American Dutch Rabbit Club

April 69

From Marilyn Eubank, Secretary, Ludington Dutch Boosters, 1969 Convention Sponsors.

We would like to thank everyone who supported the National Dutch Show this year, either with ads, specials or an entry. Your help is greatly appreciated.

For those of you who came to Ludington, we hope that you enjoyed the show as much as we enjoyed meeting you and visiting with you for the week end.

A special "thanks" to Don Reid and Jessie Weinhardt for their help and encouragement. You're fine friends to have!

We hope you'll all consider having the show. It's well worth doing.

SHOW REPORT:

Best Breed, Goeglein & Shaw - Best Opp. Sex, Anthony Micallef - Best Senior, Goeglein & Shaw - Best Junior, Anthony Micallef - Best Display, Goeglein & Shaw. Best Par, Alan L. Miller - Best Black, Goeglein & Shaw - Best Opp. Elk, Ray Willey & Son - Best Sr. Blk, Goeglein & Shaw - Best Jr. Blk, A. Seeman - Best Display Blacks Goeglein & Shaw - Best Blue, John L. Nelson - Best Opp. Blue, Kenneth Carlisle. Best Sr. Blue, John L. Nelson. Best Jr. Blue, Goeglein & Shaw. Best Display Blues, Goeglein & Shaw. Best Chocolate, Jack's Bunnies. Best Opp. Choc. Lowell Simonson. Best Jr. Choc. Charles Eberle Jr. Best Display Choc. Jack's Bunnies. Best Tortoise, Cooper's Hillcrest. Best Opp. Tortoise, Anthony Micallef. Best Senior Tortoise, Coopers Hillcrest. Best Jr. Tortoise, Anthony Micallef. Best Display Tortoise, Coopers Hillcrest. Best Steel, Best Opp. Steel, Best Sr. Best Jr. Best Display, Alan L. Miller. Best Gray, Larry Bengtson, Best Opp. Gray, Alan Miller. Best Senior, Larry Bengtson, Best Junior and Best Display, Alan L. Miller.

NEWS OF THE 46th AMERICAN RABBIT BREEDERS ASSOCIATION CONVENTION AND SHOW. Sept. 22-25

I have been advised by Mr. Bruce Boyd of Calgary, Alberta, Canada as to regulations pertaining to rabbits entering Canada from the U.S. for the National Convention to be held September 22-25, 1969.

Rabbits being brought into Canada for Convention purposes may be inspected at the show if a veterinarian isn't present at the respective Port of Entry. There are forms required by the U.S. Government. Mr. Boyd relates that they are endeavoring to secure these forms and will mail them with the entry forms. There will be no charge for any of these services and the Canadian Government is going to publish a bulletin pertaining to the Convention Show and rabbits coming into Canada for such, one month prior to the Convention.

There is room for 3300 rabbits, single tiered, under one roof, with compliments for Specialty Club Booths and washrooms in the same building. Restaurant facilities and some banquet rooms in an additional area-all this in the same building.

Calgary is the city long known for its hospitality and open heartedness. It is my understanding that there will be tours to some of the major points of interest during the Convention. The Calgary Zoo has some 1400 living exhibits. There are a host of very interesting attractions within the city itself, not to mention the fabulous hunting and fishing within easy driving distance.

A trip to Calgary is an experience within itself. With the added attraction of the 46th A.R.B.A. Convention and Show, it will be a trip to be remembered.

Correspondence concerning the Convention and Show should be addressed to General Secretary: Mrs. Bernadette Frey, 10567 - Shillington Crescent S.W. Calgary, Alberta Canada/

Remember " CROSS THE LINE IN 69"

-----YOU CAN'T BEAT THE DUTCH-----

THE YOUTH DIVISION FOR THE 1969 A.R.B.A. NATIONAL CONVENTION.

I am writing in behalf of the Youth Division for the 1969 ARBA National Convention to be held in Calgary, Alberta, Canada, September 22-25, 1969.

We are in need of clubs and individuals to sponsor specials for the Youth. I am sure you will agree these young people will be the adult breeders and exhibitors of the future and do need our encouragement and support.

If your club wishes to sponsor trophies for their breed please write directly to me, as soon as possible, sending me a list of awards they will cover. This will enable me to continue to send out letters for specials to fill in the gaps.

If representatives of your club does not plan on attending the Convention please see that the trophies are engraved and sent directly to me no later than July 15th.

Yours truly,  
Mrs. Grace Haugh, Specials Chairman  
East 11516 Empire  
Spokane, Washington 99206

COLOR CROSSING by DON E. LOVEJOY

Don Reid suggested that I use the above subject for an article for the Reporter. It is a controversial subject for me to write on as my own experience of some 20 plus years of Dutch breeding is in complete disagreement with many of the age old theories. Generally I believe that if you want to blend colors you should stick to paint. Listed below are the recognized colors and the crosses that are, in my opinion compatible and in some cases beneficial. Black can be maintained by straight black breeding and constant culling for good color. Crossing with Blue is recommended by many to tone the color. I have found this to be neither harmful or beneficial. Whether black or blue is used, good color, with good depth and free from white hairs is the important thing. Blacks should not be bred to produce blacks unless they are from black or blue breeding. BLUE - in my opinion good blue color can be maintained by straight blue breeding. Crossing with black is compatible and in the opinions of many, beneficial. Many believe that in time straight blue breeding will produce very light color and silver guard hair. My own experience indicates that this is not true, if proper consideration of color is given when culling.

Any color will deteriorate if neglected. In my own stud I breed blacks and blues together as it gives me a greater number to make my selection from in balancing qualities and faults in type and markings. I do insist on good color in all breeders

Tortoise, are best bred straight bred. The only cross I can recall that is considered beneficial is to a blue. This is said to improve shading and give the desired blue color and this may be true. Good tortoise color should be and can be maintained by straight tortoise breeding and careful selection. The one problem with the blue cross is that you will produce blue-fawn color. This is the animal that can be used to improve shading. Its use, however, will put this color in your line of tortoise and you will continue to produce them. For example, if you get a litter of 6 straight bred tortoise you have 6 chances on having that good one. If you have used blue-fawn and two of them are this color, then you have cut your chances by one third. I'm sure that you will all agree, the odds are tough enough to begin with.

Chocolate, This color is our newest and probably one of the most difficult to hold and maintain good color. cont.

I believe that good color can be maintained with Chocolate to Chocolate breeding if enough attention is paid to color, both of coat and eyes. The only recommended cross is to black. This is compatible and perhaps beneficial. Blacks resulting from this cross should be used to produce chocolates and no other color.

Gray, this is the oldest variety and can be produced in many ways. It is also our least understood color and opinions of good gray color are not as consistent as with other varieties. In my opinion the best grays are straight gray bred with constant culling for proper color.

Steel is a made color and will not breed true to color. I have not, however, ever seen a Steel to Steel mating that did not produce at least one Steel offspring. Many Steels are produced by breeding to Gray or Black. The cross generally recommends to a blue and I have seen many excellent colored steels that were produced in this manner. The one problem with this cross is that they will produce blue-grays and they will present the same problem that the blue-fawn does in the tortoise I personally breed blue to steel only if the steel has no blue behind it. A lot of blue breeding in steels will produce a high percentage of Blue-Gray young

These comments on color breeding are based strictly on my own experiences and are in some cases in disagreement with articles and opinions of excellent breeders whom I respect. I hope my comments prove beneficial to some and if not, who said I was so doggone smart any way? Maybe I've just been lucky.
