NATIONAL DUTCH SHOW AND CONVENTION, April 21-23, 1972 at Dane County Fairgrounds  
Madison, Wisconsin....

NATIONAL A.R.B.A. CONVENTION AND SHOW, Tacoma, Washington, Oct. 8-12, 1972  
Make your plans and let's boost DUTCH over the top....

Thought for the day: Let's not go from one extreme to another, We hope that the "Toy Dutch" are not in the running...They do not conform to Standard, I'm talking about these 3# seniors. By the same token, these long rangy Dutch (that look as if they are put together with baling wire) shouldn't be in the running. Ideal weight is 4 1/2 pounds, cobby, good depth of body and last but not least as well marked as possible. It is so easy to be a victim of hutch blindness in our own rabbitry.

Stand back and give a good look to those good ones. Are they really good???

We will be starting to hear of commercial Dutch, fine, Dutch do make good fryers, a twelve week old, 2 3/4 to 3# Dutch will dress out to 1 1/2 pounds plus and do make good eating, Dutch are in demand for laboratory work, these things are an added advantage to raising DUTCH, but REMEMBER, DUTCH is a fancy rabbit and the challenge is to raise that perfect one and isn't it nice to have an outlet for those culls.

PRESIDENT'S CORNER:

I was quite please with the Convention entry and the quality of the stock shown. Doris Leibel did a fine job on judging and was the only Dutch Judge. She had to finish them up on the second day. Would like to thank all that helped in any way for their fine cooperation. We also had a nice booth and some nice art work. You will find the lucky ones listed in the Convention Show Report.

You will see in the Convention minutes that the Board had to make several important decisions. The dues were raised to \$5.00 for individual and \$7.00 combination (husband-wife), effective Jan. 1, 1972. This was to keep the club solvent. The Board also approved the new point system which will give one point for B.O.B. and 1/2 point for B. O.S. times the number shown in the breed. This will start with the new 1972-1973 series. Traveling trophies and plaques were discontinued by previous board action and were still being listed. The Secretary was instructed to give out all travelling trophies in her possession to the ones with the most wins as fairly as possible. No more traveling trophies will be accepted by the American Dutch Rabbit Club.

We are in the process of incorporating in the state of Minnesota. The object of this is to get a much cheaper mailing rate for the D.R. etc. The New Zealand and Champagen Speciality Clubs have done this and cut their mailing costs quite a bit. They are helping us with the details.

The General Meeting was very well attended. Doris had several trophies on display for Sweepstakes etc. She was able to give them out at the meeting which will save our club quite a bit of postage. She made a very good purchase and all were pleased with the quality.

Very sorry that the Weinhardt's were unable to attend. Mr. Lynn Cooper accepted a Plaque on Jessie's behalf. Her LIFE membership will be mailed to her.

The Cook's, from Wisconsin were at the meeting and I understand they were able to collect quite a bit of Special money for our next National Dutch Show. They promise a good show and a good time.

The next A.R.B.A. Convention will be held in Tacoma, Washington, October 9-10-11-12, 1972. We have a very enthusiastic group of Dutch breeders in this area. I have appointed and received confirmation on following people. Breed Chairman, Jim Kelly. Assistant Breed Chairman, Mike Stinehelfer. Mrs. Jim Kelly, Breed Secretary. Jim tells me that he has help lined up all ready to set up the booth etc.

YOU CAN'T BEAT THE DUTCH Don Reid, President.....

1972 NATIONAL DUTCH SHOW - WISCONSIN DUTCH FANCIERS from Elmer Guetschow, Sec.

Dear Dutch Breeders and Fanciers:

The National Dutch Show and Convention will be held at the Dane County Fairgrounds Madison, Wis. April 21-23, 1972. The fairgrounds are located on the south side of the city of Madison on Olin Ave. and Rimrock Road, just off Highway 12-18 and 151. There are many motel accomodations near the fairgrounds and in the city of Madison. The Quality Hotel on Hwy. 12-18 about 3 miles east of the fairgrounds will be the show headquarters and the banquet will also be held there.

The Wisconsin Dutch Fanciers are doing their best to give the Dutch Breeders a good show and an enjoyable week-end. The city of Madison and the surrounding areas are some of the best show-places in the state of Wisconsin. The State Capitol, University of Wis. Campuses, the five lakes surrounding the city and for the ladies two new shopping centers, East Towne and West Towne with approximately 150 stores.

As in the past all Convention shows sponsors have had the age old problem of soliciting support to help put on a successful show. The Wisconsin Dutch Fanciers are asking the same support given all previous convention shows, in the form of donations for specials, trophies etc. Any donation, large or small will be greatly appreciated, and will greatly reflect the ability of the American Dutch Rabbit Club to be one of the top-notch Speciality Clubs in the rabbit world. continued.....

1972 NATIONAL DUTCH SHOW AND CONVENTION, continued.....

The deadline for SPECIALS will be Feb. 15, 1972. Pledges and donations must be in by the deadline date of Feb. 15th 1972. Any monies received after that date will be listed in the showroom as late specials.

Ads for the National Dutch Show catalog are also now being taken at the following rates:

Full page.....	\$15.00
Half page.....	7.50
1/4 page.....	5.00
1/8 page.....	3.00
Breeder ad.....	2.00
(Name and address only)	

Anyone wishing to place an ad in the catalog please send them to Roger Guetschow or Elmer Guetschow at the above addresses. Deadline date, Feb. 15. 1972

All further developments regarding the National Dutch Show and Convention will be posted in the Dutch Reporter.

CALIFORNIA DUTCH RABBIT CLUB ALL DUTCH SHOW.....by Elmer Paquette

The California Dutch Rabbit Club held their twenty third annual All Dutch Rabbit Show at the fairgrounds at Ventura, California on Dec. 4-5, 1971. There were 170 rabbits in the show. Best of Breed was won by Ron Gilbertson with a Blue Sr. Buck and Best Opposit Sex was won by George and Dorothy Bayliss with a Blue Sr. Doe. The Best of Breed win gave Ron a leg on the Herb Eldridge Memorial Plaque and the Best Opposite win place the names of George & Dorothy Bayliss on the Jo Sternberg Memorial Plaque. The other permanent award, the Frank Davis Memorial was won by Velma and Elmer Paquette. This plaque is placed on a class known as Frank's Four, which is determined totalling the total Sweepstakes points on a member's top four or less scoring animals.

Best Black was won by Don Lovejoy, Best Blue, Chocolate and Gray were won by Ron Gilbertson and Best Tortoise and Best Steel were won by Leonard Weir.

Those in attendance enjoyed a banquet at the Paradise Restaurant on Saturday night with twenty one members attending.

On Sunday morning the Club's business meeting was held, the most important order of business was the tabulation of the election results. Officers for the coming year President, Fred Cremer, Vice Pres. George Bayliss and Sec.-Treas. Elmer Paquette. Directors elected for four years terms were, Alma Cremer, Robert Ellett, and John Phillips. Holdover Directors with two years to go are, Bob Sprague, Dorothy Bayliss, and Ron Gilbertson.

The Club members also made plans to further build up the Pot for the twenty fifth anniversary show to be held in 1973. The funds now stand at approximately \$170.00 and we hope to double that by the time of the show.

ABOUT DUTCH RABBIT STATE SPECIALITY CLUBS, by Doris.....

I am just beginning to become aware of the many Dutch State Speciality Clubs that we have and I begin to wonder how many I know nothing about. It seems that wherever there is a good Dutch Club there is active Dutch raisers showing and sponsoring our wonderful breed.

We welcome the Indiana State Dutch Club, formed Nov. 7, 1971 and note the possible formation of a Dutch Club in Houston, Texas. The Ohio State Dutch Club, The Eastern Dutch Rabbit Fanciers Club, The Empire Dutch Rabbit Club from Colorado, The California Dutch Rabbit Club and WHO HAVE I MISSED?????Keep in touch folks, remember, I live here in Minnesota and you live there in your state and I know only what you tell me. To date the Ohio State Dutch Club is the only one that I hear from regularly through their excellent bulletin, edited by Millie Hand. If you ever feel that one section of the country is favored more than another, could it be that, this section has Dutch Raisers that take a moment out of a busy schedule to write an article for the Dutch Reporter about their shows and events.....

YOU CAN'T BEAT THE DUTCH

FROM THE MAILBAG:

At the last few meetings of the California Dutch Rabbit Club we have been discussing Sweepstakes and the fact that a few large herd exhibitors are always winning the top places and what could be done to help the situation. I made a suggestion that most were favorable to and I wondered what you might think of the idea. In place of giving the Top Ten in Sweepstakes Points my suggestion was to cut it to the Top Three, also to give a Trophy to the member that scores the most points in each color. This would encourage breeders who are specializing in one color and also give them a much better chance to win one of the Trophies and also would be a means of improving some of our colors by encouraging this specializing. It might be a little extra work getting set up to compile points but once it got going I don't believe it would be too bad a chore, what do you think of the idea? Elmer Paquette.

From Doris, I don't know, Elmer, would have to give it a bit of thought there are so many facets to this sweepstakes point keeping. I will say tho, that I will do what is required of me in this or any matter and if the majority think this a good idea, I'm sure that the mechanics can be worked out. We can do anything that the majority wants to do, provided it is good policy for the American Dutch Rabbit Club, and I guess that has to be looked at by the people that are responsible for making the club work in the best interests of all the membership. Talk with your Directors and other officers. Many questions and thoughts pop into my mind as I type this, so what do the rest think?????

correction department:

WARREN MCNAMARA WON BEST OF BREED AT THE NationalCapital R.B.A. Inc. Show on Aug. 22-23, 1971 at Gaithersburg, Md. on a Chocolate Sr. Doe (221 entries)

Have you any idea how much easier it would be not to mention lessening the margin for error, if our Dutch Raisers would show under their own names instead of rabbitry names. There are many rabbitry names that are so similar. This keeping of the points is the "name of the game" and anything that would make it more accurate would help a lot. If you feel that you have to use a rabbitry name, at least encourage the show secretary to include both when sending in the report.

DUTCH DEN NEWS

Mrs. Doris Leibel, Editor, Publisher  
AMERICAN DUTCH RABBIT CLUB

Mrs. Doris Leibel, Sec. Treas.

operating out of the DUTCH DEN at,  
3850 Beau d' Rue Dr.  
Saint Paul, Mn. 55122

Friends: I have been rambling on all through this bulletin, and am running out of news. As you must have surmised by now, I am finding that there has been an especially heavy work load since the convention. The mail has been especially heavy. Little by little am catching up and in evaluating the situation guess am not as far behind as I feel that I am. What ever has been published

regarding the convention is all that I have up to this writing. Memberships have been coming in at a good clip. Please read the Board of Directors Minutes carefully. The actions taken were decided upon after careful deliberation and we hope that you will agree that it was for the good of the American Dutch Rabbit Club. We cannot operate on air. The Guide Book supply is going down and this will mean another large outlay before to long. I hate to have to keep talking money, but I am sure that you do not expect the officers to use their private funds to keep the organization running. The dues increase will help somewhat to overcome the rising cost of servicing each membership.

I feel that we have an excellent Board of Directors that are looking out for the best interests of the A.D.R.C. We have good representation from all parts of the country and an excellent President to lead us.

You will note that I make a special effort to publish the statistics of your club for your evaluation. I know that you will call any errors to my attention. No one makes mistakes on purpose, the main thing is to correct them as best as one can, not just let them slide.

We are in the process of incorporating for tax purposes and mailing privileges. I hope it goes through without a snag. Again we are trying to save money.

A "thank you" to those of you who volunteered to take Sweepstakes Trophies home and see to it that the Winners receive them. I hope that ALL will realize that the intent was and is to save the A.D.R.C. money, about \$50.00 in postage. The winners are to receive them at the next show (within reason as to the time element) or by mail, so if you don't forsee seeing these people soon, please pack them up and send me a bill for postage. I sincerely hope that another year we won't have to pinch pennies quite as tightly.

Basicly I started my term as your secretary .72¢ in the hole, but I think we are going to end up the year with 1971 bills paid with 1971 income with a small backlog and supplies on hand. I inherited quite a backlog of ribbon to send out that used

~~Options expressed in articles and letters published in the Dutch Reporter do not necessarily represent those of the American Dutch Rabbit Club, and should be the Publisher's responsibility.~~

The date your membership expires is shown on the address label of your Dutch Reporter. Dues \$3.00 per year. NOTE: Our Club is affiliated with the American Rabbit Breeders Association, Inc., and by sending \$7.75 instead of \$3.00, you will become a member of both Associations.

## CONSTRUCTIVE BREEDING - by Keith Wall

To be successful on the show table requires a number of factors. I will discuss my methods and procedures on one of these - breeding. I think this article will probably be different from anything I have ever read by other successful breeders. This does not necessarily mean they are wrong and I am right. These are my ideas and opinions, and if it will stir up some controversy among the membership and they will write agreeing or disagreeing on points, I believe it will be good for the readers of the Dutch Reporter.

First, I do not think it is necessary for one to begin with a closely bred strain. The reason being if one could get everything he needs from one strain, it would be fine. I think all will agree that there are no perfect Dutch. They have faults, and even the best I have ever seen had some faults.

I keep alot of Dutch in my herd that would never place high in show competition. The reason I keep them is that they have at least one outstanding quality. The think to work toward is to try to breed better young than the parent. One should look beyond the first generation. For instance, if I raise a doe with excellent fur and everything else only fair, I might cross her with a buck with excellent type and fur, then breed this offspring to one with excellent color, trying for all three qualities. If I succeeded in this, I would go for better heads, etc. This cannot be done quickly. It takes years. If I do not have some necessary quality in my herd, I would go outside my bloodline to get it, but I would also breed brother and sister, if I thought the cross would produce the qualities for which I am looking. I don't think you can get it if it isn't in the genes. Many don't agree with this because you can also pick up undesirable qualities as well. This is where you need to cull. Proper culling is a very important factor which I may cover in a future article.

I evaluate my young that I put into the herd for production on whether or not they have enough good qualities to improve my future young. I pay less attention to markings than to type, color, fur, head and ears. I have bred good marked to good marked and produced practically the same percentage of good marked young as I have by using mismark to mismark or mismark to good marked.

Apparently, the gene pool for markings is much larger than it is for type, color, head, ears or fur which seems to be easier to narrow the range of differences. Even in close breeding, the young will all be slightly different. I also do not think one herd buck is the answer. If he has a type fault, this would be hard to breed out in the future generation. I am using today eight bucks for twenty-three brood does.

One could put Dutch markings on a Himalayan, but all you would have would be a snaky-looking Dutch-marked Himalayan. Apparently, from some of the stock I have seen at shows, it looks as if this is what some breeders have done. This comes from breeding for markings alone and placing little regard for anything else. These will place at a show because after all you have 50 points on markings, but they sure do lack that classy look you can have with a good head, ears and cobby type. Type to me is the most important quality. Very few Dutch stay long on my place with poor type. Also, type seems to be what breeders and judges have the most trouble with, and there are more differences of opinion regarding type than any other characteristic.

What is good type? The drawing in our standard is what I have always sought. One sees so many Dutch with low shoulders, combined with high rear ends. This is mandolin type. I see very few judges even look at a Dutch from the side to see the profile. Some are good enough to feel their shape with their hands, but most

CONSTRUCTIVE BREEDING - (Cont'd)

are looking for hard smooth flesh condition. Type is visual, flesh conditions, you feel. There are no points in our Dutch standard for flesh condition. I do think flesh condition is important because it fills out the rabbit so it looks its best. Conditioning rabbits for show is another topic that I may write on in the future.

In breeding to gain good qualities, watch to eliminate the faults as well. For example, I have one old buck with excellent type, head, ears, good color, but long, thin and slightly wirey coat. The does I breed to him must have a good coat. One must evaluate on what a rabbit produces. It takes time to build a herd of producing does. Patience and persistence are the keywords. After I place a rabbit in production, it is evaluated on what it can "throw". Not all throw good young. If they cannot, after several litters with several different combinations, you are wasting your time and feed.

HIGH LEVEL BOO - BOO

British statesman Sir Austen Chamberlain, like most men in public life, found it difficult to stop talking once he had started.

One night, he was the dinner guest of England's leading hostess. The food was good, the wine, well chosen and Sir Austen at his loquacious best, relates Lord Beavorbrook in the "Decline and Fall of Loyd George."

He spoke at length on empire policy. Then he carried on a monolog on Ireland. He followed with a talk on the difficulties facing his party.

His hostess' attention wavered. Something was wrong. The butler was obviously tight. She scribbled on a pad. Summoning the butler, she handed him the written message.
