Only a month til the 1993 National Dutch Show in California. At this time, I am uncertain whether I will be in attendance. I have been planning since the '92 NDS but as most of you are aware, sometimes plans just don't come about as scheduled. I am still in debate and there are alot of factors to consider, so we'll just have to wait and see! I hope that all of you that have made plans to either go or are shipping rabbits, each come home a winner in some way. I know that the California Dutch Rabbit Club has put an extreme amount of preparation into this very special event and I'm certain that they will see to it that each of you have a great time with a well organized show. They have alot of participation in their area and alot of hard workers. My best wishes to them for one of the best NDS's ever!

You will find a current ADRC membership list in this issue. If your name does not appear, your membership has expired and probably has been expired for quite some time. Always note your expiration date on your Dutch Reporter label. It is listed on EACH LABEL. EACH ISSUE! You can also find this info on your membership card. If you have any questions, always feel free to contact this office. Please, however, note that I am on CENTRAL TIME. It may only be 9PM where you are, but it's 11PM where I am. This also holds true for other time zones. So remember to look at the time first - it's really appreciated!

I have received MANY sanction requests since the first of the year. Some have had to be returned because they listed on ARBA show sanction numbers. Usually there is a little note included that says we're waiting on our numbers. Please issue sanction and when we get them, we'll forward them to you. This office does not issue any sanction(s) without the ARBA number(s) included! They are usually returned to you so that they are not misplaced while in the waiting process. It is a bit difficult to have alot of requests here that are waiting for all of the proper information to catch up. In order to save possible error, I return them to the sender until all necessary information is included.

Some of the requests I am unable to read. I go through everything that I possibly can, including the ARBA yearbook,

Secretary's Handbook, DR, etc., to try to make out the name and correct address. But sometimes, it just can't be done and the request has to be returned. This delays your request and costs additional postage. Please write or print legibly to ensure proper info is clearly able to be read. At one time, I received a request that had the same name on the request, the envelope return space and the payment check. The address was different on each. All I have to go by is the assumption that the one on the request itself is the correct one. I had a show secretary phone me just the other day and say that she didn't know what the ADRC sanction fees were and they weren't listed in the ARBA secretary handbook. I explained that she must be on the wrong page. After saying that she didn't think so, I told her to turn the book to the chart form page and she would find all of the specialty clubs fees there. Sure enough, there it was. Four days later I received her request. It didn't contain the youth ARBA number nor did she provide the location or show secretary address. ALL of these things result in the delay of your request. So, if you're going to take on the job of show secretary for your local club, always send the complete necessary information so that your sanction requests may be issued as soon as possible.

Your judges for the 1993 ARBA Convention will be DR. T.E. REED and SCOTT A. WILLIAMSON. These are two excellent judges and should bring a very good Dutch entry to Washington. The results of the final ballot for judges for the 1994 NDS and ARBA Convention are listed elsewhere in this issue of the DR. The top judges have been sent confirmation letters and we'll be assured of their availability when these are returned. The show sponsors for the '94 NDS will be contacted upon confirmation so that they are able to continue with their arrangements.

My best wishes for an EARLY 'SUNNY' SPRING! I hope to see some of you at some upcoming show! HAPPY EASTER!

*Norma*

#### FACE THE SUN

Don't hunt for trouble, But look for success;  
You'll find what you look for, Don't look for distress.  
If you see but your shadow,  
Remember, I pray, That the sun is still shining,  
But you're in the way. Don't grumble, don't bluster,  
Don't dream and don't shirk; Don't think of your worries.  
But think of your work. The worries will vanish.  
The work will be done. No man sees his shadow  
Who faces the sun. - Anon

## VICE-PRESIDENT'S REPORT

Fred Mullinax

Hi Dutch Fans,

I hope everyone has made it through winter and have raised that perfect Dutch. I've heard that alot of states have had bad weather this winter and had some bad luck with raising babies. Here in the south it's either too cold or too hot and the rabbits don't know whether it's winter or spring.

I hope everyone's ready for the National Dutch Show in California. If it's too far for some of you I hope you plan on making it to Fort Wayne, Indiana in May. I've heard they're planning on having a big turnout. All the guys putting on this show have been in Dutch for many years. I would tell how many , but Al, Bob, Reggie, Stan, and Lynn probably together have over 150 years of experience.

A few weeks ago in S.C. there was two youth shows. In both shows the same rabbit won Best In Show. Also, in the open show a Dutch won Best In Show and the same rabbit won the Carolina's Dutch Show. Let's hear it for the Dutch!

I hope all of you that plan on running for an office or a director's position have gotten your petition and are getting them signed so you can get them back to Norma.

I hope to see all of you soon. If not at a local show, maybe in Fort Wayne.

---

ED: I had the privilege of judging one of the shows in S.C. that Fred was speaking about. Indeed, a Dutch won Best In Show, and it belonged to Fred and Kathy. It was a classy little junior. I judged the Dutch, and there was more than just that one which showed great potential. One of our long time ADRC members recently acquired his judge's license, and this was the first show he had judged. Ray Brewer judged the Carolina's Dutch Show, and he ended up with the same rabbit I did. That made me feel good, as it meant I finally did it right! I believe Ray did a great job for his first time under pressure (and believe me, when you are doing any specialty show you are under the gun). This will give us all another name of a good Dutch judge to consider when voting National Convention or National Dutch Show judge's, so keep his name in mind. With the adoption by the ARBA of the single breed license, I believe we could have many more good Dutch judges.

## DISTRICT I

Kevin Hooper

What a start to the 1993 show season. Lima RBA on Feb. 6 had 79 shown in youth and 186 shown in open. While the youth show was won by a non-member, the open show was won by a you. BOB and BOS ! Robin Hessick won with a Black Sr. Doe and a Blue Sr. Buck. Congratulations! Anyone ever heard of a one day regular all breed show drawing that many? I certainly never have.

The midwest winter finally began in mid February. It hasn't been bitterly cold other than a couple brief nights. The rabbits learn quickly how to eat ice in my unheated barn.

Last issue had an article with some suggested standard changes. Please take some time to study this and forward your opinions on these to me or another member of the committee. I have addressed a couple of these elsewhere in this issue.

A problem was brought to my attention recently which the club may need to address. It concerns the method we use to select judges for our NDS and ARBA convention. For example on the last ballot a couple of the top nominations declined. That left us with only four to choose from. What happens if the top two vote winners from those four are booked and the other two on the list are still available? The two still available may have only received one nomination each and may only get one final vote as well, yet those are the chosen judges for our premier shows. This has not necessarily happened but the potential is there. I'm only surfacing a potential problem, not criticizing any judges on the list.

A potential solution: Open the judging of our shows to non-members. A judge can't afford to be a member of every club, yet may be a good Dutch judge.

Place a minimum number of votes required to be nominated or elected.

And the most difficult of all... get the majority of the membership to vote!

I'm still hoping to make it to the NDS in California this year. So far Delta wants to charge me more than I want to pay. I figure the plane is going with or without me, so why can't they make me a bargain deal? They don't seem to buy that arguement.

Please send me your input. To act as your Director in District I, I need to know what you think.

## DISTRICT I

Jack Wireman

Fellow Dutch Breeders,

Well, here we are part way into 1993 and show season has started in this area. Lima had 186 Dutch in open and 70 some in youth the 7th of February. This is the 1st show of the season in Ohio and the bunnies sure do turn out in all breeds from all over.

I want to congratulate the youth that took both ends of the open show, and I understand the same girl won our Ohio Dutch Show in Circleville in November. I'm very sorry to say I have forgotten your name young lady, but keep up the good work. This young lady is from Indiana so you guys in Indiana know what she can do.

You who wish to hold office in your American Dutch Rabbit Club get your petition from Norma and get it signed and back to her.

As for District I, I am not going to run again. We have a good director from Ohio in Kevin Hooper. I feel it's time for me to step down. I feel I have served my time and hope to have helped in some way to better the ADRC. At least I feel that I have tried to do my best and enjoyed working with the folks I have served with.

We have lots of good people in this club. If for any reason you are not really satisfied or have some new ideas, get your petition, get it signed, and send it in. It's your club. A seat will be open to run for director in each district.

Don't forget the National Dutch Show in California in April. The the National Convention in Washington in November, and all the shows in between. I just sit here and look out the window and think of all the miles and long hills between here and both places, and maybe some snow with the hills also. Oh well, we will see what happens until then.

How about some articles from out there. Let's send Dick something to print in our DR. How about if only a note to say Hi to a friend somewhere in the country. At least we can read it and say "Gee, I didn't know so and so knew so and so in such and such a place. It would do for a start.

I better get this to Dick so he can decipher it. Me and a type writer don't get along. Don't forget to take out a petition, and don't forget to VOTE when the time comes.

Until someplace or sometime down the line.

## DISTRICT II

Dr. T.E. Reed

Spring is just around the corner and throughout the Midwest there is much Dutch activity. The majority of the activity at this time is one breeder talking to another and making plans for all the various exhibitions that are going to be forth coming in the spring. At the present time, there are probably more quality Dutch being shown than in many, many years.

The Dutch family continues to grow and expand upon the camaraderie that is desirable in the rabbit hobby. I would hope that all Dutch breeders will lend a helping hand to those youth and other breeders that may be confronted with some of the problems that are faced by Dutch breeders. Many of the rewards of the rabbit fancy comes in the assistance of the youth or another member when you assist them in gaining a win or resolving a problem.

Editor Gehr continues to produce an excellent newsletter. I think the Board needs to consider very strongly of compensating Editor Gehr with a token for his efforts. The majority of our other specialty clubs do this; and, I am sure in the future we will not be able to find an individual that is as dedicated and with the amount of time that Dick has. [ED: excuse me for a minute while I control my laughter.... TIME?]. The quality of the Dutch Reporter parallels the growth and camaraderie of the breeders.

I would like to request that the membership become involved and relate their opinions to the Executive Board and Directors on this matter so they can do what the membership desires. Every Dutch club member must be indebted to Editor Gehr for his efforts on the Dutch Reporter. A good Dutch Reporter that is printed at the recommended time will dictate the future of the American Dutch Rabbit Club.

If this director can be of assistance to you in any way, please do not hesitate to respond. It is extremely important that the Standards Committee become involved and I encourage all members to forward your comments on the Dutch standard to those appointed individuals.

---

ED: Thanks for the flowers, Director Reed. I enjoy doing the DR in all that "time" I have, but I still reserve the right to donate my efforts. If it helps the club, I do not mind the work. We'll leave it at that for now.

## DISTRICT II

Dick Gehr

Another show season is in full swing, and wherever I judge it seems the Dutch breeders are ready. I have had the opportunity to judge in several states thus far in 1993, and believe me, the Dutch competition is exciting.

One of the "hottest" Dutch I have seen was a little junior owned by Fred and Kathy Mullinax. That rabbit will give other Dutch breeders nightmares.

Elections will soon be upon us for the ADRC. Jack Wireman, Fran Schettler, and Myrl Milhahn will have their terms expire as Directors. If you would like to contribute to the club in this capacity, by all means take out a petition and get it sent in. The input of all ADRC members is most welcomed, whether you serve as an officer or director or not. We are all in this together, and the desires of all members is our main objective.

Ray Brewer, a long time member from South Carolina now has his all breed judge's license. I worked with Ray at his first show, and he could judge our rabbits anytime. Not only the Dutch, but anything we raised. Give him some consideration when voting for National level judges.

I judged in Massachusetts recently and got to see and talk to some of the Dutch breeders in that area. Wayne MacKinnon showed one of the classiest little chocolate juniors I have seen in a long time, and I found that he had made arrangements to sell the rabbit prior to it being judged. Raising a Dutch of this caliber is hard enough, but being willing to let someone else have it for improvement purposes is stupid! Not really, I admire Wayne for his convictions to help others improve. I doubt if I would have let one like that get away before a couple of the big shows, but you know Wayne, he probably has better sitting at home. Wayne talked of possibly trying for a single breed Dutch judge's license in the near future. I believe this would be of benefit to the ADRC and it's members. Judge's that are familiar with our breed are needed, and besides, it may keep him off the showing tables! Now if we can only get Mark Pecaric and Ken Emerson to apply for a license the rest of us will have a chance to win the big one provided we can get all three judging the same show!

I would like to expound a little on the recent ARBA resolution that was passed at Columbus last year in regards to a single breed judge's license.

This proposal was initiated to try to improve the

judging of breeds at specialty shows, National breed shows, and the ARBA National Convention. Many breeders out there are more than capable of judging the breed they specialize in, but have not had the chance the way our judge's licensing procedure was previously set up. Now, a breeder excelling in a particular breed is able to work for and obtain a license for one specific breed. I can think of several prime candidates that I would not have a problem showing Dutch under at a National level. In the past, it seems we have been rather limited to judges we feel are properly qualified to judge our animals at the really big shows, and this opens up the gates for an increase in judges of this caliber. Think about it, and don't be afraid to get on the band wagon. You could be behind the table at the big shows instead of some of us. Misery loves company!!

In the last issue I printed the proposed standard revisions by the ARBA Standards Committee. To date, I have not heard any opinions of other Dutch breeders. I am sure we all have our thoughts on these matters, and the ADRC Standards Committee should know your thoughts before we propose items to be voted on. Contact one of the ADRC Standards Committee members with your input. Dr. Reed is the chairperson of this committee, and other members are Dick Gehr, Ken Emerson, Kevin Hooper, and Chuck Christ. This committee has deadlines to meet, so don't put your input off until you feel like you have nothing else to do. DO IT NOW! The subject of "freckles" should be a prime concern of all Dutch breeders. The top weight on juniors also needs your input. Don't let the five of us make a decision you will be complaining about later. *Speak now or forever hold your piece.*

I am very sorry to inform those that aren't aware of it that Dale Zentner has passed away. Any of us that knew Dale are familiar with not only what an excellent Dutch breeder he was, but also of his quiet humor, willingness to help others, light hearted friendliness, but most of all his sportsmanship. I cannot recall another Dutch breeder that was so willing to accept a judge's opinion, even though it may have differed from his, and not say a bad word about the decision. As a judge that has worked several large shows in which Dale exhibited, I am grateful of his attitude. I remember times I would get done judging and ask him "Well, what do you think?" His reply was always, "That's the way you saw them today." I hope others have, or will, adopt this outlook. It would be a fine tribute to a great Dutch breeder. We will miss you Dale.

## DIRECTOR'S MESSAGE

BY FRAN SCHESSLER, CALIFORNIA

Valentine's Day has just passed, a reminder that the 1993 National Dutch Show is fast approaching! I hope that all of you are planning on attending our "Have a riot in California" National Dutch Show. The show will be located in the beautiful Pleasanton valley just east of Oakland, in the San Francisco Bay Area. This is a long distance from where the Pomona ARBA Convention show was held, so if you went to Pomona and think you've seen California-- you haven't. Northern California is a vacationers paradise, and there is a great deal to do in the immediate area of the showroom, if you don't want to travel too far. If anyone would like specific questions answered, please contact me at **510-838-8036**. The best time to get me is after 8:00 p.m. weeknights (Pacific time).

Requests for catalogs should be sent to me at my address, which is shown below. All officers and Directors of ADRC will automatically get a copy. Catalogs will be in the mail by the time you read this. Entries close March 31.

I apologize for not having any information on the show in the last Dutch Reporter-- somehow the publishing schedule of the DR got delayed due to some problems with the printouts of the show results, and the issue that as supposed to be mailed in November 1992 didn't go out until February 1993. This has caused the whole schedule to slip, but Dick has promised to have this issue out as early in March as he can.

If you need to reserve your hotel room, please contact:

Holiday Inn  
11950 Dublin Canyon Road  
Pleasanton, CA  
510-847-6000

Reservations should be made no later than April 1, and tell them that you are with the California Dutch Rabbit Club. Room rates are \$55.00 per night for up to four people. There is also an 8% room tax.

If anyone is planning on shipping rabbits in unaccompanied, please contact me at my telephone number above or write all the details down and send it to me at **305 Romae Court, Danville, CA 94526**. Please remember that many freight offices are closed on the weekend, and we prefer that you ship to Oakland International Airport, which is the closest airport.

We have a special arrangement with Hertz Rent A Car for the show. Special rates with unlimited mileage have been negotiated for us and are available both before and after the show. To make reservations, call Hertz meeting services at 1-800-654-2240 and identify yourself as meeting #2281. Cars can be rented and returned at the following airport locations: San Francisco, Oakland, San Jose, Sacramento and Monterey.

If anyone is planning on vacationing either before or after the show, we can make arrangements to bunny sit your rabbits. Once again, please contact me to make arrangements.

Also, if anyone needs help arranging transportation to and from the airport, please contact me.

Our youth committee is planning several youth activities for the kids. There will be a pizza and pool party Friday night from 6 - 8 p.m. Cost will be \$8.00 per person. Signups should be sent to Chris Hixon, 816 Cleveland Ave., Petaluma, CA 94952.

The kids are also having a Dutch rabbit bowl, which will be held after the youth judging, and after a judging clinic presented by Shannon Byrom, one of our local judges and our ARBA District Director, who also has the good sense to raise Dutch! Entries for this should be sent to: April Worley, 816 Cleveland Ave., Petaluma, CA 94952. I understand that there will also be some youth T-shirts available for purchase at check-in.

The members of the California Dutch Rabbit Club are looking forward to seeing all of you at the show. If there is anything we can do to help during the show, look for us in our special T-shirts!

## DISTRICT III

Chuck Christ

One of my many faults is my inability to express myself clearly using the written word. By the response in the last Dutch Reporter, I did it again.

In the sweepstakes report I think Kevin and Jeffery are doing a great job. My feeling is that if we are going to award points for BOSV they should be published. Kevin tells me that it would be slightly more typing for him and slightly more room in the DR, but he could do it. Publishing points per show would be alot more work and possibly not worth the time and space. That I can understand. Transferring the youth points from open shows to the youth sweepstakes would be very difficult, and may not be the answer for our youth.

I can't explain why Dutch breeders volunteer as much as we do. Maybe it's the enjoyment our Dutch rabbits give us. I wasn't putting down anyone of the many people that help make this club and breed as great as it is.

One of the jobs of a director is to come up with ideas to improve the ADRC, discuss those ideas, and then vote on them. I was simply trying to come up with an idea. They will not always be good ones.

Wenton should know me well enough to know that anything the ADRC needs, I will be willing to help with if it is within my abilities. Through the last DR I found I was asked to be on the ADRC Standards Committee, which I will be more than happy to do, and I have informed Wenton of this.

I still maintain the DR is the best specialty club magazine out, do in large part by the great efforts and time of Dick Gehr.

I hope to see many of you at the NDS in Northern California. It should be a great show.

---

ED: Chuck, my response to your article in the last issue may have sounded rather harsh. For this I apologize. It was not written in this context, but I guess it appeared so. No one is more aware of your dedication to the ADRC and its members than I. I commend you for your convictions. Please continue as you have in the past.

**THINK CALIFORNIA**

## FROM THE EDITOR

March already! 1993 is already one-fourth gone and one of the biggest events for the Dutch breed is fast approaching. I hope many of you are making plans to attend the NDS in California. With the crew they have out there, it can't miss as being one of the best National Dutch Shows ever. I know I am looking very forward to attending. Not only as one of the judges, but also as a person interested in the Dutch breed. My first rabbit was a Dutch back in 1973, and there has never been a day that we haven't had Dutch in the barn since. Some good, and many bad, but they have always been there.

In Dr. Reed's article, he suggests the membership make recommendations to the Board regarding their thoughts for some kind of a token for my efforts in publishing the DR. This is not necessary, and the subject has been addressed previously. My feelings have not changed. As long as the members are satisfied with the DR, I am satisfied. If the membership wishes to do something, I would encourage a few more (actually many more) ads in the DR to help defray the cost to the club. In the last issue there were 13 ads by breeders and 2 judge's ads. Out of a membership of approximately 700, this is minimal to say the least. This issue will contain a couple new ads, but proportionally the participation is still about as much as 3 or 4 white hairs in a colored section. Remember, this is considered a fault, both in our breed and in our magazine! This might be a hokey comparison, but none the less true.

There are several "inside front cover" ads available at this time. The previous ones had been running for a considerable amount of time, and I decided it was time to do something about it. I offered all existing advertisers the opportunity to continue their ads, and had two that decided to continue. The format will be such that 6 ads will appear on the inside front cover. You may be able to get up to 12 lines per ad, depending if there are any pictures used within the ad. The space provided for each ad will be approximately 3 3/4 inches by 3 1/4 inches, and the cost will be \$60.00 for 8 issues (2 years). At the present time, there are 4 open spaces. If you would like to reserve one of these inside front cover ads, send the appropriate fee and a copy of your ad to me. If you wish, I will lay out the ad with information provided by you. These will be reserved on a "first come, first served" basis, so if you are interested contact me ASAP. Should I receive requests for more than the available spaces allow, I will return your money. Thanks for your support.

# ONE OF THE GREAT ONES

Dale Zentner, with one of his many Best of Breed Dutch.

ED: The following remembrances of Dale were submitted for print. I hope all of us that knew Dale will reflect upon the many good times we had with him. Dale will remain a friend to the Dutch fancy as long as we keep him a part of our memories. It is said that "Time erases all it pertains to, but memories are stronger than time"

---

Mr. Zentner (Dale), 68 of LuVerne, Iowa passed away February 8, 1993 at the North Care Center in Humboldt, Iowa after a long illness.

After returning from the service in World War II, Dale managed a Standard filling station for four years until he purchased Zentner Livestock, which he operated 23 years.

In 1975 he started as a rural letter carrier in LuVerne and retired from that service in 1989.

He raised Dutch rabbits for 37 years, winning many state and national awards while traveling all over the United States. Being a very competitive exhibitor he always had a smile, win or lose.

Dale was a former member of the American Legion, the American Rabbit Breeders Association, and held lifetime memberships in the Iowa State Rabbit Breeders Association, Iowa Dutch Rabbit Club, and the American Dutch Rabbit Club.

He will be missed by all who knew him. To his wife, Marilyn, and family we extend our sincere condolences.

Submitted by Roger Eich, IA

---

I want to write a note about Dale Zentner. As a lot of you know, Dale and I were seen together most of the time, whether at local shows or at a National show.

Without sounding too flowery, he was a very good competitor, showman, and travel companion. Most of all, a very good friend.

He never complained about the judge's decisions, whether he agreed or disagreed. I might hear a little bit about it in the privacy of our motel room, but that's where it was left.

I hope some of his showroom behavior rubbed off on some of the other exhibitors.

I am going to miss a very good friend.

Lowell Simonson, IA

---

ED: I reflected some thoughts of Dale in my Director's report. However, it goes without saying that many of us miss his presence at the shows. Dale was noted for his Blue Dutch, and always had a Tort or two that would compete anywhere. He was a very dedicated breeder of the Dutch rabbit, and was an inspiration to anyone desiring to raise this breed. His patience and tolerance with his rabbits, as well as new breeders (and old) was a refreshing thing to witness. Let us not remember him for only what he did with the Dutch breed, but also who he was. A good friend.

## LETTERS..... WE GET LETTERS

Hello Dick,

I am writing this letter in response to Chuck Christ's letter about the transfer of youth points.

When my Dutch Reporter arrived I went right to the minutes of the General membership meeting at the 1992 Convention. There is no mention about the youth member who attended the meeting and would also like to see the points transferred. The problem is not that youth Dutch are not sanctioned, but the fact that many clubs do not host a youth show at all! If these kids hold a youth membership and their points are being split between open and youth, the kids are not receiving the recognition they worked so hard for. What youth (unless older maybe) would not want to compete against the other youth?

I think VERY FEW if given the chance. It was also not mentioned that there was an adult there that was willing to handle the points and transfer them. But if this does not appear feasible, this is my solution.

In attendance with my daughter at a non sanctioned youth show (sanctioned for open only), I looked around the room and many of the exhibitors were youth! Since then my daughter attends only youth sanctioned shows. True, she does not show as much as she would like to. I have encouraged the youth in this area, and would encourage youth in any area to stop patronizing the clubs who don't recognize their youth. Maybe when the numbers of rabbits exhibited at the shows drop, the host club will wake up and do what it takes to get this important group of young exhibitors back in their show room.

As for the BOSV winners being listed, I also agree. In 1993 they will be giving points for BOV and BOSV. This in itself has added extra work to the sweepstakes chairperson's job. Since they will have to sort this out to add the extra points just like BOB and BOS, would it really be that much extra work? I must say that I agree with you about printing the points for every exhibitor at every show. I think it's enough that the sweepstakes people keep up with the top 20 overall and district standings for youth. Every exhibitor receives a schedule of personal show results and points from the show secretary of the shows attended. BOB, BOS, BOV, and BOSV points can be easily figured by looking at the "number shown" box on the leg certificate if applicable. The serious exhibitor will be able to keep a running tally of their points and contact

their respective sweepstakes chairperson if their points are listed incorrectly when the standings are published in the DR.

We should commend the people who hold these basically "thankless" jobs. Let's face it, Editor or sweepstakes chairpersons have a lot of work. We should all be thankful they are willing to do them at all! Sure, sometimes they make mistakes, but we all do... we are human.

My applause goes out to Jack Wireman for his letter to the Editor in the Domestic Rabbits Jan/Feb 1993 issue. It's time to make room and let the kids who are serious about breeding and showing their own rabbits make a move. You can tell who these kids are, just ask them a question about the bunny they are showing. There is nothing wrong with a young exhibitor who is having a problem and would like something demonstrated to look to an adult for help, but it should stop there!

The committed youth I have met are intelligent and helpful.

By writing this letter I think I have made up for the years I did not write.

Bonnie Glenn, PA.

Dear Mr. Gehr,

My nephew is a member of the American Dutch Rabbit Club, so we receive the Dutch Reporter. I have read the last couple issues regarding cutting out 2 issues a year, and it prompted me to write this letter just to let you know how much we enjoy the DR.

While I am sorry to read that this cut must be made, I can certainly understand why it would be much easier, as I am sure it must take a considerable amount of time to set up each issue.

Well, I just wanted to thank you for the great job you do, and to say I hope you can stick with it.

S. Larson, MN

ED: Thank You, S. Larson. Your comments are appreciated. Be assured, however, that although there will be two less issues per year, all information, articles, etc. will still be printed. The ADRC membership, or those reading the DR will not be deprived of any news submitted to this Editor.

## MORE LETTERS.....

Norma and Dick,

Just a short note to tell you that the 1992 National Queen is Lisa Burnham. She has her story in the next issue of the Domestic Rabbits magazine. She has had Dutch for 8 years, and has been in the ADRC top 20 for 6 - 7 years.

ED: Lisa is from Swartz Creek, MI.

---

### BUYING A DUTCH

The question I get asked the most is, "What should I look for when purchasing a Dutch Rabbit?"

What I look at first is the type, fur, and color. Yes, markings are important, but they will come with time. Without the correct type in your breeding stock, you will never have young with the correct type.

The next step is markings. Look for those that may help your existing stock. For example, if your stock has long stops, you may wish to introduce some stock with shorter stops.

The most points are on the cheeks, saddle, and undercut, so I start with these. I feel that the most obvious marking which a judge sees the most often is the saddle, so I would start with the saddle, then cheeks, then undercut, then stops in that order.

It is very important to look at the following, although for a new breeder it can be intimidating:

1. EYES - Look carefully for spots or incorrect color.
2. TEETH - not butting, but straight.
3. GENITALS - Check for abscesses or irregularities.
4. HIND LEGS - Stay away from cow hocked legs.
5. TAIL - Make sure it is not broken (although a broken tail would not eliminate an animal from your breeding stock).

The old adage is still a good one - "Buy the best quality animals you can afford." I would add to that by including: "Make your purchase from a reputable breeder, and if possible buy a trio from that line to work with for starters."

Also remember that the first breeding does not usually produce your winners. It usually takes three generations, so you must stick with it a while.

### TAKING THINGS FOR GRANTED

When you get up in the morning and turn the key in the ignition to start your car, you take it for granted that it will start. For years you just turn the key and go. When that one day comes and it doesn't start, the reality of getting it fixed, being late, and all the inconveniences set in.

I belong to many local, state, and national clubs and though none of them run totally smoothly, the ADRC is by far the best run and has the nicest people.

Norma has done an outstanding job for many years. Dick has a thankless job putting out the best newsletter I receive, and Kevin does a very time-consuming job that no one really thinks about.

The point to remember is that when all is not running perfectly or something is a little late, think twice before pointing a finger.

So, the next time you see one of the people mentioned above, thank them, tip your hat, or just wink. Let them know that they are doing a great job and that we are not taking them for granted.

---

ED: The previous two articles were written by Ken Emerson from New York. Anyone that has been on the local, state, or national scene exhibiting Dutch rabbits should know Ken. I would say he has been the most successful Dutch breeder since Evenburg and Stearns used to dominate our breed. Taking heed to Ken's advice could be very beneficial.

On a final note Ken, wink at Norma or Kevin all you want, but you're not quite my type!!!!

---

Dear Dr. Reed,

I have a problem getting my Dutch bred. I haven't had a doe catch since last spring. I do not think they are too fat, but have cut the feed thinking that would help. It didn't. I've used 6 different bucks.

Is there anything I can do to get them to catch? I am on city water that has chlorine in it. Don't know if this would matter.

Any advise you could give me would be greatly appreciated.

ED: Dr. Reed's response to the above letter follows. Perhaps others have had this problem.

Dear Dutch Breeder:

I am in receipt of your recent letter concerning the problems you are having getting your Blue, Black and Gray Dutch does to breed. Raising Dutch has a sufficient amount of challenges as it relates to getting the required type and markings; let alone adding the difficulty of getting the does to breed. This can certainly be one of the most discouraging entities in raising any breed of rabbits.

Since the animals are receptive to the buck, it is apparent that there is hormonal activity within your does and that the problems probably lies in the fact that there is a failure of the union of the sperm with the eggs; or, there is a failure after the egg is fertilized that it does not have an appropriate place to implant in the uterus and develop until the termination of the gestation period. Due to the fact that you have utilized six bucks, I would doubt very seriously if your problem could be associated with infertility of the buck. One may have one buck that would be sterile or have a very low sperm count; but, it would be highly unlikely for all six bucks to have that problem.

The utilization of city water that is chlorinated would not be associated with the problem as we usually recommend that even with city water that is chlorinated, breeders add one teaspoonful of household bleach to their drinking water to assist in reducing the bacterial growth in their water lines to assist in the resistance of the animals to the exposure of many of the common types of bacteria that proliferate themselves in water crocks, water bottles and automatic systems.

Failure of the sperm to unite with the egg can be a result of the does being obese and the fat collecting around the ovaries. This acts as a physical barrier to prevent the sperm and egg from uniting. However, being a breeder for twenty-three years, I feel confident you probably could probably detect an obesity problem to some degree; particularly in the number of does you have. In addition, since you have not raised a litter since last spring, if the animals would be that obese, I would anticipate that it would be to a point there would be a decrease in the hormonal activity of the does and the does would fail to be receptive.

This leaves the area of the endometrium of the uterus that I would seriously question. Once the egg and sperm unite, the egg attaches to the uterine wall at approximately five to seven days after conception. The placenta then develops to nourish the developing embryo. The health and integrity of the endometrium is very important to insure that the developing embryo completes its development until the termination of the pregnancy. There are two possibilities that may be happening in your Dutch does. One would be that there is an endometritis to the degree that there is no viable place for the fertilized egg to attach to the uterine wall; therefore, your does will not conceive after being successfully mated. The other alternative would be that the

fertilized egg attaches to the uterine wall after the fifth to seventh day and development is initiated; but, due to the damage to the endometrium, the young developing fetes does not receive sufficient nutrition, the embryo is reabsorbed and no young are born. When there is an endometriosis in the does, one can see absorptions prior to the eighteenth day, abortions from the eighteenth to the twenty-sixth day; or, sometimes feti will be born and they will be very weak and be still born. In other situations, the kits will be born; but, the doe fails to have a sufficient amount of maternal instincts to take care of the does and they die from exposure, not nursing and etc. However, one may only see does that do not conceive.

The variation in the signs that are presented will usually depend upon the severity of the endometriosis.

I am sure you understand it is very difficult to make a definitive diagnosis from information received via the mail; but, I hope this will give you some possibilities to think about. I would suggest that one sacrifice a doe and have the reproductive tract closely examined and cultured. Once an organism is cultured, one can usually treat the doe with the appropriate antibiotic and hormone to get a portion of the does back into production. The longer the infectious process has been present, the greater the percentage of does that will be permanently lost from the breed herd. In many instances, this can be a true venereal disease where the organism is passed from the buck to the does and vice versa. This condition can also be seen in virgin does that pass through the birth canal of an infected doe.

Another situation you should give consideration is the possibility of a Vitamin A toxicity. It has been suggested that Vitamin A toxicity occurs when utilizing only nineteen times the amount of Vitamin A that is necessary in the diet. I feel confident that most commercial feeds have an adequate amount of Vitamin A present; but, when one starts supplementing the diet with various vitamins in the drinking water and etc. a Vitamin A toxicity could occur. There are usually other signs associated with the toxicity; but, it does involved the reproductive tract and one may want to give Vitamin A toxicity consideration. Through the years, many have added wheat germ oil, peanut oil and etc. to the diets to enhance reproductive performances and to reduce breeding problems. This practice was probably very beneficial when rabbits were fed a grain diet such as corn, oats, alfalfa hay and a source of salt. This was probably even beneficial when administered in conjunction with commercially prepared rabbit pellets. However, with the improvement of the stability and availability of vitamins used by most commercial pellet manufactures, the addition of these substances may be of no value today. This is because there is adequate Vitamin E and A supplied to the rabbits.

Some breeders recommend the use of cider vinegar added to the drinking water to enhance breeding. This was utilized several

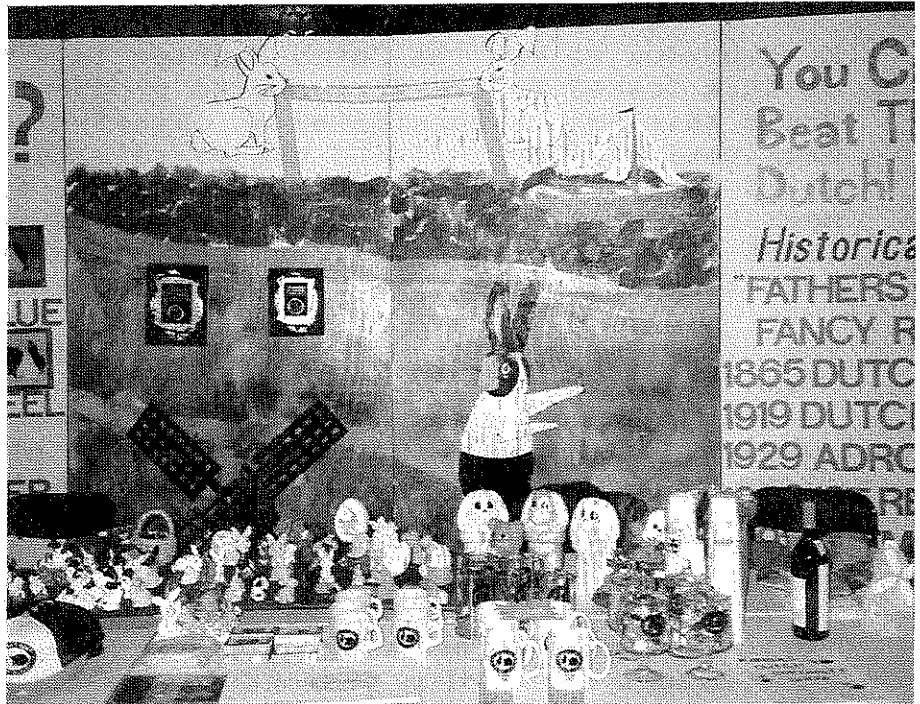

years ago when there was an abundance of estrogenic producing molds in the forage products. However, through the advancement of technology, one finds the incidents of molds minimal. There is very little scientific evidence to support the beneficial effects of the utilization of cider vinegar in the drinking water. Any time one has a successful breeding program, one should not make any changes.

If you should have any further comments, questions or concerns; or, if I can be of further assistance to you in any way, please do not hesitate to respond.

Sincerely,

Dr. T. E. Reed

UPDATING OUR DUTCH STANDARD  
by Kevin Hooper

Most of you read in our last issue, the recommended changes in our Dutch standard by Judge Tex Thomas. I took particular interest in this as I have been appointed to our standards committee.

I believe the most important area of these recommended changes are: the freckle situation and the color descriptions of the Steel and the Gray.

The freckle - this refers to the dark colored spots in or on the nostril area. I was interested to see if this was a problem with my Dutch. Upon thorough examination of all of my Dutch older than five weeks, I found three animals with freckles - out of about seventy animals. One of these looks to be from damaged skin. I know there are some breeders who have a majority of their herd having freckles.

My question to you the Dutch Fancier is - What do you think on this issue? We are striving to produce the perfect Dutch. Would this not be considered an imperfection? After the examination of my herd and the overall lack of freckles, it would seem you could breed it out of the animals. We do not seem to have a big problem with freckles in Ohio, so your input is needed for myself and the other members of the committee as to the direction to take.

The Steel description - First let me address my concerns. In the last year, I have been using Grays to breed to my dark steels. This seems to increase the amount of banding in the dark colored steels, and produces MANY steels. These steels have been basically of three different shades. Dark or black steels, medium (more banding and slightly more brown in cast) and light (heavily banded and appearing very brown). I have also been using the medium and light steels to a blue buck or a black buck with some blue ancestry. This has produced both dark and medium steels by diluting (by use of the blue gene) the amount of banding present in the steel. This tells me that all of the three shades of steel are useful to the steel breeding program. Therefore, we should recognize the various shades of the steels if we are to build on this variety. I would agree that the dark (lacking of a brown tint) and medium shades are much more pleasing to observe.

The current standard does tend toward the dark (black) steel. If we strive to produce this only we are shooting ourselves in the foot. We can only produce a very few of these by using dark steels and discarding the two lighter shades. The lighter shades when bred to blues or blacks carrying blue produce medium and dark steels regularly.

Since the steel breeding is directly affected by the

UPDATING THE STANDARD (cont.)

coloration of the Gray, I will give my input on that as well. One major problem with our grays leads directly to another.

Problem - The lack of bold ring coloration over the entire Gray Dutch. This can be visualized over the back of the animals when you blow into the fur and a definite brown ring is not visible. The current standard is vague in this area. I would agree that a disqualification for the absence of definite ring pattern over any of the colored portion of the Gray (excluding the underside of the animal) is needed.

I had mentioned at the directors meeting at the ARBA convention that the Gray breeders in my area had expressed their concern that the grays are becoming increasingly dark. To address this I will try to visualize the problem for you.

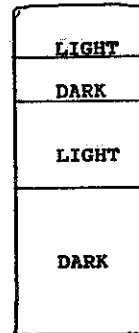

The gray has four bands of color:

Light tan tipping

Charcoal band (narrow band)

Medium tan band (second widest band)

Slate blue at the base (the widest band)

REMOVE THIS AND THE COLOR DARKENS

Black guard hairs dispersed throughout the colored portion of the pelt

Picture what would happen to the overall surface color upon removing the Medium tan band. The surface color of the gray would darken dramatically as the surface color of the grays is a combination of the bands blended together. Therefore removal of a light colored band would darken the surface color. We should strive to have as wide of a tan band over the back as possible. Grays which have a narrow tan band over the back would not be disqualified, but would still appear dark.

It must be noted that GRAY DUTCH in a molt will not show proper banding due to the different lengths of the hairs of old fur and the new fur.

Upon using the proper colored grays (nice bold ring color) in the steel breeding, grays of proper color will also be produced. However, steels bred to blacks and blues will still produce grays lacking in bold ring color.

My recommendations - STEELS Recognize the various shades of steel Dutch. There would have to be something listed faulting overly brown (also known as yellow) steels or we could face the problem of having very poor grays shown as steels.

UPDATING THE STANDARD (cont.)

Maybe only permitting the exhibition of medium and dark steels should be tried?

Clarify the color description to something that novices could understand. This will not be listed here for space considerations. I will have some color descriptions for the next DR.

Grays- Add two items. Disqualification for the absence of clearly visible ring color over any colored portion of the pelt.

Very bold, medium tan ban, as wide as possible over the back of the Gray Dutch

The underside of the tail to be white.  
(Current standard calls for the tail to match the belly. All Grays have a White underside of the tail.)

Following is the final election results for both the 1994 National Dutch Show and the 1994 ARBA Convention judges.

1994 NDS			1994 ARBA Convention	
Dr. T.E. Reed	20 **	There were 47 total ballots cast. 47 votes for NDS judges 46 votes for ARBA Convention judges	Dr. T.E. Reed	22 **
Larry Bengtson	11 **		Larry Bengtson	11
Al Butler	8		Al Butler	7
Vern Palmblad	5		Jim Kelly	6
Stan Freed	3			

\*\* The Senior judge for the 1994 NDS will be DR. T.E. Reed pending his confirmation.

\*\* The Junior judge for the 1994 NDS will be Larry Bengtson pending his confirmation.

\*\* The judge for the 1994 ARBA Convention will be Dr. T.E. Reed pending his confirmation. Should a second judge be required, the ADRC always lists those selected in order by votes for the sponsors so they can contact the next available in line.

<b>Banquet Information</b>	
The Banquet will be held April 24, 1993 at the Holiday Inn 1st Floor Dining Area at 7:00 PM.	
Menu	
<u>Adult Menu - \$15.00</u>	<u>Child's Menu - \$7.50</u>
Beverage	Beverage
Green Salad	Choice of
Choice of	Hamburger
London Broil	Cheeseburger
Chicken Chardonnay	Fries
Vegetable	Cake
Potato	
German Chocolate Cake	
Be sure to include your banquet reservations, including entree choice and payment, with your entry. Space for reservations is included on the official entry form. The final banquet count must be returned to the caterer on 4/21/93, so no reservations will be accepted at the show.	
High chairs and booster seats will be available for the children. Anyone with children too young to attend the banquet should contact Fran Schettler about the possibility of hiring a group babysitter. Provided there is sufficient interest, child care would be provided in the hotel by an experienced caregiver. Fran can be reached at (510) 838-8036.
