac, Satin, English Spot and several other National Breed Clubs make the next sanction free if none are shown then why can't we. We have increased what we pay the secretary, sweepstakes and publicity these last few months, so we must have extra money.

You should have received your ballots for changes to the next ARBA Standard of Perfection. I hope you took your time to carefully evaluate the recommendations of the Standard Committee and made your selections. I must say for me, most were an easy "yes or no", but there were a handful I had to think about a while. Thank you to the Standards Committee for your time and efforts and to Karen & Darrell Gates for counting the ballots.

Before becoming a director, I often wondered what was being debated by the Board during their meetings. Would there be any interest to have current topics that the Board will be discussing posted on the website for members to view and make

their ideas and opinions known to their directors. Us directors are here to represent you, the members.

A few years ago we started a new system for picking BOB and BOS at national shows in which judges pick their first, second and third choices for best. 7,3, and 1 point(s) are awarded for each placing. When we started this system we were told this is the same system used by the Satin club. After reading the Satin News I see that they give out 6,3, and 1 point(s). It's similar but someday that one point may make a big difference to someone... Just something to think about.

By now you have all your prospects for NDS and you are watching to see how they develop. Continue to work those does so you always have Dutch to put on the table. The best way to promote Dutch is to always be showing Dutch.

As 2009 seems to be a year for hope and change. I hope as a member you have read this and will give some thought to these and other topics where you would like to see some change.

*Dan*

# Director's Report

District Two

*Warren Wiltman*

**H**ope everyone is surviving the winter and everyone is doing well. In my area this is a winter to remember. For November and December we had record snowfall and below normal temperatures. But hey, things are looking up. In January we didn't have all that much snow, just the temperatures still averaged below normal. Where the hell is that global warming when you really need it?

In the near future I will be working on a new project with Julie Hume, that being, adding a new feature to the Dutch web site. The plan is to give some brief history on the new colors of Dutch being worked on with some of the comments I've received from the Standards Committee. There would also be an area where you can add your comments for others to read. This venture should help educate us all on the possibilities of these new varieties. After all, at some point we will need to make a decision whether or not we will add these colors to the Standard of Perfection.

Hope to see you all in Kansas!

*Warren*

## Director's Report

District Two

*Richard Gehr*

With this issue of the DR a new year begins. Hopefully we will see a turn around in the nations economy, and the rabbit shows will not suffer. In many cases, the shows are our only connection with friends we have come to know through this hobby. I know I look forward to seeing people I have met over the years at the shows, and I hope you all look forward to that also.

I will be unable to attend the NDS in Hutchison this year, but I am sure Bob, Rick, Nancy, and the rest of their crew will offer those in attendance one of the best shows ever. The members of the Kansas Dutch Rabbit Club have enough experience to offer a show which is very well organized and executed, they have a nice facility in which to hold the show, and I am sure they will have some outstanding memories for each person that has the opportunity to attend. I will be thinking of all my Dutch friends that weekend even though I am unable to be with you.

I look forward to a bright future for the ADRC. The Board meeting held in Louisville was excellent (although very long). There was a lot of business for the Board to address, and Sue did a terrific job of keeping things moving along. Each Director had good input on all topics, and I feel much was accomplished. Due to the amount of things covered, and the many resolutions to situations that we did accomplish, I feel future meetings will not have near the agenda or required time, thus your Board members should be able to spend more time throughout the showroom on Friday afternoon and evening. Look for us, and if you have any questions or concerns, please feel free to approach us.

Anyone is welcome to contact a Board member throughout the entire year with questions and concerns, and always has been for the 30+ years I have been a member of the ADRC. Please don't feel you have to wait for the Officers and Directors to tell you what is going on within the club. Remember that we are elected by the membership, and represent YOU while we hold the positions. YOUR input is essential for the betterment and operations of the club, and we encourage you to offer suggestions for the benefit of the ADRC's future.

It has been a very cold winter this year compared to the past few. I know litters here were limited, and I wonder if that is par throughout the country. Hopefully everyone will have a few juniors for the Spring shows, and had successful breedings over the past couple of months for those NDS hopefuls.

Enjoy Kansas.

*Dick*

## Director's Report

District Three

*Rick Lehmann*

Will spring ever arrive? It's another very cold day here in District 3 (Kansas City). This has been a very odd winter weather wise. A few days ago it was 68 degrees, then, within 12 hours, it dropped to 5 degrees. It's difficult for the rabbits as well as the breeder.

Personally, I have had a terrible case of Muccoid Enteritis strike the herd. To this date, I have lost 71 Dutch and another two litters (14 bunnies) to the cold snap. To say I am "Bummed out" would be an understatement. OK, enough whining—it's a new year and spring always means a new beginning and new life so I anticipate it with great excitement.

The National Dutch show in Hutchinson, KS. (April 24- 26, 2009) is coming together nicely with some great people putting much time and love into making sure everyone who attends will leave with wonderful memories.

Mr. Gary Clark and I have put together some unique Friday night **Fun Classes** I think all who attend will want to participate. So, get there early! And speaking of Friday night, the Kansas Hosts have a special and delicious twist on the "wine and cheese" party that evening. Join us for a **free dinner** --- A catered Bar-B-Que compliments of The Kansas Dutch Club and our good friends from Manna Pro Feed Co. So, like I said, make your travel plans to arrive early and don't forget to thank our sponsors for their kindness.

Also, the Kansas Dutch Club are still in need of sponsors for the Dutch awards. If you are interested in helping out, just go to the Dutch website and follow the NDS link to "Awards" and help out.

Till then, I wish you happiness and much Good Luck in your future shows.

# Director's Report

District Three

*Jill Pfaff*

**H**appy New Year Fellow Dutch Fanciers ! The pictures I sent for the last edition of the Dutch Reporter gave names of the great group of Dutch enthusiasts that helped to create the cute racing Dutch wooden bunnies used in the ARBA booth decorations. Each one of those racing Dutch has special character from the person who helped create it. I want to give a special thanks to the special people who spent a Sunday afternoon helping me paint 14 wooden bunnies into racing Dutch ! Even though we were unable to make the trip to Kentucky we were happy to contribute to the ARBA Convention. It is becoming even more expensive to make the trip to National shows, which limits many of us on the West Coast from making the trip.

We are hoping to get a caravan of Dutch together NDS in Kansas and ARBA Convention in San Diego- both are two day drives for all of us in Oregon.

The average Dutch shown in 2008 were 50-100 entries. I was not able to attend the Grants Pass, Oregon show last September but have news, Gene Knieling dominated the double show with a Gray Doe winning BOB in both shows and received an honorable mention for BIS which is a really big deal around here as Dutch are rarely picked for Best In Show in this area.

Surprisingly not only a Dutch but a beautiful Tort doe won BOB and RIS at the Central Oregon RBA show in Redmond, Oregon in mid-September under judges Tom Keys & Cliff Dick. On a side note we don't have many Youth shows in Oregon so the kids have to show in Open and many are in 4-H and show at County fairs. This rabbit is owned by a 4-Her Madison Yang and also won BIS 4-H at Benton County Fair which is usually dominated by Mini Rex, Holland Lops & Netherland Dwarfs. Len Harold has been showing some very pretty little Blue jrs taking BOB & BOS wins at the Crescent City, CA at the Labor Day weekend show which included 3 shows on Saturday and 2 shows on Sunday. Ronda Huff also has a hot little Tort doe tearing up the tables.

RIS Tort Doe  
RJ's Carmel

Our big Fall Warren Show was November 21 & 22, 2008 in Albany, Oregon. Gene Knieling won the Triple Crown trophy for the weekend with different animals. On Friday night we had a Western States Dutch Fanciers Specialty show with 96 entries judged by Doug Sprague, WA. BOB was a sweet Steel Jr Doe raised by Gene Knieling. BOS went to 4-Her Katie Kimmel and her Black Jr Buck. Best Fur was also won by Katie Kimmel's Black buck. Fun classes included Typiest Type (DQ's don't count, judged on Type only) winner over all went to Hilary Wittrock and Best Head went our Blue Steel buck "Guess" & Best Hindquarters was awarded to Len Harold's Blue buck EJ nickname for HRR's Earless Joe. Best Sire & Offspring honors went to Katie Kimmel's Black bucks.

Katie Kimmel & Sugarfoot

On Saturday was the Tri-County RBA double open show. Show A was judged by Briony Barnes, KS. Both winners were raised by Gene Knieling BOB was a Gray Sr Doe and BOS was a Blue Jr buck. Show B was judged by Cathy Szychulda, CA both winners again belonged to Gene Knieling, BOB -Steel Sr. Doe and BOS Tort Jr Buck.

We just had our first show of the new year on January 31<sup>st</sup> in St. Helens, Oregon with breeders from Oregon & Washington and 65 Dutch entries, we enjoyed praise from judged Allen Mesick, CA on the high quality of our animals. BOB & BOS were both won by Gene Knieling in the morning show and our Dutch friends Jeff & Terisa Silbernagel won Reserve in Show with their Black Checkered Giant. Show B was judged by George Germaine, WA. BOB winner was the Silbernagel's with a pretty Gray Sr doe and BOS was Gene Knieling's cute Blue Jr Buck. Other breeders present were Ronda Huff, OR & Jean Harris, WA with Tort winners and Pete Nelsen, WA sent a few entries too.

The Western States Dutch Fanciers are planning a double Dutch Specialty on March 28<sup>th</sup> with Briony Barnes coming from Kansas as one of the judges. Speaking of Kansas I am very excited about the trip to NDS and busy making plans to drive out. Looks like 1700 miles and some really big mountains, I'm estimating we can drive 700 miles a day and will take 2-3 days each way. So far our plans are to drive our van and Ronda Huff will be coming with us, bringing as many rabbits as possible. Gene Knieling is planning to fly out as long as his wife Debbie continues to recover from her kidney transplant which was on December 1<sup>st</sup>, 2008. I don't know of any one else planning to make the trip from Oregon at this time. Other news from December 2008, Anthony Campbell finished his Bachelor Degree in Animal Science at Oregon State University and moved back to Arizona. We really miss him already and hope he can make it to NDS so we can visit. Looking forward to seeing old friends and making new ones this year. Hope everyone has lots of nice ones !

Sincerely yours in Dutch,

*Jill*

# Director's Report

District Three

*Troy Ihrke*

**T**hank you to all who voted for me. And Hello to the fellow Dutch breeders who did not. I will do what I said by representing you. I will keep your interests before my own. I am only an e-mail or phone call away for any of your opinions or questions.

I have been working on a little project here. While my "better" half is working on the chins, I have been working with Havana's and breeding them into my chocolates. It has been very successful so far. They have helped on type and of coarse color. WOW, the color is intense! The draw back has been the fur structure. The Havana has a little long fur shaft. But the luster is incredible along with the density.

Here in California, the show season has been a little slow, but by the time you read this it will be in full swing. In the last year there have been more and more new youth at the shows. I would like to thank DR. Scott Williamson for this. Open members have not gone up or down. I really want to make it over to the Arizona area either showing, judging or both, and to finally meet the Arizona group.

Keep breeding those does and come out to Kansas for an excellent NDS and to San Diego for an unforgettable convention. Jill wrote an article this quarter that might help you with your traveling/flying with rabbits. Please read it and hope to see you there.

*Troy*

# Youth Scholarship Committee

by Sharon Mixdorf

**A**s head of the Youth Scholarship committee, I would like to thank everyone for being so generous in supporting the fundraiser at the ARBA convention, last fall. We sold many tickets for the GPS unit and the Camcorder, donated by members Sue Hill and Rick and Julie Billups.

We plan to have another fundraiser at the NDS in Hutchinson, KS, in April, but we will need a donation of something to raffle off. If anyone is willing to donate an item or items, please let me, Steve Patton, Brenda Reau or Warren Wiltman know about it. You may also talk to Sue Hill or Barb Kline about it and they will pass that information to me.

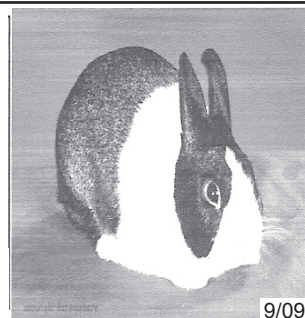

The deadline for applying for a scholarship is March 15. Hopefully you are reading this before that date, if you plan to apply for this year. Applications must be postmarked by that date and they get sent to secretary Barb Kline.

### ADRC Publicity Financial Report

Income and Expenses  
8/8/2008 Through 1/09/2009

#### INCOME

8/8/2008 Account Opened (Funded by Todd)	\$500.00
9/15 Check from ADRC (from old account)	\$1,740.18
10/31 Raffle proceeds (ARBA Convention)	\$601.00
10/31 Publicity Sales (ARBA Convention)	\$1,641.00
10/10 Membership % from ADRC	\$60.50
10/24 Membership % from ADRC	\$43.75
Web site sales	\$95.90
<b>Total Income</b>	<b><u>\$4,682.33</u></b>

#### EXPENSES

10/31 Reimbursement for Van Rental	\$130.00
Committee payment for Convention	\$200.00
Reimbursement of funds for account opening (Paid to Todd Uran)	\$500.00
ARBA booth rental (Paid to ADRC)	\$470.00
New items	\$425.34
Screen printing /embroidery	\$162.79
Display shelves for booth (Paid to Sue Hill)	\$50.00
<b>Total Expenses</b>	<b><u>\$1,938.13</u></b>
<b>INCOME LESS EXPENSES</b>	<b><u>\$2,744.20</u></b>
<b>Checking account as of 1/9/2009</b>	<b><u>\$2,744.20</u></b>

### Publicity Committee

by Todd Uran

Well with one year under our belts Dan and I have learned a lot about running the publicity department. Over all I think our first year went very well. You will see in the financial reports that we made a profit of around \$500 for the year thanks in large part to the convention raffle. I think as we fine tune things we should be able to increase that and the publicity department should become a completely self funded entity in the next year or so.

You will notice that there are only a few items in the online store. Because we do not have every item in every size and color it became very difficult to manage orders from the web site. In most cases people were not happy with the process because they thought they could order exactly what they wanted and we should have it. I have said it before we are not Wal-Mart. In order to keep cost down we buy most items when they are on sale and in limited numbers of each. This allows us to keep new items and to keep the cost down. When you add on embroidery or screening cost items can get pretty pricy pretty quickly. The other thing to keep in mind is that Dan and I both have full time jobs. We have had a couple of people call complaining that they sent an email order the day before and had not heard back. We get to the publicity stuff as quickly as we can but again we are not walmart.com so please keep that in mind when ordering items.

We are in the process of getting new items for NDS this year. We have listened to what you have told us and will have a wide range of sizes to choose from. Dan and I will not be going to California in the fall and we are currently looking for a west coast member to work with on getting the publicity items sent to so that our west coast members can have a chance to pick up some great new publicity items. If you are going to the convention and would be interested in helping out let us know.

*Todd & Dan*

You Can't Beat The Dutch

# History Committee

by Rick Billups

Did you ever wonder how the Sellers Class was started? How about who started it and when? I thought my first article would be one to answer this question. While making copies of the Dutch Reporters I uncovered the following information, let's follow the time line.

Minutes from the 1956 ARBA Convention in St. Paul, Minnesota - published in the July 1957 Dutch Reporter

New business - After some discussion, Mr. Shufflebotham introduced the idea of a "Selling Class" at the National Dutch Show. To be a no entry fee - all stock to be sold via auction, with a 25% of sales price going to the donor; class to be judged like regular class of Dutch.

Mr. Lowit moved that the ADRC originate a "Sellers Class" for the National Dutch Show, with a trophy given for the Best in this class, with stock to be sold, and 25% of sales price going to the donor. Supported by Mr. Bickley. Motion carried.

Rules to Govern "Sellers Class"- published in the August 1957 Dutch Reporter, written by J.C. Lewit

After a tremendous amount of correspondence with many interested parties in this "Sellers Class", we have come up with a set of rules, we believe, that are as good as we can make without having experience of several shows.

The following rules will be written in the Little Rock Convention catalog, and you will note to make it worthwhile, the Dutch Club has put up \$30.00 in cash from first to fifth place.

This class is another first for the American Dutch Rabbit Club, and I feel certain that it will be copied by other clubs as of time goes on. At last years Convention your Ways and Means Committee came up with many ideas how to increase the size of the Treasury in the Club, and we are most happy to know that the first idea of raising the dues passed by a small margin of votes. We realized that this would be close, because no one wants to pay out more money, but I didn't think this slight increase is going to hurt any of us, and will certainly do the Treasury a great deal of good. To those of you or voted against it, I don't blame you a bit, because as I just mentioned, nobody wants to pay out more money, but to those of you that voted for it, our Ways and Means Committee wants to thank you very much, because with your cooperation this is the only way that we can do the job that we were assigned.

Now we ask your cooperation on this "Sellers Class", and we as a committee will appreciate it very much if each of one you breeders that exhibit at the Convention will put up a few of your rabbits to be auctioned off in this "Sellers Class".

In addition to helping the Dutch Club Treasury, there will be many advantages to you as a breeder. You Can't Beat The Dutch

You will receive a great deal of publicity at the auction and later on in the publications. In addition to this, other breeders around the country will have a chance to get a hold of Convention quality stock, thereby giving additional publicity to your herd. Further there is a great possibility that new breeders will be brought into the Dutch Family by getting them started with good stock.

As a last request of your Ways and Means Committee, your cooperation in making this "Sellers Class" a big success will be more than appreciated by all of us. Be seeing you at Little Rock.

American Dutch Club Sellers Class Rules -

1) All entries in this class subject to sale to the highest bidder. Owner to receive 25% of the bid price, Dutch club to receive 75%.

2) No entry fee charged for this class. Rabbits must also be entered in Open competition, upon payment of regular entry fee.

3) Entries to be given to Breed Chairman. Entries accepted until judging time, which will be after completion of open classes.

4) All pedigrees to be turned into the Secretary prior to the time of Auction if possible. All pedigrees and cash specials guaranteed by the ADRC.

5) Senior Judge to judge all Bucks  
Junior Judge to judge all Does

Five to be placed in each class, final placement to be made by both judges working together. First place Buck to be compared to the first place Doe for First of "Sellers Class". Next Best Buck and Doe to be compared for second and so on until five have been placed.

6) Bids to be open to all during entire show. Bidding to be by written bid, giving coop number, ear number, name of bidder and amount of bid. All bids to be dropped into bid box provided by Show Secretary at Dutch Club Booth.

Minimum bid \$5.00

Bids will be closed just prior to judging

7) Auction and final sale will be held at the Annual Meeting of the American Dutch Rabbit Club. The Show Secretary shall determine the highest bid on each rabbit and so advise the auctioneer, bidding minimum \$5.00.

8) Any rules or regulations not provided for in the above to be decided upon by the ADRC Board.

Minutes from the 1957 ADRC Board Meeting held at the 1957 NDS in Oklahoma City, Oklahoma - published in the November 1957 Dutch Reporter

Good of the order: "Sellers Class" discussed by Mr. Shufflebotham, Mr. Dennis, Mr. Brown, Mr. Bickley and Mr. Logan.

A motion by Mr. Bickley that in future National Dutch Shows, sealed bids to be accepted from potential buyers of rabbits in Sellers Class, prior to time of auction start, bids and bidding to start at five dollars (\$5.00). Support by Tom Logan, carried.

Results of the first ADRC Sellers Class at the 1957 ARBA Convention in Little Rock Arkansas

Minutes from the 1958 ADRC Board Meeting held at the 1958 NDS in Wellington, Ohio - published in the 1958 Dutch Reporter

The question of the "Seller's Class" was brought up, and the question as to whether it was a profitable venture or not was raised. The Secretary reported that the income from this venture had been published in the November 1957 Dutch Reporter. The total amount received for the sale of this class at Little Rock had been a hundred and twenty-four dollars, and fifty cents. Mr. Shufflebotham wanted to know why such a profitable venture had not been included in the 1958 National Dutch Show. He was informed by National Dutch Show Secretary, Merle Emery, that inasmuch as no money had been authorized for such a class at this time, it was felt by the show committee that it would have to be left out of the present show.

Minutes from the 1958 ARBA Convention in Springfield, Illinois - published in the November 1958 Dutch Reporter

There was a discussion of the Seller's Class and it was brought out that this matter had been discussed in the board meeting, and that Mr. Lowit had been instructed to re-write the rules. There seemed to be considerable dissatisfaction by the membership in general with the pay-back of only 25% of the selling price to the donor. Several alternative plans were offered. It was felt that the plan was entirely too good a thing to discontinue, but that it did need some alterations. Mr. Lowit was instructed to re-work as per some of the suggestions. He stated that he would do so and send them for publication in the Dutch Reporter giving the membership an opportunity to vote in favor of one of the three alternative plans, 1) that the rabbits be donated outright, with the only return to be the prize money offered. 2) 25% paid to the donor and 75% being retained by the club (which has been the past practice) 3) 50% retained by the club and 50% paid to the donor.

Looks like credit goes to Mr. Shufflebotham for idea of the Seller's Class and Mr. Lowit for laying the foundation for our current Seller's Class.

If you have a question you wish to pose for either the "Ask the Judge" or "Ask the Breeder" columns, just e-mail or mail your question to me. These columns are an avenue where you can ask questions and advice from the professionals in our organization. For the judge's column, you may ask questions such as judging criteria, presentation on the show table, what it takes to become a judge, and proper etiquette as a few examples. For the breeder's column, questions can range from feeding, conditioning, breeding techniques, rabbit care, how to improve your herd, anything that people who have been breeding Dutch rabbits for many years might have suggestions on. If you would like to participate on the panels, just drop me an e-mail and I will add your name to our groups. The questions will be e-mailed and each participant has the option to answer or not. This is the chance to get a lot of viewpoints from across the country!

E-mail your questions to:

[odie@cablespeed.com](mailto:odie@cablespeed.com)

Mailing address is:

Julie Hume

## ASK THE JUDGE

*At the 2008 ARBA Convention, one of the judges commented on the ears of every rabbit. He discussed length, whether they had thin or well furred ears, and if the ears had good or poor carriage. Could you please define what is good and poor ear carriage?*

### From Kevin Hooper:

Good or poor ear carriage. In simplistic terms, good ear carriage matches what is called for in the standard, while poor ear carriage does not match! Ears should be carried upright, not leaning back, nor out to the sides while the rabbit is posing (note I did not say being posed - but that is another issue.) Ears that lean back usually do not have the substance.

Preferably, they should even touch each other when posing.

The ears should also be straight - having no bends in the ears. You might see the bend about half way up the ear.

Ears with good substance and straight may be carried in a "V" when the rabbit is active. I really prefer this look.

## ASK THE BREEDER

*What can you do to prevent sore hocks?*

### From Kevin Hooper:

Sore hock prevention in most breeds  down to the density of the fur on the rabbit. A thick, dense coat will mean the rabbit has thicker fur not only over the body, but also on the foot pads. Thicker foot pads means no sore hocks or rarely having to deal with them.

Short term, if I do get one with sore hocks, I just put a board in the pen for them to sit on, and that usually alleviates the problem. Long term, cull out animals with thin coats and thin foot pads

### From Dennis, Barb & Megan Kline:

Our rabbits have always been on wire bottom cages and we have never had sore hocks. We bred our rabbits to be a heavier boned animal.

### From Julie Hume:

We have not had a problem with sore hocks, but we do put a board about 8" by 5.5" in the cages for the rabbits to sit on. Some of the rabbits like to chew the wood, we just replace them when they get too narrow. The adult rabbits rarely make a mess on the boards, the babies usually do. When the board is messy, it is either power washed to clean or replaced with another board. We usually have a lot of spare wood around.

## Questions for the April/May/June issue.

We would like to see more suggestions, opinions, and views for our breeder's and judge's questions. Therefore, the questions for the upcoming issue are listed below. We welcome any of the members of the American Dutch Rabbit Club to submit an answer to the breeder's question and any judge to submit an answer to the judge's question. Entries must be postmarked by April 24<sup>th</sup> or e-mailed by April 28<sup>th</sup>.

Mail to:

Julie Hume

1396 W Kinsel Hwy

Charlotte MI 49913

e-mail: [odie@cablespeed.com](mailto:odie@cablespeed.com)

**Breeder's question:** *How do you feel about the proposed new varieties? In what ways do you feel the addition of these colors will help or detract from the breed?*

**Judge's question:** *What is the proper way to determine if a rabbit has a tied elbow?*

## Youth Representative

by Nate Graybeal, District 1

Hey guys, I am Nate Graybeal from District 1. As with most of the country we are deep in the grip of winter. But here in Pa. that means it is time for Farm Show. That is the same as most state's State Fair, except we have it inside in the middle of winter. It's fun because we have not seen our friends for several months and it's good to get out and show our rabbits and other project animals. There were almost 800 youth rabbits at the Farm Show this year, with about 90 of them being Dutch (you'll find the show report elsewhere). Dutch continue to be extremely popular here, especially in the youth division. I think the biggest reason for that is the neat kids that show Dutch. The more fun we have, the more kids seem to want to raise Dutch and be part of that fun.

I thought it would be fun for you if I interviewed some of the local youth breeders. Maybe by introducing some of them to you, you might want to come up and talk to us when you see us at shows. This time I was lucky enough to catch up with one of the young but very successful breeders in Pa, Elizabeth Wiltshire. She is a 13 year old who has been raising rabbits for the past 6 years. She raises Dutch and Mini Lops, but she says "the Dutch is the best breed". She started by getting a rabbit at the local SPCA, and now she has 84 rabbits total. She raises 5 of the varieties, Black, Blue, Chocolate, Gray and Steel. Her rabbits are kept in her family's garage. She also raises market hogs on a friend's farm. She also enjoys playing tennis, volleyball and being part of a 4-H club. She enjoys sewing and has a pet dog. But she enjoys showing her rabbits the most. "I like seeing my friends at the shows the most" she says, and she says that leaving her friends at the end of the day is the thing she hates the most.

Elizabeth, we enjoy seeing you too when you are at the shows. If you see Elizabeth at one of the shows (she hopes to get to Kansas this spring), stop and say Hi. You'll be glad you did.

Til next issue.....keep the fun flowing.....

*Nate.*

Elizabeth at Pennsylvania Farm Show

## Youth Representative

by Trevor Marquis, District 2

Hi everyone. It sure has been quite a winter here in Illinois. Hope you all are doing well with your rabbits and gearing up for NDS in Kansas. I haven't heard from anybody so I don't know about any show wins. Our show schedule just started today in Illinois since the first of the year. I am sure everyone is going to be glad to get out and start showing those rabbits after being cooped up.

When you go to the shows do you take a first aid kit with you? There have been several times when I have needed antibiotic ointment, clippers or something. It is a good idea to always try and carry some supplies with you. Here is a list of some items that I have found you might need:

- |                       |               |
|-----------------------|---------------|
| Antibiotic ointment   | Nail clippers |
| Wire cutters/pliers   | Spray bottles |
| Wash cloth            | Band Aids     |
| Anti-bacterial lotion | Baby wipes    |

I am sure there are many more items you can carry but these are just a few that I have in my basket. You can look online at [www.rabbitnutrition.com](http://www.rabbitnutrition.com) for a complete list. Hope you all have a great show season and I will be seeing you in Kansas.

Dutch Rule!

*Trevor*

## Youth Representative

by Autumn Dennistoun, District 3

Hey Everyone! Here in Western Washington youth Dutch show entry numbers are extremely down. At one of the last open shows, there were only 2 youth Dutch entered.

In October, I again had the pleasure of entering and competing at the A.R.B.A. national convention and this year the convention was held in lovely Louisville, Kentucky. Youth Dutch breeders from District 3 did very well in the youth events as Garret Todd of Yelm, WA placed 1<sup>st</sup> runner up in the Prince category and myself being crowned the A.R.B.A. Duchess. Good job to all who competed and thank you to everyone who helped with these fun events!

Hope to see you in San Diego!

*Autumn*

(Photo of Autumn on page 11)

## Reflections by John Graybeal

**J**ust finished a long cold day of outside chores. As often happens after days like today, I find myself deep in thought, sitting in my reclining chair. It comes to my mind "Why are you raising show rabbits." I hope this is something that each of us has thought about many times. Raising show rabbits generally is not a profitable business and it certain is hard work especially during winters like this. So, why raise rabbits, especially why raise fancy show rabbits? It's expensive, time consuming and has very little return on the dollar spent.

First, let me tell you have been raising show rabbits for almost 45 years. I started raising and showing rabbits when I was 6 years old. As I recall I got involved because it was something my family did, dad raised Rex and was a rabbit judge. So traveling to rabbit shows was just something we did. I never gave it another thought. But now, I am almost 51 years old, Dad has past on and I am responsible for my own family. So, why do I go through all this work and these expenses now?

I see a lot of people showing rabbits that seem to have an extremely competitive nature. It seems almost as if they "have to win at all costs". Is that why I show rabbits? I hope not, because we don't win that much. If it was all about wining, we would have had to quit a long time ago. I wonder what happens to those people that have to win at all costs, they seem to disappear after a few years. Did they really enjoy raising rabbits? I wonder.

I guess there are a few reasons why I enjoy raising rabbits. On reflecting deeply, I think the thing I enjoy the most is the life long friendships that I have developed through the rabbit hobby. I can honestly say, I have friends spread all around the country. I truly value those friendships. I recall the first time I had to travel to Rochester Mn on a business trip. I knew somebody that lived near there, so I called him one evening while I was away on the trip. I just wanted to chat. While that dear friend (Erik B.) actually invited me out to dinner and spent the evening entertaining me. He did not have to do that, but that's what a friend does. Erik, I'll never forget those dinners together. That is just one example. But, on a long cold winter night, reflecting on memories like that seem to warm the sole.

I think another reason I enjoy raising rabbits, is the life experiences that I can share with my children. Nate is the youngest, but all of the children have enjoyed the rabbit hobby. I reflect on the times we shared together as a family. I remember the time the boys and I decided to spend Thanksgiving weekend driving to the Ohio Dutch show (about 8 ½ hours one way). Nate, Zach and I made the trip and we planned on making it all in one day without staying over night. I remember getting part way home and being too sleepy to keep driving. Zach had his driver's license but had never been on these roads and had no idea where to go. Never-the-less,

Zach made up his mind to give it a try. With Nate as his co-pilot, I laid down in the back of the truck. The joy of this memory, is as I recall, was waking up 4 hours later, with Nate and Zach singing and joking as they were heading down the highway. We were almost home. What a neat bonding time for the two brothers.

Don't get me wrong, I enjoy the rabbits, the shows and I enjoy trying to reach that ultimate goal of raising a really good Dutch. But for me, I can honestly say it's more about the friendships and the memories than anything else. I hope it is that way for you too. If you have never reflected on why you raise rabbits, I would suggest you do it. You might just learn something about yourself.

# 2009 National Dutch Show

**G**reetings from Kansas. Hope everyone has made their plans for the 2009 NDS.

The Kansas Dutch Rabbit Club has been busy finalizing plans for the show. And we look forward to seeing everyone.

If you haven't sponsored your special award there is still time. May miss the catalog but will still get named on the web site.

We have a special BBQ planned for Friday night starting at 5:00 until 7:00 unless the food runs out before in the Show room. The best part about this is that it is FREE to the exhibitors. Manna Pro is providing this for our great Dutch Breeders. So be sure and thank them for this special treat.

The Fun Class committee has come up with a couple of classes for all. They are the Future Champion Class - for any Dutch rabbit 4 months or younger - not being shown in the regular NDS. Best Hindquarters Class- May or may not be entered in regular show, must have Dutch markings, but may have marking faults or DQ's. Have also planned a Ladies Night Class. These contests all cost \$3.00 per entry and may be entered after you get to the show. Those rabbits not entered in the regular show will be housed in the Sale section without additional charge to you.

The Youth Royalty information will soon be available and will be in the catalog and on the web site. Catalogs are set to be sent out the first part of March.

Watch the web site for any updates or changes. Hope to see everyone in April in Kansas.

# Breeding Issues

By Kevin Hooper

Hope some of you are having better luck with your litters than I! I raised one out of my first eight litters once December hit, and have only been running about fifty percent survival since then. Seems the does will build a great nest, and then not set foot in it to feed the young. It is not due to them being first litter does or bad mothers as these are all proven does that have been good mothers in the past.

I resorted to enclosing two of my stalls on the east side of the barn. My rabbits are under a 159 year old bank barn. The west side is one long open area that is 14' x '56. Then there is a raised center area the same size. This is where they used to keep all of their feed and they would hay the stock from center of the barn. The east side has six stalls about 7 x 9" and one that is 14' x 14'. After having the issues with loosing that many litters in December, it got me thinking, what have I done that was the most successful in the past? That answer was having an enclosed heated nursery. That is what I used at our old place. It was heated to about 38 degrees, but there was no wind and the temperature was constant.

Then the dilemma of how to get an enclosure built in the few days before my next batch of does were due? I have the space for an enclosed nursery on the main floor of the barn. This would be just up the stairs from the bottom floor where the rabbits are (yes, the barn has a set of stairs!) This can be done, but there needs to be a bit if repair to that section of floor, and there is the cost of building and insulating a room.

So, I decided to go the shanty route. I bought six sheets of foam insulation and enclosed two of the stalls. Using the insulation in combination with some heavy tarps, I am able to keep each stall well above freezing with a few heat lamps. The lamps are only providing indirect heat to the nest boxes, but at least I have some live litters!

I recently won Best Opp Dutch at the fall Ohio State Dutch show. This is the same black buck who was Best Dutch at the '06 NDS, and Best opp at the '07 NDS. He never has been the most prolific breeding buck with a lower conception rate and small litters. I believe the largest litter I ever had out of him was five, with most being three or four.

I had not been able to get anything bred to him since last winter, even though I would breed and breed to him. So, I quit using him. I was talking to Scott Williamson in Louisville this fall, and Scott said I should do what they do to get their old boars in production again. He said since I had the bucks' sperm checked and there were sperm present, but they had no motility, he was still producing sperm, but something was killing them. He said it was probably a gram negative bacteria, and I should use Batril injected sub-q for three days. I did this. I then expected that even if it did work, I would have to flush out the bad sperm with a few breedings?

You Can't Beat The Dutch

I had two does I was holding to breed to him. I bred one doe to him two days apart, with the other doe bred on the off days. The first doe bred the first time, only three days after his last injection! She has a litter of five. The other doe did not conceive the first two times, but did breed two weeks later and has a litter with seven babies. Once I saw does were conceiving when bred to him, I started breeding others. I now have another litter of seven out of him, with other does bred.

I have had other bucks in the last few years which I could not get any litters from, and those were culled. Makes you wonder what could have been had they been given the Batril as well? I may start doing this on my bucks once a year? Sue Hill did caution that the site where the injection was made would have a reaction and a cyst may form. This did not happen for me.

So, if you have a buck which you can't seem to get any does bred to, try the three injections of Batril, sub q, three days straight!

## Winners Circle

A new feature on the ADRC website giving recognition to Dutch winners. Rules as follows:

- Owner must be a current member of ADRC
  - Rabbit is to have won a Best in Show, Best Group, Best 4 Class, or Best of Breed or Best Opposite Sex at either the ARBA Convention or ADRC Nationals
- Please send a photograph; it can be of just the rabbit, the owner, judge, and rabbit, or the owner, rabbit, and award. Also send the following information:
- Owner's name and city/state you reside in
  - Ear number of the rabbit (and name if the rabbit has one)
  - Name, location, and date of the show the award was won
  - Judge's name

You may e-mail the information at [odie@cablespeed.com](mailto:odie@cablespeed.com) or you may snail mail to:

## Chocolate Dutch Creating my own line

By Kevin Hooper

We have made great strides in improving our Dutch in the last couple of decades. I can say this is true for most colors. The one color which is lagging behind - the chocolates! There are still some good chocs, but not many. When there are not many that have the desirable traits we look for, it makes it hard to improve what we have. As a good friend of mine says, "garbage in, garbage out". The traits I look for in chocs is no different than what I look for in blacks, or any other color - bone, depth, color, coat and that nice thick ear and hide.

Sometime last year I wrote of what I was doing to improve my Chocolates. That process is on-going, but slow. Here is an update of what I'm trying.

I told you what I was looking for, but I have not been able to find that in any available chocs I have seen. So, I decided to use my old black herd buck. He has all of the desirable traits I want in my chocs, except for the gene to produce chocolate color. I have kept two black does from crosses of the black buck to my choc does. I would have had more, but I borrowed a choc buck I had sold a year earlier thinking maybe he would work. Well, back to using my blacks! The key to improving any color, is having the tools to use. I have only one choc buck of breeding age, and have not been able to get him to breed. So, black does carrying choc are only useful if you have a desirable choc buck to breed with! So, another choc buck has been lined up to borrow.

My choc does are being bred to the old herd buck and the '06 NDS winner. Out of these, I will get all blacks. Those blacks will then be either bred together, which will give me a 25% chance of getting chocs, or to a desirable choc I might discover. Any black bucks saved from these will be taken to my choc does, which will give me a 50% chance of choc babies.

The key to this is having the choc babies come out carrying the traits of the original blacks; thick, well furred ears, dark chocolate color, dark brown eyes, and very good structure, bone and flesh. Once these features can be transferred to my chocs, I will have what I believe the chocs should have, and it will be my own line of chocs.

I have been trying to recall the last time a choc has won at the ARBA Convention or the National Dutch Show. A choc won the ARBA Convention in 1977, and was Best Opp in 1983. . The only National Dutch show win I can recall is 1985 when Reggie and Kevin Shull won with a Choc Sr Buck! So, three wins in 30 years or so? There have been some which came close. Ricky Woods' buck in '06 and Ken Emersons' doe in '91. My goal is to win one of our big shows with a choc. Once a choc wins, more breeders will want chocs and that variety will surge like our grays have done in the last ten to fifteen years. Then, if we can improve the quality of the chocs, our breed will be that much stonger!

## The other side of .... Skin color

by Troy Ihrke

Is a flesh spot/freckle a spot? That seems to be the golden question. We need to examine in detail both sides before making a decision. No matter which side you are on, you need to remember that we are here to promote healthy quality rabbits every way possible. Even if that means that you might not like it. I personally argue for the backyard breeders because that is where I began my rabbit habit. So, let's start by reviewing the facts:

- Spots, how does the Standard of Perfection (SoP) define it? On page 26 it says, "Foreign colored spots in any animal. White spots in a colored animal. Colored spots in a white animal." Did you notice that it does NOT say, "colored spots on pink skin?" All this is all talking about is just fur, hair or wool. Basically just the very exterior of the rabbit.

- Skin color in the SoP, what page is that on? Please call me and tell me the page number because I can not find it. Color is defined from Tip TO the skin. Therefore, you could have any colored skin, like green, blue, yellow with purple poke-a-dots and its fine. You may be asking, why is this? I believe the "founding fathers" left skin color out on purpose. One reason could be that, you can not see all the skin unless you spend at least 30 minutes on one rabbit. A second reason could be that, freckles naturally occur. Thirdly, they can be found anywhere on a rabbit you just have to look.

- If you can not find skin color in the SoP how can they be foreign? I have no idea. Some say that freckles are foreign, just wondering how they reached that idea.

- Nature vs. nurture (environment)? Some people think that they are hereditary (nature). Did you know that skin cells will change in light? A skin cell can stay the same color, discolor like a freckle, turn red as in a burn, or even turn cancerous. Rabbits like all mammals do this. Look at people who develop freckles with increase light exposure. Cows with white/pink skin around the eyes are more likely to develop skin cancer. A pink pig left outside too long will turn to a red pig. So do you still think its nature? To me it sounds more like nurture, the surroundings or habitat it lives in.

- Big breeders vs. the small backyard breeders. Big breeders have enclosed buildings and are able to control the environment (light). The small backyard breeders use hutches, lean-to and pole barns, which are open to the light. Therefore, they are not able to control the environment (light). If it depends where you raise your rabbits

then how is that a fair DQ? Everyone should be on the same playing field, don't you think?

Your opinion might not have changed. You might now see the other side through. Judges, I hope you will see freckles as what they are now, "NOTHING!" For judges who DQ for freckles, I hope this article has opened your eyes. What you do on your table is up to you, but don't be surprised if an exhibitor protests. I am not advising anyone to protest, but protesting is the simplest form of "checks and balances" our club has. Until the SoP defines the entire skin color of an animal how can you DQ for it.

Thanks for your time

## Flying with rabbits

by Troy Ihrke

With the ARBA convention being in California this year, Dutch breeders on the West Coast are excited about being able to drive to convention. Most times West Coast breeders have to fly to NDS and ARBA conventions. For us, it has become second nature, but for breeders in the Mid West who have never flown with rabbits before it is a scary thought. It is not as difficult as you may think. I wanted to write this article to encourage everyone to come out to California for convention.

There are two ways that you can fly with your rabbits. Rabbits can be flown as excess baggage or can be shipped cargo. Both ways puts your rabbits in a pressurized area. When shipping cargo it is charged by the pound not how many rabbits or carriers you have. The last time I tried to ship rabbits using United and the rabbits going as baggage they wanted to charge \$300 for two rabbits one way. Now with the airlines cutting back and charging more and more for everything, cargo is a better option. . So where do you start?

- Talk to someone who has flown before using cargo. Where did they fly out of and where to. Animals can only be put on large planes and normally those planes don't fly into smaller airports so you may have to go to a large airport to fly in & out of.

- Find an airline. This may be determined by where you are flying out and in to. Some airlines do not want to ship animals so they make the charges so high that you wouldn't be able to use them.

- Next you need to call and speak to the cargo department of the airline. Tell them that you want to fly show rabbits cargo and where you will be shipping from and to.

- For example if you were going to use Frontier Airlines flying out of Minnesota to San Diego, California for convention, you would have to ship out of Minneapolis/St. Paul, MN and fly into Los

Angeles, Ca. since Frontier only flies cargo in and out of Minneapolis/St. Paul in Minnesota and the closest to San Diego that they fly cargo is Los Angeles, California.

- Next you would find out what flights are available out of Minneapolis to Los Angeles. They will tell you when the rabbits will have to be dropped off and when they will arrive. It may not be the same flight you will take, which is ok. The rabbits will be kept in the cargo building until you arrive.

- The airline will tell you the price per pound and the minimum.

- Then ask what their cage requirements are. Most are standard.

- The rabbits need to be in well ventilated cages with a solid bottom and solid top. So a carrying cage with metal or plastic tray and a metal or peg board zip tied on top will do well.

- The rabbits need to be able to turn around and lay down.

- They must have feed and water. If you use water bottles they can not be taller than the cage and must be tightly secured to the cage. I recommend double zip tying them.

- Some airlines do not allow straw, hay or savings so you will have to use newspaper or puppy training pads in the tray.

- The rabbits need to have your information on the top of the cage and an envelope with their health certificates taped to the top of the cage.

- The last time we flew rabbits cargo on Frontier Airlines out of Minneapolis/St. Paul to San Francisco, we flew 8 adult Dutch in two four-hole carriers, cage clamped together and it cost \$110 one way.

The California Dutch Rabbit Club wants to invite everyone to come and enjoy convention this year. There is a possibility that with enough interest the members of the Cal Dutch Club could put a shuttle together to pick up rabbits and take them to the convention center. I would be more than happy to help any one interested in shipping their rabbits. Just let me know and I can walk you through the process. Jill Ihrke Westcoastrabbits@yahoo.com

## The Right Type Nest Box

by Bob Bergene

Over the years, Bergene Rabbitry has accumulated a lot of various types of nest boxes. Some were bought from rabbit equipment distributors while others were bought from rabbit breeders going out of business. We have MEDAL type nest boxes that have a removable bottom. The bottom is made of pegboard. The perforated bottom allows the nest to stay dry and the metal is very easy to clean after each kindling. However this box measures 19 inches long and 9 inches wide. For my Dutch, Holland Lops and Dwarf Hotots it works okay, but in some instances, because of the length of the box the litter can move around and become isolated. If the doe has the babies in the back of the box and they break out they can get scattered in the front or vice versa. Once scattered, they can become chilled and die.

In the summer time, when heat might become a factor for the babies in the nest box, we use a WIRE NEST BOX. It is made of 1/2 by 1 floor wire and has a pegboard floor placed on the bottom of the wire nest box. It measures 18 inches long and 10 inches wide. This box is utilized in the months of May thru September as in Kansas the temperatures and humidity increases, making it imperative to keep a good air movement in the nest to prevent the doe's litter from overheating. In the summer time, it is good to get the babies out of the nest box as soon as they are able and their little feet don't fall thru the floor wire. The box is taken out at 2 - 3 weeks. It is more sanitary for them to be on the clean floor wire than to be in the next box. The nest box can be a breeding place for bacteria in damp and humid conditions.

Now we describe the IDEAL NEST BOX. This is a nest box designed and built by L & L Johnson rabbitry. L & L was Les and Louise Johnson of Halstead, KS. Les and Louise both have passed away. When they went out of rabbits, I purchased their nest boxes. It is the best box I have ever used for kindling rabbits. When I have a doe, that I absolutely have to save the litter, then this is the box I use. It seems like this box is not too big or not too small and the doe has her litter right in the center of the nest box. The dimensions are such that the doe does not lounge around in the box when her litter is there. Some nest boxes can be too long, and then the doe will have the litter in the back and then she sits in the front which is not desirable. The IDEAL NEST BOX is built of solid inch boards that measure 15 inches long, 11.5 inches wide, and 11 inches high. In the front is a U shape cut to allow the doe in, but the bottom of the U is 6.5 inches from the floor, so that the babies do not accidentally jump out. For large breed rabbits, such as N.Z. White, Californian, Satins, American Chins and Champagnes you may want to use a larger size box to accommodate a 10 to 12 lb doe. If you have a

smaller breed in your Rabbitry, such as Dwarf Hotot or Netherland Dwarf, they would require a smaller box measuring about 10" X 7".

Nest box materials used at the Bergene Rabbitry are basically the same in the winter as in the summer, although more is used in the winter than in the summer. We use either baled hay or straw depending on what we have available. First I will put a handful of shavings in the bottom and then stuff the box with brome or prairie hay or straw. I work it in breaking any long pieces with my hand and then work some additional shavings amongst the hay. Finally, I punch a hole in the center with my fist to prepare the opening for the doe. This is all the material I put in the nest box, however I have heard that other breeders have successfully used shredded newspaper or fluffed up cotton balls to provide for lack of pulled fur from the doe.

# Congratulations SDRFA members on your 2008 accomplishments!!

The Southwest Dutch Rabbit Fancier's Association had a fantastic 2008 year!! A very special thank you to all of our members for your hard work this past year in helping our club grow and flourish. The SDRFA doubled in size in 2008 and together, we managed to host 7 Open shows, 7 youth shows, hold a youth contest and even had a youth Dutch judging contest in March! Seems like a whirlwind of a year but my goodness, it was a lot of fun! We would love for you to join us at an upcoming show. Please check our website at [www.SDRFA.com](http://www.SDRFA.com) for show information and details.

SHOWS \* YOUTH CONTESTS \* FUN

## From the Sweepstakes Chair

by Norma Hart

The 2008 sweepstake year is now history and we're off to a mighty good start with several clubs already having their 2009 ADRC sanctions in hand. If you are aware of a club that will be sanctioning with the ADRC and hasn't yet sent in their request and fees, you might want to remind them that sanction fees are now \$12.00 per open sanction and \$10.00 per youth. Knowing this in advance of sending out their request will help to avoid a delay in processing. Unfortunately, there are many clubs that are still using information from 'catalogs' long past, and in doing so, inaccurate fees are sent, they're sent to incorrect individuals, and more often than not, incorrect information then appears within their current show catalog under the specialty club information. If you, or anyone that you know, has anything at all to do with handling the sanction requests and catalog information for an upcoming show, please make every effort to obtain the correct information from every specialty club for catalog inclusion.

Sanction requests, accompanied by accurate fees, must arrive here with a postmark date prior to the actual show date in order to receive an ADRC sanction. We cannot issue sanctions for any show that has already been held. If you're planning on attending a show and you're uncertain if they have an ADRC sanction, please don't hesitate to contact us here to ask. In the past, several have attended shows in good faith after having been assured that their breed was indeed sanctioned. Only after the fact were they then aware that "oops", "we failed to get an ADRC sanction...sorry"! We try to list the upcoming shows in the Dutch Reporter that will occur in the coming months, however many times a sanction request is received after the DR has been mailed, that will occur prior to the next one being issued. It takes very little to check to see if a club has already been issued an ADRC sanction, so by all means, email us here to double check at: [normahart1@cbcast.com](mailto:normahart1@cbcast.com)

I believe that I touched on this subject within the last issue of the DR, but this is something that can always use repeating. Members, this is a brand new sweepstake year so please remember that you must always exhibit under the same name at each show in order to receive credit for points earned. Points cannot be combined, so in order to have your points continue to accumulate from each ADRC sanctioned show that you exhibited at, you MUST always enter the same way. Also, points that are earned in the youth division remain in youth, while points earned in the open division remain in open. A youth showing in both will have their points earned credited within the division they were earned in. Once again, if you have any questions regarding the sweepstakes, please feel free to ask.

We are currently working very hard to ensure that we are able to include all of the shows sanctioned last year in the 2008 sweepstake year, and hope to

have a final standings available for the membership very soon. When this appears, you will definitely be given ample time to question any differences you feel there may be. At this time, there are less than 70 shows that have not yet been received from the 2008 Sweepstakes year.

The standings appearing on the following pages are for the 2008 Sweepstakes Year. As stated, there are still some shows outstanding, and we will accept show reports until March 15 to be included. After March 15, the Sweepstakes will be FINAL and no modifications made after that time.

Good luck to everyone at the 2009 NDS!! Our Kansas members are one "MIGHTY FINE" group of Dutch breeders who will undoubtedly do their utmost to ensure that each in attendance has the best time ever at this once a year event.

Till next time, may your nest boxes be filled with the best upcoming Dutch bunnies ever!

*Norma -*

### Winners Circle

A new feature on the ADRC website giving recognition to Dutch winners. Rules as follows:

- Owner must be a current member of ADRC
- Rabbit is to have won a Best in Show, Best Group, Best 4 Class, or Best of Breed or Best Opposite Sex at either the ARBA Convention or ADRC Nationals
- Please send a photograph; it can be of just the rabbit, the owner, judge, and rabbit, or the owner, rabbit, and award. Also send the following information:
  - Owner's name and city/state you reside in
  - Ear number of the rabbit (and name if the rabbit has one)
  - Name, location, and date of the show the award was won
  - Judge's name

You may e-mail the information at [odie@cablespeed.com](mailto:odie@cablespeed.com) or you may snail mail to:

# DR Editor Report

by Dick Gehr

Wow....another DR already !!!

Seems we just put one to bed, and it is time to start another. This DR is being printed by a different company than the past few issues have been. In an attempt to try saving a few dollars AND also having a few additional options for color when it comes to the NDS and Convention issues, Norma and I did some searching. The quality of this DR will have an effect on whether we will continue with this new printer. Hopefully, the quality is what we have been accustomed to, as we are getting a bit better price on the printing end and as mentioned, when it comes to the NDS and ARBA Convention issues we would have an option of using more color for the cover and also on a couple of the inside pages. That would be great!!

I would like to mention that Rick Lehmann was the first Director to send his article to me for this issue. I only mention that because.....I'm not really sure...

In the past, Rick has had an issue sending his materials to my current email address, thus some of his input has not appeared. I apologize for the absence of some of Rick's stuff, because if I had kept my old email, he would have always been on time. We are all on the same page now, so from now on if he has something missing from the DR, it is because he has fallen asleep!

This issue contains the ADRC membership list. PLEASE look over the list to insure your information is current, and if not contact Barb Kline with any modifications, address changes, etc. that you may have. Also, PLEASE check your membership expiration date. If you are not current, PLEASE send a renewal to Barb ASAP.

Remember, the computer program we are now using for the Sweepstakes will reject anyone from receiving points that has allowed their membership to lapse over 60 days, and if that happens, ALL points that you have accumulated for the Sweepstakes Year up to that point will be LOST.

Unfortunately, that happened to a few people for the 2008 Sweepstakes year, thus they finished with quite a few points less than they would have had. If you have any question about your membership status, please contact Barb. If you have any questions regarding your Sweepstakes points, contact myself or Norma Hart (normahart1@cbcast.com)

When glancing through the DR, please take note of the little "fillers" that are located throughout. Some of them are simply just that "fillers", however some of them have importance and should be looked over carefully. The "important" things I try to highlight by using a border of some kind, so please be sure to read all of the little "ditties" throughout the magazine also.

Mention has been made that in some of the DR's there are pages of show reports, while in others the show reports may not appear. It certainly isn't that I get lazy and do not want to put the show results in some issues, but it is rather a matter of logistics.

The DR is put together in page multiples of 8. (8 pages is called a "signature"). Like the last issue had 64 pages, which is 8 signatures. If I end up with say 7 signatures (56 pages) plus 2 odd pages, then it becomes necessary to either drop the 2 odd pages, or add an additional 6 pages of "something" to complete the full "signature". This is where I will use "filler" articles (if I have any on hand), or I try to use show reports when possible.

The number of pages that could be dedicated to exclusively "show reports" through the year would total somewhere in the area of 60, which breaks down to about 15 per issue of the DR (nearly 2 signatures). Considering the cost of printing, the show reports have only been used whenever the issue was of a smaller size, or as stated above, a number of "filler" pages is available for use. I would suggest if you have any questions or concerns regarding the printing of the ADRC show reports you contact one of the Officers or Directors of the club and make your opinions known. Any input from the membership is certainly considered when deciding the future of club activities and policies.

In view of the above, articles, pictures, informative quips accompanied by pictures, etc. are always welcome. We simply pile them all into a "Miscellaneous Fillers" folder, and they are used whenever possible. So...if you have that picture of a Best In Show, a special win, a picture from a show you have attended, etc. by all means send them on to us.

To reiterate on submitting pictures.....

If you use a digital camera and send a picture as an email attachment, or on a CD via conventional mail, best results are obtained if taken with AT LEAST a 3 megapixel camera. A 2 megapixel camera will work if used in a "high resolution" or "portrait" mode. A good rule of thumb is that if you have a photo editing program, open up the picture in the program and check the image size. The resolution of the picture needs to be at least 200, or can be made 200 or above by reducing the actual size (in inches or pixels) of the picture. The best thing to do is simply send us the picture, and we will let you know immediately whether it will print at a desirable quality.

With Spring we see the shows picking up throughout the country. Remember, you are welcome to send in some pictures taken at shows, in your rabbitry, etc. for our "fillers" and archives. You might just see one of your pics in a future issue.

*Dick Gehr*

\*\* Please check your ad expiration dates, and renew promptly to avoid omission. Please send all ads and ad payments directly to the ADRC Secretary ASAP. Thank You
