DEVOTED TO THE INTERESTS OF THE  
BREEDERS OF DUTCH,

*America's Finest Rabbit*

## American Dutch Rabbit Club

It is that time of year for hot weather and also protection of those rabbits. They sure have been suffering from heat around here. Try to give them all the protection you can and plenty of fresh water. Mine seem to enjoy laying against those water crocks for a little cooling off.

The nomination results have come to me and hope they are in this issue of reporter. Again there were not to many of the members voted. Thanks to the election committee for their time spent in getting these results out.

It is also time to think about what you are going to show at the Convention in York, Pennsylvania. I hear they are limiting the entries so you will need to pick out those good ones and get them ready.

The spring shows around here were sure well attended and a lot of good Dutch showing up. There are a lot of new breeders coming to the shows and they are bringing good Dutch with them. This means to me the Dutch are a real challenge to raise and people are looking for that challenge today. Well, I will see you at the shows and hope to see many of you breeders at York.

## SECRETARY'S MESSAGE

The past two months have been slow months for the Dutch Club, but busy months for us. We recently finished first crop hay, have the barn almost full and are ready to start on the second crop. Crops in our corner of the state are fairly good, but we are running on the bare minimum of water - just when it gets critical we have been getting a rain shower to keep us going for another week. If it can just keep it up for another month or two, we will be in good shape. Hope your summer is running along nicely, and that you have time to enjoy it. Summer sure is a busy time for all.

The ballots will be in the mails on August 1st. Be sure you have them in the mail by September 5<sup>th</sup>. We have a fine selection of directors to choose from, as well as Judges for the Convention and the NDS. I think the director slate is impressive in several ways. First of all it has a nice variety of people, from different areas, some old-timers, and some relatively new-comers. I personally think that any three of the six would be good for the club and that this is a fine situation for a club to have going for it. Vote for whomever you think would do the best job, and I think that whoever wins, the real winner will be the Dutch Club.

The ARBA combination memberships continue to come in, but not as fast as they had been coming during the first part of the year. When you send in a combination, be sure to note your old number if you are renewing, and it will save us some possible confusion. The ARBA is currently changing procedures on membership names, to remove the confusion of rabbitry names and partnerships. We have had some past confusion in this area at times also. Perhaps it would be best if we did this also--allow no memberships except in personal names.

An important thing that I would like to clarify is the listing of members on show sanction reports. Occasionally someone will write us to complain that they had not been given credit for a win at a recent show. Quite often the problem is that there are multiple members of a family showing, but not all of them are members of the ADRC. Once in a while a youth will be listed under his father's name instead of his name. WE DO LIST ALL MEMBERS SHOWING, WHETHER THEY BE YOUTH OR ADULT! As we do not have a youth division in the ADRC, the youth that are members of our club are full members, entitled to all rights and all privileges of their membership. If there is any potential confusion in your situation, check with the secretary of the show to insure that your names are listed correctly. The secretaries will be glad to get it correct, so that there is no problem later on, trying to find the error and correct it.

Convention time is coming up soon. Plan on attending if you can, and most especially if it is in your area. The next DR will come out just about the same time as the convention, so this is your last reminder to send in any late specials for the convention show. We will post them in the Dutch Booth at the convention for all to see.

Check your membership to make sure that it is not expiring soon. If it is send in your renewal ahead of time. (CONTINUED)

SECRETARY CONTINUED

We don't want you to miss anything because you let your membership lapse. If you sell some breeding stock, tell the person about the club, and give him a membership blank. (Some members include the price of the membership with the rabbits and get the people started right.) Promote the ARBA too, they help promote us and remember that the club gets that commission for a combination ARBA membership. SEE you at the shows and may that BOB winner be in your nest box, the next time you look. Best wishes.

Larry Bengtson

Sweepstakes Chairman  
Doreen Bengston

Ed's Note; Congratulations to all the winners of this series. Also I would also like to Thank Doreen for doing one heck of a good job with the sweepstake series. She kept us all up-to-date, with what she had to work with, in other words if she had the show reports we had the results. This is a job that you CAN'T snap your fingers and your done - - it is more like - - "Go buy me a wig - I just pulled all my hair out". So Thanks Doreen, not only from the editors but from all of the Dutch Club.

NOT RECEIVING DR?

My apologies to John Imes, I mistakenly took him off of the  
mailing list and John I am truly sorry. Thanks for letting me know.  
Also, Doug Anderson did not receive his DR-now I know I sent Doug  
his DR, sometimes they do not get delivered. If you don't receive your  
DR, write and let me know, if it is my mistake I will send you a copy  
First Class but if you receive a copy Third Class go and inquire at  
your Post Office. Let them know you really do read Junk Mail and would  
appreciate it being delivered. This helps to make sure you receive  
your DR's. Now I hope that is all of my mistakes for this issue, seems  
I really have made enough for a whole year already. Kathy

SWEEPSTAKES REPORT - 1976-77 SERIES

Another Sweepstakes year. It is hard to believe that some of you already have 10 shows on the list. Just think, the highest number of shows last year was 30, and you've only got 20 more shows to go to equal that record.

REMINDER: Watch your membership Expiration dates. Remember that the Sweepstakes rule #8, page 10 of your guide book says, "Members in good standing."

HINT: Keep in mind that it is my duty to keep a record of points for over 700 people. If you use a rabbitry name and your name also, that doubles the number, and makes the possibility of error greater. I'm not saying that you can't use rabbitry names, although sometimes I wonder if it is advantageous, but, please include your name on the entry blank as well. Our sweepstaked shows each year number more than 400 and your help would be greatly appreciated. THANKS.

 JUDGE: LES HELM NUMBER DUTCH 42 NUMBER EXHIBITORS 14

The first part of the paper discusses the general theory of the firm, focusing on the relationship between the firm's size and its performance. It argues that larger firms tend to have higher performance due to economies of scale and scope. This is supported by empirical evidence showing that larger firms have higher profit margins and are more likely to invest in research and development.

The second part of the paper examines the role of government in the economy. It discusses the impact of government intervention on market efficiency and the distribution of income. It argues that government intervention can lead to inefficiencies and a redistribution of income from the private sector to the public sector.

The third part of the paper discusses the importance of innovation and entrepreneurship in economic growth. It argues that innovation is the primary source of long-term economic growth and that entrepreneurs play a crucial role in driving innovation. It also discusses the challenges faced by entrepreneurs and the role of government in supporting entrepreneurship.

The fourth part of the paper discusses the impact of globalization on the economy. It argues that globalization has led to increased trade and investment, which has contributed to economic growth. However, it also discusses the challenges of globalization, such as income inequality and the loss of jobs in developed countries.

The fifth part of the paper discusses the future of the economy. It discusses the impact of technological change and the rise of artificial intelligence on the economy. It argues that technological change will continue to drive economic growth, but it also discusses the potential for job displacement and income inequality.

In conclusion, the paper argues that the economy is a complex system that is constantly evolving. It discusses the challenges of economic growth and the role of government in addressing these challenges. It also discusses the importance of innovation and entrepreneurship in driving economic growth and the impact of globalization and technological change on the economy.

THIS SHOW'S NOT GOING ON

The above is the caption to a picture that appeared in the Kankakee Daily Journal on July 21, 1976, the picture is a French Lop stretched out on the judging table while the judge is looking on. The article reads - "At least the judging won't continue until this 5 month-old French Lop rabbit wakes up. The judging in Salinas California was during National Rabbit Week. Official Walt Hawkins decided this limp-eared contestant needed a nap while he waited to be judged." Walt is a member of the ADRC. One little note - Hugh Bowers saw the picture and we were wondering - "How long you waited?" If I remember I will bring the article to the National.

DOGS ATTACK A BREEDER

A pack of Dogs attack Nelle Brady, lucky for her Don was near to drive them off. This happened before the NDS and Nelle is doing fine, she says, "she is busier than a one armed paperhanger with the hives." Don has also been in the hospital but he is ok now.

## MARYLAND TO MIAMI

I'm sorry we missed the last issue with an article, but after we left Maryland we went to Miami to visit that grandson and hadn't been there long until Don went to the Doctor and found out that he had a serious problem with his heart. Had to fly him home and he went into the **hospital** here. After eight days of tests and finding out nothing we hadn't known in Florida, they said his heart was fibulating, (beating three times as fast as it should.) They gave him the shock treatment - had to hit him three times, each time with more juice, and finally got his heart back into a normal rhythm. He was doing **fine**, and the day before he was to come home they put a man in the room with him who had chills and fever. Shut the door, turned off the air conditioner and in general filled the room up with germs. He came home on Wednesday and on Friday came down with Chills, Fever and the whole bit. But he is up and around now and for the first time tried to do a little blacksmith work today.

We had a great time in Maryland, seeing all the people and re-newing acquaintances with those I had met last June. Sure do like those friendly people up there. Was pleased to win one class and Best Opposite Tort. I think some of the people might have felt I would be disappointed in not winning everything, but it is just the opposite. You know, when we started out in Torts, we decided to promote them and get people to raising Torts and bringing them out. I think this has happened. And they are not just any old Tort. They are raising good ones that can win. Each class in the Torts was won by a different breeder. So that sort of proves that quite a few people are working on them. I can't help but feel a sort of pride, for in going back and looking at the records five years ago, you didn't find as many people raising them. We have started now fellows. Keep up the good work in raising good Torts. I'd lots rather take a second place in a class of 20 than win in a class of 2.

We are beginning to roll on our 1977 ARBA show. We hope to have quite a bunch at York to put out the word. We are stuffing our hospitality wagon full and hope to bring some enthusiasm and good news with us.

The fellows in Maryland did a good job and we had a good time. The banquet was excellent and if you didn't go away full it was your own fault. Course I have to add a Texas note. That air-conditioned motel sure was nice in Texas. I'm just kidding, we did have a good time.

I know Don will try to get an article out as soon as he feels up to it.

Just want to tell some skeptics who were up at the convention. I did leave both the drums and rabbit in Miami and didn't get thrown out. Also a few words of wisdom I came across which makes **us** stop and think. "Be careful of the words you say, keep them soft and sweet, You never know from day to day which ones you'll have to eat." "If you come to the end of your rope, tie a **Knot** in the end & hang on." That's all for now.

Nelle Brady

## BACK IN THE SADDLE

Just a little note to tell you I am doing better and back in the shop. Also so Kathy won't talk ugly about me for being one of those do nothing directors. (Ed's note: I have never said that about you Don) Nelle has gone to Miami to pick up our van, play with the grandson and fish.

As you may or may not know when my heart (some people said I didn't have one) cut out on me we had to fly home and since we were on our way home from the National Dutch Show we had to fly our rabbits home also. We had eighteen rabbits with us, right here I want to say something that goes **along** with what Ron Meyer the New Zealand Red Breeder said in Domestic rabbits, 18 rabbits from Miami to Houston cost us \$29.00. While waiting at the freight office for our rabbits to come over from the terminal we received word that we had a rabbit (one little Dutch Doe) at another freight office that had just arrived from Roger Guetschow in Madison, Wisconsin the charges were \$27.00.

A couple of weeks later Doris Liebel shipped three Lops to the Lorenzes from Saint Paul, Minnesota - \$17.00. We sent one red New Zealand buck back in the same carrying case on the same airline the charges were \$20.00.

I don't know about you folks but I think something is going to have to change or it is going to become prohibitive to ship.

In the old railroad days your rabbits took for ever to get to their destination however you could put a water can and a feed can in the box and they would care for them, and if they lost some, the payoff was good.

As soon as we got home we went to our favorite Mexican restaurant and filled up on Nachose, Enchiladas, etc, and I started to get better I think maybe I was to long in Maryland without any Jalapeno peppers I usually eat about a gallon a month. Not only are these peppers tasty but they keep you from havings worms. Clyde and Doris Jones can be found any Friday night at the best Mexican restaurant in Fort Worth and they both get around with lots of zip. Speaking of worms we are invaded by worm promoters down here they make "buy back" rabbit hucksters look like pikers. Watch out for them they maybe in your area next, seems like most of these came out of California.

### RETROSPECT

Well, this writer finally found out that the A.D.R.C. membership is an active bunch of Doers (probably Libra). Since the article on possible proposed State Representatives hit the press about 3 weeks ago the mail has been heavy. In answer to your many questions: No, this writer is not taking names for candidates or representatives (CON)

RETROSPECT CONTINUED

If and when some method is worked out to help some distant members of our club feel closer thru a communication network of ambassadors, it will be voted on and fully worked out to benefit both you and the A.D.R.C.

Secondly those of you who think, rather than individual state representative, a plan of regional representatives would not be discounted. Some of you fail to realize that we are a democratic club and will turn the wheels when you vote on these proposals. The Officers and Directors as far as I am concerned, is not a clique looking for personal gain. As one director the cost to me, out of pocket, runs about \$300.00 to \$500.00 a year. Yes we are reimbursed in postage up to \$1.50 per year. This all came about when two letters were received asking what personal gain did I receive out of this. None, to the best of my knowledge, eventually the path leads to bankruptcy.

This writer Thanks all of you who did take the time to write. You are the core of our club and I solicit any ideas that will either reinforce our club's solidity or propagates the fellowship feeling amongst members and non-members.

You can't really beat the Dutch or his club.

Bill Geitzenauer  
Director ADRC

THIRTY YEARS

Enclosed please find check for \$5.00 for renewal of my membership to the Dutch Club. I have raised Dutch for over Thirty years and they sure are a lot of fun to raise. I like the Dutch Reporter and plan to try and write something for it sometime.

Wendall S. Vaile - Chester Vermont

Ed's note: See Wendall you didn't even realize you were writing something for the DR when you wrote that letter to Larry, now HOW ABOUT THAT ARTICLE FOR THE DUTCH REPORTER. Kathy

Folks we receive many nice compliments on the DR, but we really DO NEED YOU to keep this DR a going. So PLEASE try and write up something for YOUR Dutch Reporter and I will like you for the rest of your natural born days. Even if it is just a paragraph or two, this lets the rest of the country know what is happening in your part of the world.

TRY AND MAKE IT TO THE NATIONAL IN YORK

Dear Kahlers:

June 12, 1976

I've been reading my first issue of the Dutch Reporter and I really have enjoyed reading the DR. I have always loved rabbits even though I no longer raise any more rabbits as you see I now work at the "Saskatoon Council for Crippled Children and Adults". When I had my rabbits I raised Flemish Giants, Dutch and New Zealand Whites. I just noticed you both edit the DR, because my father use to be editor of the "Wolseley News", he passed away 4 years ago. I mainly enjoyed Chas. O. Lewis's write up on Chocolate Dutch. I've been thinking that if I get back to raising anymore of my own rabbits I'd be interested in Black, Blue and Chocolate Dutch and maybe later get into Flemish. On the 8<sup>th</sup> of July I'm off to the "Calgary Stampede" for my club's Rabbit show, with my wheelchair. I hope you can read my writing. (Ed's Note: Better than most) If possible could you please send me a few photos of your Grand Champion Stock for my photo album.

Paul N. Scriver

Ed's Note: I wrote back to answer a question and also to let Paul know that we didn't have any pictures - - - The Reason was simply that we really don't have Grand Champion Stock. I did promise when we took pictures to send some to Paul, that is if we can ever beat Al Seeman. I received another letter from Paul stating that he would like to start a Photo Album of Champion Rabbits of America and Canada. So if you take a picture of that winning rabbit and would like to help Paul, maybe you would send him a picture and then maybe if Paul makes it to a NDS or Convention he would bring the Album with him, so we could all enjoy looking through it. PAUL'S ADDRESS is - - Box #511, Wolseley, Saskatchewan, Canada SOG 5H0. Thanks. Kathy

## VERMONT

I am writing a short note to say how much I enjoyed my first issue of the Dutch Reporter. Really liked the article about Chocolate Dutch. It answered a lot of my questions. Don't know if this will reach you in time but here is the report of the Dutch that were shown at our Spring Show held at the Rutland Fair Grounds, Rutland, Vermont, May 30, 1976. 55 Dutch and 15 Exhibitors - BOB - William Schaefer Chocolate Senior Doe and BOS: Theodore and Arlene Jones - Chocolate Senior Buck.

Arlene Jones

DID YOU KNOW THAT - The ADRC was founded in the year 1929 by Andrew M. Stodel and Albert Facey and Mr. Facey served the club as it's first President. He was followed by Robert M. Scott. who, was followed by John Furrer. Mr. Stodel served as Secretary-Treasurer of the club from 1929 until May of 1935 at which time John Furrer succeeded him. Other names on the list at this time were: Maurice Fitzsimmons, W.F. Gilbert, Dr. H. Wood Ayers, William King Al Hipwell, Clarence Miesner Russell Middleton, H.C. Gilbert, Charles Lewis, Matt Welling & J. Blyth.

## ILLINOIS

First, I would like to say that we have a great magazine and I would like to suggest an addition. I suggest that we have a question and answer column so people with problems, about their rabbits or suggestions could write in. Someone with a great knowledge of rabbits could answer them in the magazine. That way everyone might learn something and find out about a similar problem they may be having. (Ed's Note: This would be great the only thing is that it would have to be more than one person supplying the answers because I don't believe there is a person today or ever that has known all the answers. We could have people write in and then print their questions in hopes that someone would answer it for the next issue.)

I am not a Dutch showman, I would like to be, but can't because I only have one female black Dutch as a pet named Brandy. Unfortunately she's got a disqualifying mark on her leg. Dutch not only make good show rabbits but excellent pets.

MY PROBLEM - Lately sh'e been releasing her pellets droppings and she's been smashing them getting them all over her rump. I keep her and her cage as clean as possible but the droppings aren't going through the wire floor as usual, they seem to be softer too. What's wrong?

How about some more articles on Black Dutch instead of Chocolate.

## MINNESOTA

I haven't written any articles for the Reporter because I feel that I am a new rabbit breeder and can't tell all you old timers much of anything new. This I can say though, any new breeder should buy good stock and unless they are large operators should stay very close to line breeding as outlined in the A.R.B.A. Rabbit Book. I have followed this in the four years I have had rabbits and have done exceptionally well. Last year at the National. I had best Chocolate Dutch and best Chocolate Dutch Senior. I have done very well in the local shows here in Minnesota too. The last show I had both BOB and BOS not bad for a back yard breeder who never has over 12 to 14 rabbits at one time.

Here is one item that might help some of our new breeders. The first year I lost half of a litter of six from interitist saving three through the efforts of a Vet. But the cost was very high. Early this spring I had one little doe who had a very bad case of Diarrhea and from all the appearances had interitis. This time I cured her by boiling whole milk and making her drink by taking all her water away from her. (CONTINUED)

MINNESOTA CONTINUED

In three days she was completely cured and today is a big pet of 5 months.

I enjoy most of the shows, but this year I haven't been too well so may have to pass up a few.

NOTES FROM A RAMBLING JUDGE

At a recent show, I routinely checked a Rabbit's ear for a coop number prior to placing the animal. Much to my surprise the number was **outstandingly** clear and easy to read. Mr. Mike Sainato, who had checked in the rabbits, had used a three digit numbered rubber stamp. Such a stamp can give a series of numbers from 000 to 999 or more if needed.

This ingenious idea saved each judge at the show considerable time, also very obviously made the work of the writers and carriers much easier.

If the exhibitor would remove the earlier show numbers from the rabbit's ear with a little alcohol prior to showing again, the new stamped number would be legible and of benefit to all.

Stamp pads and stamp may be purchased at any Stationary Store.

If each club sponsoring a show would consider the advantages that would accrue to each and everyone involved they would be eager to give this a try.

Bill Franklin - Virginia

\*\*\*\*\*

"ALMOST DISQUALIFIED"

This is a term used by some judges which is absolutely ridiculous. We all know that the use of this term means the animal involved is invariably placed at the bottom of his class no matter how good the rabbit is over all.

Two areas where this happens frequently in Dutch are with the undercuts and stop marking sections. I have a black show buck which is a dandy all around except for one close-to-split stop. All his placings normally have either been at the top of his class or disqualified. Both of these I can go along with as the judge examined him and made a decision on the stop either to fault it proportionately or to eliminate him from competition as disqualified. But this past weekend he was placed at the bottom of his class as "almost disqualified", in which case the judge gave 90 points to the stop region instead of the 10 our official standard allows. (CONTINUED)

I can't comprehend how anyone can use this term. A rabbit can't be almost disqualified, it has to be one or the other and judged fairly and proportionately according to standard. We have an excellent standard - - - let's use it!

Ed Chandler - Ohio

COMMENTS ON "SAM"

Congratulations on the excellent job you folks are doing as co-editors of the "Dutch Reporter". It is both informative and interesting reading - keep up the good work. I feel I must add my comments to the article on "Sam" in the May-June issue of the reporter, concerning color extending on the fore leg of the Dutch rabbit. I'm sure you realize that to say this is a "touchy subject" is an understatement.

As for my own view point and I'm sure there will be many people who will disagree with me. I feel very strongly about this and any other recognized disqualification of our fine Dutch rabbit. As far as I am concerned when the color extends below the first joint below the shoulder it is a disqualification, as so stated in the American Dutch Guide Book (not an elimination as stated in Georgia Wireman's article on Sam) and should be treated as such.

When I check my own rabbits for color on the fore leg, I do what the judge is not supposed to do. I pull the fore leg forward and there is no doubt in my mind as to whether or not the color extends. You can also hold the rabbit in the proper position and blow into the undercut (as you do when checking the undercut on the Gray Dutch) this will often show if the color is on the fore leg.

I believe that the rabbit should be judged in it's natural position and it is quite possible not to notice faults or disqualifications on the rabbit, but for an exhibitor to knowingly show a rabbit with a disqualification in hopes of fooling the judge - - well I think you are only fooling yourself. The Dutch Rabbit is probably, the hardest show rabbit to raise but a most rewarding breed when you get that really good one. However any rabbit with a disqualification has no business receiving a Grand Champion Leg.

Barbara L. Mahan - Massachusetts

Ed's Note: THANKS to all of these nice people for sending in their questions, hints or beliefs. We have heard from different parts of the States and Canada and I think that it is just great. Maybe we can hear from more of you next issue. Remember this is YOUR Dutch Reporter and YOU are what makes it into a magazine. THANKS again.

## WHY DO SECRETARIES GO BALD?

**SHOW SECRETARIES** - There are many reasons - I am going to try and list a few. First off how about an entry blank that states John Doe, no address. Or John Doe, 211 Green Street - Great How many Green Streets are there in America??????? Now for the rabbits - Dutch, Jr. Buck, we only have six colors of Dutch so that should be easy to figure out! Or Black Dutch Buck - Now there is where a Secretary has it real easy If she isn't right the first time you can bet she will get it right the second time around. Or Black Dutch Sr.? Or the S and J looking like Lord knows what and the poor secretary sitting there trying to figure it out. Now for the remark cards - in Illinois we have a top and bottom and I think one of the classic examples of not filling them in right is Black Dutch Sr. Doe BK1 on the top and Black Dutch Sr. Doe BK12 on the bottom. Imagine the writer's frustration when the judge calls it BK4 or something? Folks a complete Name, Address and Color, class and sex and ear number would be greatly appreciated by all Secretaries and writers.

**SPECIALITY CLUB SECRETARIES** - YOU the breeders or exhibitors want to have full credit for your winnings - Right! Well first off your name - IF YOU USE A RABBITRY NAME at one show - THEN for Heavens sake do it at the rest of the Shows. EXAMPLE of why a secretary will pull out their hair - BK Rabbitry at one show, next show Bob & Kathy Kahler, next show Bob Kahler, now does a secretary list the three names together or does he or she give each show separate points??????? I believe if just once a secretary would list them separately a person would soon decide and remember what they are showing under. Don't get me wrong I think Rabbitry names are great if used all the time.

Now, I stated elsewhere in the News we were visiting with Marilyn and Hugh Bowers, well they were keeping the points for the Silver Martens and Marilyn has told me that some Show Secretaries will not even answer her follow up letters when a show is late. Also, this I found very hard to believe, that they received one show report with the first five places filled in with the list of exhibitors in that class. Marilyn said she would not have caught it ordinarily but there was a conflict - the best black was a senior buck but the first place senior buck was under another name. Marilyn wrote the secretary and she answered that she didn't fill in the first five winnings only the exhibitors of that class. This was her first show - it would seem to me that if a local club appoints a show secretary - - they should go over some of these things with him or her, it can get confusing and I would think if a person is willing to try the least the rest of us could do is offer to help. Also Marilyn told me one time they received a show report with just the ear numbers - no names. **SHOW SECRETARIES** when filling out the speciality club reports - - **EVERYTHING** on that report should be filled out. **EXHIBITORS** if you don't receive credit check with your show secretary and then the speciality club secretary. **REMEMBER** - **ALL SECRETARIES** are just people like you and the rabbit business is a hobby - they should be given a lot of credit for even attempting to do this job. **SO WE CAN MAKE THEIR JOB EASIER** by doing our job **RIGHT**.

Kathy Kahler

## THE DUTCH IN FRANCE

Fortunately through my employment my wife and myself were able to visit both England and France this past July for a vacation. After some language barriers a Mr. Dierroux was located outside of Paris. He had about 20 Black Dutch along with some English. His not speaking English and my lack of French beyond Monsieur, Mademoiselle, pardone and marcie was a sight to see. Through a series of finger and hand gestures a sort of communication was established. The Dutch type was not at all like ours but rather like it was 20 years ago. The animals were large probably close to 6 pounds in weight. They did have high backs but not rounded rumps like ours. The head was large but not rounded from nose to ears. Their stops were half and bred for that size. Another fascinating impression is that they average between 10 to 12 in a litter, where I believe ours is about 8. They do have shows but are not plentiful. The exact amount did not register in his mind. They bring their animals to shows and are not allowed at the judging site but watch from perhaps 100 ft. away. He showed me a judging remark sheet and it was Greek to me but looked very complete more so than ours. Commercially produced feed was not in evidence but Alfalfa and grains were. The hutches were made of wood and wire, large by our standards, similiar to Flemish hutches.

Their chief outlet was for food as evidenced by the Paris sidewalk cages and refrigerated units. They have their meat both beef and pork etc. in open show cases similiar to our supermarkets but get this not in cellophane packages but open to the dust and flies of the street, their health board must be non-existent!

In any case it felt like a touch of home when looking at the Dutch in France and reminded me of my daily trek to the rabbitry in the backyard. You sure can't beat our Dutch.

ADRC BALLOTS - The ballots will be in the mail soon, you have probably  
been thinking about whom you will vote for BUT HAVE YOU GONE OVER THE  
PROPOSED CHANGES TO THE CONSTITUTION AND BY-LAWS???????? If not please  
re-read them (May-June Issue of DR) and hopefully you will agree with  
our Constitution Committee and our Officers and Directors that these  
changes can only help the ADRC. Folks, remember this is YOUR club  
and it will take all of us - - to keep it the BEST SPECIALITY CLUB.  
I noticed in the NZ news letter that they are just now getting around  
to changing their voting procedure to vote for their National Convent-  
ion judges one year in advance. It was stated they hope other  
speciality clubs would take up this Good idea. I don't know how long  
the Dutch Club has been doing this - - - so you see we can rightfully  
say we ARE THE BEST. Our Officers & Directors really do plan ahead  
and have the good of the club at heart. SO PLEASE - - we hope - -  
you will agree with them on the CONSTITUTION CHANGES.

1977 NATIONAL ALL DUTCH SHOW

We, the members of the KANSAS STATE DUTCH RABBIT CLUB want to extend an invitation to each & everyone of you to attend the 1977 NATIONAL ALL DUTCH SHOW. Plans are being made to make this an enjoyable and efficient run show for your pleasure.

The date for the '77 show is APRIL 23 and 24. It will be held at the KANSAS STATE FAIRGROUNDS in HUTCHINSON, KANSAS. As time approaches for the show I will go into more detail of the excellent facilities we have available to conduct the show.

The members of the Kansas State Dutch Club who will be serving in the various capacities are: SUPERINTENDENT-ROBERT ERNST, SECRETARY-BARBARA ADDISON, PUBLICITY-LES JOHNSON and CONALL ADDISON, BANQUET-MARY FAST, CATALOG-CONALL ADDISON, SHIPPING-ELLSWORTH TIBBETTS MOTEL RESERVATIONS-MARY FAST and SHOW CHAIRMAN-CONALL ADDISON.

Hutchinson is a central Kansas city located in the heart of the "Bread Basket of Ameracan." Kansas is the number one hard red winter wheat producing State in the Nation. It may also have the reputation of the number one "Dutch" producing State in the Nation.

We are looking forward to having our fellow Dutch breeders, friends and neighbors show with us. Besides planning for the show, I can guarantee that everyone in this area will be trying their best to give our exhibitors all the competition they desire.

So MARK THE DATE on your calendar and PLAN TO ATTEND one of the Best and FRIENDLIEST DUTCH SHOWS.

Remember to - - "SHOW YOUR DUTCH IN HUTCH IN '77."

Conall E. Addison - Show Chairman

LET'S QUIT FOOLING OURSELVES

I am referring in this particular instance to the number of breeders who are helping place a Seal of Sanction on extreme numbers of white hairs in the colored sections of our Dutch by keeping animals of this sort in the breeding pens and by showing them. Possibly, nearly all of us have been guilty of this at some time or another, and for that reason it might be wise for all of us to stop and evaluate our breeding program.

First of all, I want to say that this article is not directed at the animals with a very few occasional white hairs. Nor is it directed at the animals with a small spot, for although we must disqualify them on the show table, we all know that any Dutch can have an occasional spot caused by an injury. This is especially so in seniors and even more so in senior does that have pulled hair in making nests for young. The animals we have in mind are those that have a heavy sprinkling of white hairs throughtout the colored portion - animals that have a very great number of white hairs showing in the belly color (CONTINUED)

## FOOLING CONTINUED

animals that show an extreme number of white hairs throughout the undercolor and show a lot of white hairs and frostiness in the ears.

We have asked breeders at shows where several of these poorly colored animals have been disqualified, why they were being shown. The most-heard reply was that the judges weren't paying too much attention to the white hairs, so they were showing them anyway. If this is so, then our Dutch Club has fallen down to a great extent, for it is up to us to see that our rabbits are judged according to the ARBA Standard for our breed.

We have heard a few breeders attempt to uphold their own particular rabbitry failures with contradictory statements such as these: "Stray white hairs can't hurt you so long as they aren't grouped into spots." and "Spots are unimportant, as they are always caused by injuries and won't transmit in the breeding; it's only stray white hairs that you have to watch." You can easily see the weakness in both of these arguments and realize that these breeders are only whistling in the dark in an attempt to fool themselves.

Our Standard is very explicit and there is definitely no place in it that a breeder could use that would excuse keeping these poorly colored Dutch in our breeding pens. The words "free from white hairs in the colored sections" are found in six places in the color Standard and in the color disqualifications it states, "Disqualify for white spot or spots in colored section and disqualify for extreme amount of scattered white hairs in colored sections." What could be more definite than this?

Many breeders have kept a poorly colored animal because it had a particular asset that they wanted to introduce in their herd. But, it must be remembered that to do this is also introducing the white hairs into your breeding program. It has been proven that a fault is much easier to transmit than a good point. The fault is also much harder to breed out than it was to introduce. Consider every possibility very carefully before you take such a drastic step. It may save you a lot of disappointment and butchering at a later date.

There has been a definite improvement in the general quality of the type in our Dutch in the past few years, and we must all do everything within our capabilities to bring about the same improvement in our color.

Let's quit fooling ourselves and call a spade a spade and an extreme amount of white hairs a disqualification.

REPRINTED FROM - "Small Stock Magazine" April 1954

Our Thanks to Jeanne Zimmerman of Illinois for sending us this copy of Small Stock. Jeanne is not a Dutch Breeder but a good friend. Would like to say something about the DR, you think it is good, well you should read the NZ Newsletter, Silver Marten New, Champagne News, American Chin News and the Palomino Bulletins-They are very good.

## EDITORS' COMMENTS

Well since the last issue of the DR things have been quite busy around here. I built a new rabbit house and have the rabbits moved in. Have had real good luck all spring and summer with most does having good sized litters and have some nice young prospects for the fall shows.

It had been real dry here up until a couple of weeks ago, but now we have had several heavy rains and have some moisture in the ground again.

I would like to invite any of you Dutch breeders who might be interested to come and show with us at the Illinois State Convention, held at the Illinois State Fairgrounds in Springfield, Illinois on the 24<sup>th</sup>, 25<sup>th</sup> and 26<sup>th</sup> of September. We have \$133.00 up on Dutch Specials plus 50% payback in class money. The rabbits must be in by Saturday morning and usually the judging is completed by noon on Sunday. Last year we had 178 Dutch entered. If anyone would like a catalog, send your request to us. We will be printing the show catalog right after we put this DR in the mail.

I have read the articles in past 2 DR's on almost disqualified Dutch with much interest. We have been showing rabbits for quite a few years now and if you raise a fancy rabbit it sometimes gets disgusting, when you try to breed to the Standard for your breed and then have them judged NOT BY THE STANDARD, but a JUDGES PERSONAL LIKES OR DISLIKES. I am sure this has happened to all of you who show. I guess it's just part of the game. I think when I find the time I will write an article on our Dutch Judging, perhaps it will make some judges go back to their book of Standards.

BOB is finished and so here I go again. First of all I have just learned that Larry & Doreen Bengtson have a NEW (not baby) PHONE NUMBER - - - it is - - 507-864-2103. Next issue if I remember I will change his number on the J&R page, but I just thought if you want to call and "cuss" them out, I would give you their new number.

THANKS to everyone for getting their articles in BEFORE THE DEADLINE. We did have a couple but they weren't too long and I did have the room. We sure appreciate it - - it helps to know just how much we have to type. You people are just great about sending in these articles PLEASE keep them coming. We will be printing the next issue between the Illinois State Convention and the National so it should go in the mail about the same day as we will be leaving for YORK. ALSO THANKS to all of you who take out ADS - - - PLEASE CHECK and see if your ad is due - - if so PLEASE renew - - - we NEED that money.

Bob has stated he has been busy - - well the rest of us have - - if you consider going swimming everyday Busy????????? Sometimes I wonder why Bob doesn't ask to be liberated - - he comes home dirty sweating and hot - - while we are cool and comfortable. Hope you all enjoy the rest of the summer and see you in YORK. Bob & Kathy
