## SECRETARY'S CHIT-CHAT

by J. Weinhardt

Here we are at the end of another year. 1963 has been a good year for the American Dutch Rabbit Club. Our membership is at the highest point it has been in many years. We have sanctioned 227 shows for Dutch Sweepstake, which is a record, at least for the years in which I have been keeping such records which go back through 1958. I wouldn't begin to venture a guess at how many Dutch rabbits have been shown at these shows, but interest is spreading as displayed by the shows now being sanctioned in areas that hadn't sought such sanctions before. The scope of our membership has spread until we have representatives in every state except, Alaska, Hawaii, Nevada, North Carolina, North Dakota, West Virginia and the District of Columbia. I feel sure you can all think of many other accomplishments of our fine club during the past year that can fill us with gratification, so now is the time to move forward and resolve to do even better in 1964.

One thing that is now fairly certain for 1964 is the early delivery of our new Guide Books. I have been informed that work is now going forward with that project and they will soon be ready for mailing. I feel sure that one and all will be very happy to hear of that. You have all been mighty patient and should soon be rewarded.

I had the pleasure of attending a fine show at Indianapolis last month, meeting some of our members that I had never met before, and of course renewing many old acquaintances. It was a fine show with a large Dutch entry. When some of the Dutch breeders from that area of Indiana told me a few years ago that they were backing a move to revitalize an interest in Dutch in that part of their state they weren't fooling. They have done a fine job.

You will note in this issue, that I have again been forced to dig back into the dusty files for articles of interest to fill these pages. If you will read some of the suggestions which I am taking from my mail perhaps it will stimulate your thoughts enough to take a few moments out to put some of your own thoughts on paper and send them along. I'm sure others will find them of interest.

Speaking of resolutions, as I did above -- I think it would be a wonderful thing if each and everyone of you would go to work on that neighbor or friend, who is raising Dutch, but does not belong to our Club, to join the crowd, and support the Specialty club which sponsors his Dutch rabbits. Also don't forget to renew your subscription to the National Magazines through this office and benefit your club with

WHY SHOULD I EXHIBIT MY STOCK?

by James L. Bush

(Editor's Note: I do not know just when this article first appeared as it is listed as a "reprint" in the March, 1947 issue of Small Stock Magazine. It certainly is just as pertinent today as it was when the ink was still wet. JW)

Why should I exhibit my rabbits at our local shows? Many are the times that this question has been asked. Maybe you know that your rabbits are good, but it sometimes takes more than your word to convince other people. And that "something else" is blue ribbons.

The weakest argument I can think of, (one that I have heard quite a few times) is that they can show their rabbits enough at their rabbitry. This creates an unfavorable impression, or convinces all visitors that you are afraid to exhibit your stock. It is for this type of breeder that I intend this article.

People see your rabbits in the show room. When a visitor to your rabbitry sees your best stock, he understands it only as the best of your stock, but when he sees it at the show with a first-prize sticker on the coop, he realizes that it is better than any that the other breeders have. If he is at all interested, it will be considerably easier for you to make a sale. More people will learn about your rabbitry from the showroom, consequently you will have more visitors. The more visitors you have, the more sales you will make, and that is what you want.

People are beginning to realize that the swindlers in the rabbit game sell scrub stock. Naturally, they will not show their stock if they know that it will be disqualified, and so they don't show. We will say that a visitor comes to your rabbitry, looks around and is naturally wondering how your rabbits compare with others. The best way is for him to attend some shows, where, if you haven't any stock there, you will fall down considerably in his esteem. He will think that you are interested only in raising scrub stock and getting the beginner's money for some worthless stock. The way to avoid anyone getting that impression is to exhibit at local shows, appear in the showroom, and to be a good winner or a better loser.

Blue ribbons win sales. When a beginner comes to your rabbitry, he usually comes for a purpose. That purpose is, many times to get information. If you can show him some blue ribbons, he will think of your rabbits as superior to others, and this will greatly influence him in giving you his future orders.

To the prospective beginner, ribbons are something to be regarded with awe. If you can show him a good collection of them, he will be greatly influenced in your favor, which will usually result in your receiving his first order. If you can satisfy him, and he finds that they are as good as you said they were, you will probably receive his second order, and continue to do so as long as you do not misrepresent your stock.

Every good thing has its enemies, and the American rabbit Standards are no exception. But almost all breeders of any consequence will admit that the rabbit that wins first prize at the shows is also the best from a commercial standpoint. Its fur is better, and its superior type in many cases shows, that it is a better rabbit.

If your rabbits are not prize-winners, you will be able to see where they are falling down. You can compare them with the winners and see how they excell yours. You can learn more about the faults of your rabbits by listening to the judges remarks.

It is your duty to show. You (that is, the majority of the readers) will admit that the local, state and national clubs do a lot to futher interest in the rabbit industry. Of the many publicity schemes the local clubs, the one that you can aid the most is the show. Your club gives you entertainment, publicity, information, etc., and then calls on you for help in making their show a success. The publicity is for

YOU, not so much for the association, so it is up to you to help yourself.

The moral of this article is that it is your duty to yourself, to the association and to the rabbit industry as a whole, to exhibit every time you can.

FROM THE EDITOR'S MAIL BAG

As has been the practice in several years passed, a set of our sweepstake ribbons and rosettes were furnished this year, for the 1963 Royal Winter Fair at Toronto, Canada. As a result the following report has recently been received from one of our own members, Frank Schram of Chatham, Ontario:

Dear Jessie:

As you will see I won 3 of the 4 ribbons from the A.D.R.C at the Royal Winter Fair in Toronto this year, so they said I could have the honor of giving you the report and thanking you on behalf of the Dominion Rabbit & Cavy Ass'n.

At this show they go in for quality not quantity -- the entry fee is \$1.00 per rabbit and the prize money is \$1.00 for first so you see it is a losing matter except for the honors.

The results are: BLACK SR. BUCK 1st. Frank Schram. 2nd. Earle Richards. 3rd. Frank Hewitt. BLACK SR. DOE 1st. Bert Large. 2nd. Schram. 3rd. Richards. BLUE SR. BUCK 1st. Schram. 2nd. Yates. 3rd. Richards. BLUE SR. DOE 1st. Large. 2nd. Richards. 3rd. Schram. AOC SR. BUCK 1st. Richards (Steel) 2nd. Richards (Gray) AOC SR. DOE 1st. Richards (Gray). 2nd. Richards (Steel). BEST OF BREED, Black Sr. Buck, Schram. BEST OPPOSITE SEX, Blue Sr. Doe, Bert Large. BEST BLACK, Schram. BEST BLUE, Schram

I bought some steels and grays at the show.

The black buck and doe of mine from U.S.A. are doing very good for me. I have had 8 Best of Breeds and 4 Best Opposite Sex and have had Best Blue at all of the shows.

Well, thanks again for the ribbons. Mrs. Yates said that we will send you our ribbons for the show you want, so let me know.

Yours truly,

Frank Schram

I have requested these Canadian ribbons for the 1964 National Dutch Show. JW.

Mrs. Weinhardt:

I have something to pass along to the members that might be of some use. I made some new carrying cases. Then I needed a Dutch on the top to advertise our fine breed. I then turned to the Dutch Reporter. Used the front cover, placing a sheet of carbon paper under it and traced the outline of the Dutch onto the carrying case. Paint the outline in any color you wish. When finished you have a fine, attractive picture on the case. You may also use the small ones if you so desire.

Respectively yours,

Roylee Callicutt

Dear Mrs. Weinhardt:

I have a couple of suggestions for the Dutch Reporter which I feel would be helpful to some of the newer breeders.

1. I would like to see a breakdown of how points are awarded in the sweepstake standings, who is eligible for points in the shows sanctioned by the club, etc. you know, the rules in general.
2. I certainly would like to see some short articles from some of the experienced Dutch breeders on tips of the type you can't find in any book on rabbit breeding but are only learned by being in the game a while. A few examples I have discovered or heard about follow:
  - a) The use of willow twigs to clear up scours.
  - b) Replace your rabbits in the hutch tail end first to avoid scratches when the rabbit sights home.
  - c) Have a small stalk of alfalfa or any greens for each rabbit when inspecting or feeding them. Rabbits that are gentle and friendly and come to the door, not hide in a corner when people come near can do much to sell themselves.

d) Most feeding plans put out by feed manufacturers are slanted toward the large commercial breeds. I know some of us new guys would like to know what the feed requirements of the Dutch is. Some for doses of penicillin and other Medications for the sick ones we all have once in a while.

e) Put in the feed before the water so the occasional ornery one won't have the water upset before you even get the feeding done.

Sincerely,

R. A. Harris
