PRESIDENT'S MESSAGE

It was my pleasure to be in attendance at the National Dutch Show held in Amarillo, Texas, April 22-23-24. This ranks as one of the best National Dutch Shows it has been my good fortune to attend. It takes many ingredients to make a great show, all of which Amarillo had in abundance. The entries were good with over 200 Dutch crossing the judges table. Quality was exceptionally good with many areas of the country well represented. The judging by Don Lovejoy was high class as evidenced by the lack of grumbling about the judging table. Attendance by the breeders was very good, better perhaps than any National Show I have ever attended.

The show was held in their beautiful new Rabbit Bldg. which was a tribute to the work of the members of this club (The Texas Panhandle Rabbit Breeders Ass'n.).

The most impressive thing to me was the friendly atmosphere and fraternal good will displayed by all in attendance. My hat is off to our Texas friends who went all out to host this most successful affair.

One of the most important matters of Club business taken care of was the auditing of the secretary's books. Mr. L. E. Settle, Jake Scharnberg and Clyde Jones served on this committee and found the books to be in good order. Prior to departing to this show Mrs. Weinhardt had the books audited at the bank dating back to 1964. There has been much misinformation passed around by member of our club regarding our financial status. Much of the behind the scenes talk has been that we are broke, nothing could be further from the truth as attested to by our bank books and savings account. In my opinion most of this talk is by disgrunteled people not satisfied that the Dutch Club does not have to kowtow and knuckle down to their domination. I hope the Dutch Club may now continue to grow in an atmosphere of fraternal good will.

Don Guthrie submitted his resignation from the Board of Directors due to the pressure of his many interests. I am appointing, subject to approval of the Executive Board, W. R. Griffith of Tennessee to fill this unexpired term. I feel sure that Bob will do a commendable job.

SECRETARY'S CHIT CHAT

by J. Weinhardt

Well, here we are way late again! I had hoped to have a complete report from Amarillo for you for this issue and I have kept holding off, one day after another hoping everything would be ready, but it still isn't and I'm just not going to wait another day.

As our president has said in his article it was a wonderful show and everything in connection with it was all that could be desired. In Mr. O'Dell's remarks at the banquet he said that there was a saying that if anyone stayed in Texas long enough to need their shoes re-soled they would be back to stay and the Weinhardts had been there almost that long! I sure wish we could think of a good excuse to go back. It is a wonderful place and some of the finest people in the United States live there already! We'd be proud to be their neighbors. We hadn't been at our Motel two hours when Mr. A. L. "Lee" King came to call and put himself and his car at our disposal for the duration of our stay. He hauled us everywhere! Not only back and forth to the show room but also on a shopping trip. I don't believe he liked to shop but he sure was patient while we did ours. He showed us the city and took us to visit his rabbitry and that of J. C. Wilshire, Jr. They've both got some mighty fine rabbits. Anyway, you'd better believe we had a good time.

One incident you just must share with you -- Don Guthrie came in by plane on Saturday and had a reservation to fly out at about 11:00 a.m. on Sunday. Mr. & Mrs. O'Dell took him out to the airport in plenty of time to catch his plane only to learn that someone, somewhere along the line had failed to tell him that daylight saving time had gone into effect at midnight Saturday night and his plane had been airborne about an hour when he got there! Mr. King, with us tagging along, took Stan Goeglein over to the airport at three p.m. to catch a 4 o'clock plane and Don was still sitting there, fit to be tied! They had bought him a steak dinner and paid for a call home to Ginny and he said if he had to sit around there much longer they were just going to buy him another one. The funny part of it was that the night before at the banquet he had been telling all of us what a wonderful place Amarillo was but how it was almost impossible to get to it and worse to try to get away. I don't see why he had to work so hard to prove it -- we believed him!

Had the pleasure of attending the Ohio State Dutch Club show a couple of weeks ago. This was one of those double shows with the OSDC Show on Saturday and the Richland County show on Sunday. It rained practically all weekend but there was a real good turn out. Barbara Walker of Columbus had Best Dutch both days with a little Black junior buck that just wasn't to be denied. Mike Stinhelfer had Best Opposite on Saturday with a Blue senior doe that was in full bloom. On Sunday Best Opposite went to a lovely little Blue junior doe that had given the senior doe a real run on Saturday and belonged to Hulda. Saturday's show was judged by G. A. Burke and Sundays by Ed Beamer. Only a couple more club shows coming up before the advent of the fair shows, and it seems like there will be more of them than ever this year.

Had a note from Katherine Roberts the other day in which she informs me that Roberts Rabbit Ranch is sponsoring a 9-12 year old girl's soft ball team down Kansas City Way. Their uniforms will advertise Roberts Rabbit Ranch and each girl will carry an embroidered Dutch on the back of her uniform. Can't get too much of this kind of publicity.

YOU CAN'T BEAT THE DUTCH

THE STEEL DUTCH

by George A. Townsend

(This article is a reprint from the 1953 Edition of the United Kingdom Dutch Rabbit Club yearbook. This is sent to the Dutch Reporter by Earl D. Hord of Colorado.)

I have been asked by our Secretary to write a few lines on the Steel Dutch, and give my readers a few memories of the past whidh I hope will be of interest.

To the question, "Have we lost the correct colour of Steels?" my reply is "Yes!" The name "Steel" was given to this variety from its resemblance in undercolour to the metal. Today this reseemblance has gone and the undercolour is nearer to brown than blue. The brown shade is much more pronounced on hind feet, the ears and body are much too dark and lacking ticking, and any suggestion of blue has been outbred. You cannot get this blue undercolour without your breeding pair contains a "cross" of blue in either Sire or Dam. To do this was much easier in the dim past than it is today. We then had two acknowledged colours of Dutch, now nearly extinct: the Blue-gray and the Blue-fawn were the colours, and the former the one we used -- the mating was black Buck and Blue-Gray doe, and we usually had a Steel or two in the resulting litter.

This is the method I adopted, and so did many of my contemporaries. I started on Steels well over fifty years ago and bred several well-marked exhibits equally ticked all over, including ears and hind feet with a distinct steel undercolor. My stud of bucks had a dash of blue in its make-up -- the blue-grays were produced by mating two pale tortoiseshells, or tortoise and pale gray. In those days both of these off colours were recognized by the Club, and about 1903 the Young Dutch Cup was won by a Blue-Gray exhibited by Mr. Plant, of Hanley. A few years later the Club by-rule cut out both these rather unpopular colours. This action in my opinion, is the reason for the decline in Steels, and to anyone interested I suggest that if they ever see a Blue-gray doe, to purchase it, and if they breed one by accident they will be lucky and save themselves years of hard work and deep thinking.

The really correct steel is a beautiful rabbit and lasts better than every other colour. This colour is not easy to describe on paper -- if, however, you break a rod of steel, the color at the break is the correct one.

Personally, I should like to see the blue-gray reinstated as an exhibition colour, if only to bring us back to the true Steel. This manner of producing Steels as described was the one used, amongst others, by Ephraim Blakelock of Clockheaton, who produced a string of winning steels and won the Young Steel Cup in 1924 and 1931 -- rabbits that remain in my mind's eye until the present.

Another old friend, and he is still hard at it, is F. G. Perks -- once known as the "Steel King." I do not know, however, how he kept the correct Steel colour in his stock.

My subject is a very interesting game indeed, and trying to breed a typical steel is by no means easy going. I know I enjoyed my struggle to achieve fame with this lovely rabbit. It would be interesting to have my old friend, Mr. E. C. Richardson on the best way to regain the make-up of the ideal Steel -- it must put us on to a scientific method of accomplishing our object.

One of the strangest happenings in Steel breeding I know of is that I was shown,

by a Leicester fancier -- I forget his name -- a young steel that had won a few firsts. After its adult moult it was a very good coloured BLACK and won several futher prizes. The reverse, however, is quite common or was in my day.

As a conclusion, don't forget that you have a better chance of breeding a winner if you use a really well-marked buck to a rather heavily marked doe: that was my experience and is, I know the experience of several of the older hands. Don't forget that the saddle was once a "collar" and so called. The saddle has been slipping further and further back for years. The Dutch is a coloured rabbit with white markings and should certainly not be a half-and-haffer.

The Dutch Rabbit has figured "large" in my long life -- I still have my first prize-card -- a Third only, however. It is dated 1865. I little thought in those schoolboy days that I should be President of the Club one day and make real friends all over the Country, all interested in the humble bunny, as I was. My life has been made richer by mixing amongst men of all shades of thought and position.

Old men live in the past, and my memories of friends made through the fancy cheer me in the winter of my life.

(Editor's Note: For the benefit of our newer members, Mr. Townsend was a well-known judge over a period of 50 years, often travelling over 7,000 miles to shows in a single year. He was president of the U.K.D.R.C. from 1920 to 1935, and judged every premier show in England, Scotland, Ireland and Wales at different times in his career as a fancier and judge.)
