NOTICE

Ballots are in the mail. If you haven't received yours by May 1, please notify this office and one will be sent. Include your return address on the mailing envelope. Those without return addresses will be destroyed. Ballots must be in the hands of the Election Chairman by May 15th. Our By-Laws allow a 30 day grace period for voting. If your membership expired any time before March 1, 1983, and you did not renew, you will not receive a ballot. You will find a complete membership list in this Dutch Reporter. If your membership is not up to date, (within 30 days) your name will not appear on this list.

President's Message

CANTON OR BUST

2

Calling all Dutch breeders, fanciers, and supporters...to the 1983 National Dutch Show in Canton, Ohio on May 6, 7, and 8. Ohio is the place to be in '83. This is the final call-out, so don't delay, make plans to attend, enjoy, and partake in Dutch fellowship. Our Ohio hosts are planning a great time for showing and socializing. I know that Jack Wireman will be accepting any contributions for the NDS up until the first rabbit goes up on the table. So if you have forgotten to send off your support, dig down in your pocket and send that special to the Ohio crew. I sure would like to see about 500 Dutch at this year's NDS. (And that's just for open.) Another 100 Dutch could be expected from the youth, a far cry from my first youth NDS where there was only 5. Everything about the Canton Dutch Show is promising; an excellent location and facility, one of the finest group of Dutch members sponsoring the show, two ace Dutch judges, an outstanding list of specials, the promise of fine fellowship and showmanship, and of course the opportunity to invade Ohio with the chance to come home a big winner. Illinois Dutch breeders are hoping to take home part of the plunder. How about the rest of the U.S.? Maybe, if we gang up on those Buckeyes, we can beat those "Ohio Nuts." I sure am looking forward to the '83 NDS in Canton, Ohio.

If I haven't had the pleasure to meet you, I would like to take the time to get acquainted at the NDS. If you don't know what I look like, just watch for an overweight junior buck with brown whiskers. With our club growing as fast as it is, it's hard to know the entire membership, but I'm sure going to make it a point to meet as many of you as I can at this year's NDS. That also includes you youth members! Many of my fondest memories in raising rabbits stem from the experiences and people I have encountered at these national shows. So pack up your Dutch and head to Canton. The trip will be well worth the effort even if the only things you take home are memories.

In addition to the show, I hope to hold two seminars; one on Gray Dutch color and the other dealing with the selection and evaluation of Dutch - a sort of judging clinic. Plans are being made to have a Dutch judging contest at each national show with separate divisions and awards for professional, amateur and youth classes. So gear up and start studying your Dutch standard. The first judging contest will be at the 1983 A.R.B.A. Convention in Colorado Springs, Colorado. More information will be given on the judging contest at the NDS.

Part of every semi-annual gathering of Dutch breeders and ADRC members is the business meeting. These meetings are very important to the success which our organization has been able to enjoy. So, in order that you may come prepared to the meeting at this year's NDS, I have listed the tentative agenda:

Order of Business according to article VII of the ADRC's By-Laws on page 38 of the Dutch guidebook.

Approval of various committees:

Guidebook

Election

Auditing

Constitution and By-Laws

Seller's Class

NDS and ARBA

Dutch Reporter and Editorial Policy

Membership

Youth

Publicity and Promotion

Education and Programs

*If you see any of these committees you would like to take part in, please contact me. P.S. I will be sending out draft notices.

President's Message, con't.....

I will be asking the membership at the meeting what they think these committees should accomplish. If you cannot attend, I would still like to have your input. You are the voice of the Dutch fancy, I'm just it's mouthpiece.

New Contests

Quality Points - the name implies the purpose; breeders are awarded 5 points for BOB and 3 points for BOS providing there are at least 25 Dutch exhibited at the show. Smaller Dutch studs have an opportunity to obtain national recognition.

Membership Contest - awards for Dutch members who have that go-enlist-'em attitude. There is strength in numbers!

- 1 point/new Adult
- 1.5 points/new Husband and Wife
- 0.5 point/Youth
- 0.5 point/Renewal

Dutchman of the year - member who actively participates in promoting the Dutch rabbit and fancy. Application and two nominating letters.

These three contests would benefit any Dutch Club member irregardless of the size of the herd or show string.

Any other programs, plans, or actions for the good of the Dutch Club and/or rabbit would be entertained.

The meeting will be culminated by the announcement of the sponsors of the 1984 NDS.

The weekend spent in Canton will undoubtedly be very eventful. So, if you are looking for an action packed, fun-filled experience, come to Canton.

Go For It !

Scott

SECRETARY'S MESSAGE

604 Ballots have been mailed out. You will note on the inside page of this D.R. that if your membership expired anytime before March 1, 1983, you were not issued a ballot. Please take the time to VOTE. Those, whose terms will expire this year are; President, Scott Williamson and Directors Geitzenauer, Watters and Dietrich. Please be certain to fill out your ballot properly. Those without a return address will not be counted. Ballots must be in the hands of the Election Chairman by May 15th.

At the time of this writing, we have 107 husband/wife memberships, 254 youth, and 428 single. This is a total of 896 members. Some of these memberships have expired within the last couple of weeks, or will expire shortly. Please check your card and see if it is time to renew. There is a 60 day grace period for the Dutch Reporter, but after that, your name is removed from the files.

To date for this year, I have issued 213 sanctions! I have had to return quite a few as their dates were for May during the NDS and within a 500 mile radius of the show. I hope we continue to issue that amount throughout the year.

Secretarys Message, con't.....

This office has been receiving some show reports with exhibitors names being divided, instead of one. Confusing? I thought so! For example: Dick Gehr and I show under "Nor-Dick Rabbitry, Dick Gehr." My name appears on nothing. Therefore, all of the points we accumulate all go under Nor-Dick, Dick Gehr. Should Dick show at a show and enter the rabbits as normal, and then I show at that show and enter rabbits under Norma Hart, the points will not be combined. Another example: John and Jane Doe; Some reports come in as John and Jane Doe while others come in with John Doe as an exhibitor, showing 3 blacks, and Jane Doe as an exhibitor show- 2 blues and 1 tort. If they were exhibited seperately, the points are totaled individually. Please remember this when showing!

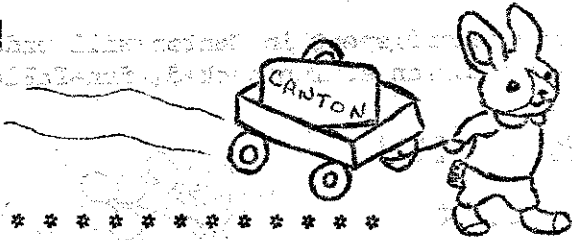

Another thing that this office has encountered is that some sponsoring clubs have not been paying the required specials for the Dutch. Some catalogs have stated that so many had to be shown in the variety before the \$1.00 would be paid. As long as ten or more Dutch are shown in the breed, the variety specials must be paid. Some clubs have only placed specials on BOB and BOS while others leave out some of the varieties. If you should encounter this at a show that you are attending, please notify the show officials. The ADRC's only requirement is \$6.00, \$1.00 for each variety and is a very small amount compared to many.

Remember the dates: May 6, 7 and 8. I do hope that you are all looking forward to Canton and a mighty fine NDS! The Ohio crew is very well organized and I'm sure that they have a swell time planned for us all. Remember the "Seller's Class", adult and youth! Pedigrees must accompany the rabbit! This is an ideal time to purchase some quality stock for your herd and also to enable some to purchase stock from YOU! Adults and youth are encouraged to bid in both sales! Let's make this class a huge success. Plan now to place a rabbit in this class - everyone benefits!

See you all in Canton - HAPPY EASTER !

HUG A DUTCH !

Norma

DIRECTOR CARLTON, from Arizona

Here in Arizona we finished two shows last month, February 5th. & 6th., with very good turnouts of Dutch. We were priviledged to have Scott Williamson judge on the 5th. with 79 Dutch being shown. On February 6th., we had another midwest Judge, Kyle Cunningham, do 87 Dutch. Dutch in our area has increased with several new youth and adult breeders.

I would like to discuss a subject that comes up around here many times in a year. What would you use to start a breeding program in Dutch? In order to answer that question, I would recommend that breeder's first order of business be; get good stock from a breeder that you can trust. To me, this is the most important part of a breeding program. I would also recommend that they look for the following:

1. Good type. a full rounded body, short and cobby. Avoid long bodies, pinched hip, flat hips and undercut hips. If you don't have good type, you don't have good Dutch.
2. Next, I would look for good Dutch fur. Good density and a short coat. Stay away from thin coats and long fur.
3. Color is most important. Make sure you get good glossy color that runs deep toward the skin. Avoid light, faded, mealy colored rabbits, especially any that have brown tinges. This is most important in blacks, blues, grays and chocolates.

Director Carlton, con't.....

- 4. Head and ears are next on the list. A rounded, full head with a very short neck, set close to the shoulders, is a good Dutch head. Ears to be in porportion to the size of the head and body. They should be carried erect and well furred.

I look upon the above 4 items as 80% of your Dutch rabbit. It is very hard to breed out poor type, fur, color or head and ears. Get these good qualities in your Dutch and you will have a good start to a winning herd. I think these qualities are more important than markings.

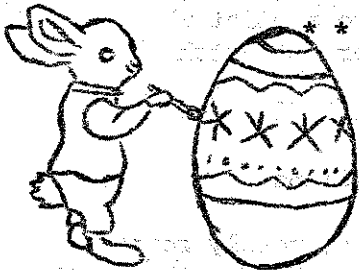

Now it is time to look at markings and I rate them as follows in order of importance.

- 1. Blaze, cheeks
- 2. Saddle
- 3. Stops
- 4. Undercut
- 5. Neck

Blaze and cheeks are very important. I don't breed a rabbit with a drag into the mouth or with high cheeks. Only breed those with good cheeks, well rounded, and a good blaze. Avoid a narrow blaze. Saddle, even and well defined place near the front feet. Stops, 1/3 of the way down on foot, starting from toes. Having these even is more important than length. Undercuts: avoid drags if possible. Get as even as possible and well defined as possible. Neck: I prefer a clean neck. If I have to do without on neck markings, I would make it hairline or wedge. After all, there are only 5 points on neck and these are broken up between the three areas, clean neck - hairline - wedge.

The important parts of the Dutch are, type, color, fur, head and ears. Then you must have fairly good markings. If you have the good type, color, fur, head and ears, it will show off your markings to the best advantages even if they are only fair markings. You want an eye appealing animal, especially the parts that a judge can see easily. I think that most judges give an advantage to animals who are very appealing, clean and glossy. In Dutch, you need all the help you can get as some judges tend to take a small fault and cut severely, especially when judging best in show.

Next issue, I will discuss the breeding of rabbits with disqualifications, and the breeding of various colors.

DIRECTOR GEITZENAUER, from New Jersey

"Culling Dutch"

One of the most exasperating experiences, when raising Dutch, is that of culling. This is the process of selecting both future show animals, as well as potential breeders. Now that the "kit" are born, what is to be saved, and what sold off?

The first question you must ask yourself is what were you trying for. Did you expect the results to have produced better bodies, heads or markings? After you have established, in your mind, if you were breeding for a particular trait, look over the litter from the top view in the box. Before you do this, allow them to grow at least 2 weeks, unless you see something obviously wrong. This could be white in the ears, a spot in the dark section or in the white, long head or body or excessive lack of dark color, like very high cheeks or long white hocks.

continued.....

Director Geitzenauer, con't.....

At two weeks, or earlier, unless you're raising some for pets or meat, discard the obvious culls. Understand, that as these kits grow, they need cage room. If you don't have it, take that into consideration. Look into their eyes to see if they are both the same color and fit the standard for eye color. Next, eliminate the runts (very small ones) as they make poor breeders and probably will never develop type or senior weight. Look carefully at the very large ones, and unless they are exceptional in type and markings, cull them out. Remember that the ideal Dutch weighs 4½ lbs. as seniors but will show well at a little over 4 and less than 5.

Hopefully, you will have a few left that can be raised until the next cull at 6 weeks. At this time, look over each again, particularly the type. Are they close coupled? (Head close to body, - head rounded in both directions, body oval top view and side view.) Remember that we are not looking for "round" but rather oval. Do they have a back that rises as it goes from the short neck toward the tail with a "slight" curve in by the tail. Do the hips stick out on the top like two long lumps? Are the back hocks straight or do they look like duck's legs that angle out? Is the hind end by the tail rounded, or does it look like the prow of a boat, slightly pointed? Is there excessive white hairs in the dark section? At this age, they should have none, but tolerating a few would be normal. Is the hair long? Five eighths of an inch to three quarters would be normal. Perhaps lastly, are the teeth straight and no spots in the eyes?

All of the above are faults as well as obvious things like short stops or long stops, saddle sway, cheeks into whisker bed, etc.

If you can now say that all of the above are not present, you have produced the "perfect Dutch!" A wee secret is that it has never been done!

Pick the ones you want to save for yourself, but look for those with outstanding features with one or two defects, over those with no outstanding points but "passable" in other points. Try not to save those with the same defects as the parents. It will tend to "concrete" it into your strain.

The next cull period is at 6 months old when you will do it all over again. If your kits have survived this long, you are on your way, and should be quite pleased with yourself. The important point to remember is to cull to a point where you are pleased, but do not be a perfectionist. There is no "perfect Dutch!"

DIRECTOR WILLIAMSON, from Indiana

The news from Canton, Ohio and the '83 NDS for the youth, really sounds fantastic! Connie Weber is doing a super job in getting specials for the youth. I understand there is going to be something for every youth exhibiting at the '83 NDS. Connie and her staff are shooting for 100 entries this year. Wouldn't it be great if that would happen? If there are any adult members out there that know of a youth that needs transportation to the NDS, you should invite them along. There's always room for one more energetic youth. It may change that person's outlook with the opportunity to meet other young people throughout our great country!

The Jan-Feb '83 issue of the Dutch Reporter listed 7 different programs or contests that will be explained at the NDS. We hope you have given some thought to these items. It will be the youth that determines what programs that will be put into effect. If anyone, youth or adult, that has any other ideas or contests, please have them written up and presented to me before the session with the youth.

continued.....

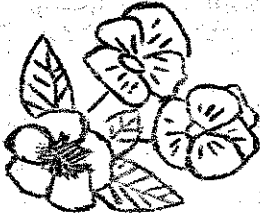

Director Williamson, con't....

There will be three activities taking place at the NDS for the youth this year. These activities are as follows:

1. Seller's Class for the youth
 - A. Same rules as open class
 - B. Youth Seller's Class will be judged seperately
 - C. Alternate open and youth in selling order
 - D. Pedigree papers MUST be presented at the time of sale
2. A judging clinic will be conducted for the youth
3. Explanation of all the youth programs and contests.
 - A. This will include a discussion on Sweepstake Points

At your local shows, you should be signing up all the non-members that are showing their rabbits. Take some blank forms with you and sign them at the shows. With some special effort, we could really have a fine youth club and some very challenging programs and contests. Let's make it the best youth club in the rabbit industry!

REMEMBER: IT IS BETTER TO BUILD CHILDREN THAN TO REPAIR MEN !

FEEDING AND MANAGEMENT

By Bill Campbell, Kentucky

Here are some feeding and management practices that I have found helpful, and I hope they will help others. Some of these are my own methods, but many are tips and advice that I have borrowed from many dedicated and helpful breeders of Dutch.

First and foremost, clean cages, clean feeders and clean water go a long way towards promoting the good health and act to prevent disease in the herd. In addition, I try to disinfect everything at least once a month. I feed once a day, in the evening, and hand feed each rabbit somewhere between 3-4 ounces. Does with litters receive as much as they will clean up, but one caution, please don't overfeed. Overfeeding will cause real trouble in the rabbitry, so by all means, limit feed. As for the feeds I use, I try to stay with a 14-16% rabbit pellet and then I may supplement this, depending on the condition, with a tablespoon of oats, calf manna, or cracked corn. Go easy on the treats. Too much of a good thing can cause digestive upsets. In the summer I like to treat the rabbits to a comfrey leaf every now and then. It's great for their general well being. I also keep aqua-vite, which is a mineral and vitamin supplement, in their water year round and once a month I medicate with Terramycin in the water for approximately 4 days. The next month I may use Sulfamethazine in the water for 3 days, but I try to alternate and keep medication I use to a minimum.

I am a big user of vinegar in the water at breeding time for 3 or 4 days before you are ready to breed a doe. It really helps conception rates. I put the nest box in with the does 3 to 4 days before they are due, and in the winter I have used bunny warmers, cardboard, newspaper and insulation board around the sides and straw for nesting

continued.....

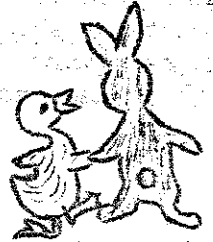

Feeding and Management, con't.....

material with good success. In the summer, I try to keep the nest box as cool as possible.

In culling, I like to give the little ones time to develop to their full potential. There are some that are late bloomers, so give them a little time to develop out some of that bloom and see what you have. I try to breed closely to one strain, carefully studying the pedigrees, and even experimenting now and then, but more consistent success will come, I feel, staying with one strain closely.

I hope some of these ideas will help. Keep looking into that hutch for that one special "Best of Breed" Dutch!

* * * * *

LETTERS

A SPECIAL THANKS TO MICHIGAN BREEDERS

By Patty Sheets

I especially appreciate a friend for his help and knowledge in getting me started raising Dutch rabbits. He, himself, is a long time Dutch breeder. His name is Mr. Ray Willey.

I was only 4 at the time, back in 1967. I was showing horses and needed a second project for 4-H at the Fair. A friend introduced me to Mr. Willey. That day, I purchased a pair of Dutch. Those Dutch put me at the top of the Fair and the talk of the rabbit barn. I then went to the State Fair and did very well with blues and blacks from Mr. Willey and torts from Mr. Cooper.

At that time, I was still showing horses all over the state, and the rabbits just sat in their cages. As the years passed, boys were looking better than the rabbits, and the rabbits would remain at the bottom of my list. Again, more years passed and I got married and had a son. My husband thought rabbits were a "pain in the neck," and took alot of time.

Finally, last year, 1982, we sold the horses and moved to a home by St. Clair. I've got my Dutch, and my husband and son have their fishing and boats. I've got my Dutch next to our neighbor's house, so I have to keep them extra clean.

I decided to join the ARBA, the Michigan State RBA and the Eastern Michigan RBA, a local club. To my surprise, I met Mr. Willey. I again purchased more Dutch, but this time I was determined to show with them.

I went to 4 sanctioned shows in Michigan. I received, all together, 11 legs, 1 Grand Champion, 6 times BOB, 5 times BOS, 5 times Best Black, 5 Best Opp. Black, 2 times Best Blue, 4 times Best Gray and 1 times Best Opp. Gray. I am very happy with my first year and very thankful to Mr. Willey.

I found something interesting, even better than placing with my Dutch. I found out that the Dutch breeders in Michigan are a special type of people. They are very warm, helpful, friendly, and most of all, very enjoyable people to show with. They are unlike the people over the past years that I have met and competed with in showing horses, or in sports events that I have been in. Those type of people are out for blood and even go as far as to harm you or your animals!

The Dutch breeders in my state are very considerate and courteous to others at the judging table. I want to also thank good friends, Betty Storey, Mr. Daugherty, (who started me in grays and steels), Mr. McKinley, Mr. Micallef, and Mr. & Mrs. Dill.

After the first few shows, I decided to join the Dutch Club because of the impression that these people made on me. A few months ago, I went to see Tom Dietrich and purchased 3 does from him. I again am very happy with his stock and found another nice person to talk to.

more.....

Letters, continued.....

This year, I have plans to make more of the Michigan shows and also plan to make, and show, at the Dutch Convention in Canton, Ohio.

There was alot of luck talking my husband into letting me go, and for him to come along. I pointed out that the convention is in Canton, by the Football Hall of Fame. Being a football fan, he's ready to spend 3 days in the world of football.

I am hoping to meet different breeders and see different stock at the convention this year.

Thanks to the Michigan breeders, and also to the Dutch Reporter for letting me know what goes on in the Dutch world.

.....

4-H AND DUTCH
By Jodi Pisarek

For this issue of the Dutch Reporter, I though I would write in and tell everyone a little about the 4-H Clubs in this part of the country and their members who raise Dutch.

At non-ARBA sanctioned shows (4-H), there's a class that is called the "mismarked Dutch class." I wanted to share this with you because alot of people have not heard about this type of class before. These are the rabbits that can never be shown at any ARBA sanctioned show since they'd be disqualified. The mismarked Dutch is not judged according to the animal's type, head, ears and etc., but the fly-back and overall condition of the coat.

To expect to win in this class, you must exhibit a rabbit that is in good condition and in good health. Naturally, a rabbit that is in poor health certainly won't have a clean, glossy coat. You should also be sure that the rabbit isn't in a molt.

Awards vary from show to show. Usually, there is a nice rosette offered for Best Mismarked Dutch. There is usually no trophy given for it, unless you were to have an enormous amount of exhibitors and entries. The Best Mismarked Dutch can also sometimes compete for Best in Show since at some shows, is considered a breed by itself.

I feel the mismarked Dutch class is very fair. The person who thought this up fully realized how hard it is for children who raise Dutch and try to come out with something with nice markings. This way, if a child breeds his Dutch, and the babies can't be exhibited under the regular Dutch classes, then not all is lost.

.....

THE FOLLOWING IS PARTS OF A LETTER WRITTEN TO FRED AND EVELYN CORN FROM JOEL T. CHRISTIANSEN OF LAHOMA, OKLAHOMA.

When we were children, my parents bought a rabbit that had been bred by you. That rabbit lived with us for 10 years during which time he brought us much joy and happiness. Here is a brief description of the rabbit.

His name was Thumper. At the date of purchase, Thumper was approximately 1 month old. He died on February 24, 1971 at the approximate age of 10 years. Thumper was a black and white Dutch rabbit with good markings. He became a member of a family of five, with two sons and one daughter. For the first week, he lived in the house in a large box. After the first week he lived outside in a large hutch with an enclosed chicken wire yard. Thumper was a very sociable rabbit and made friends with one of the neighborhood's black dogs. Together they would rub noses.

more.....

Letters, con't.....

Thumper frequently became the favorite show and tell object for the children to take to school. A small traveling hutch was made for these purposes.

During the winter, Thumper would receive plenty of alfalfa to keep him warm, and a salt pellet which lasted during the whole year. When the family moved to St. Louis, we prepared him for the trip by walking him on a leash. He took a trip with the family to Wisconsin. After some months in his new home in St. Louis, he ran without the leash throughout the huge back yard. He learned to follow and chase after the boys. From this, he also learned to run around the baseball bases.

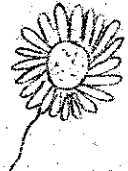

One day when Thumper was out he even chased a neighborhood dog who didn't know what to make of the situation. Thumper had a craving for apples and also chased other wild rabbits around the yard. During the hot St. Louis summers, we would put burlap bags, soaked in water, over his hutch to keep him cool. He has stayed in motels overnight, visited Mark Twain's home in Hannibal, Mo. and gone on many family trips.

My wife and I will be making a visit to the Chicago area on the 2nd. and 3rd. of June and would like very much to come and visit with you and also purchase another rabbit.

Sincerely, Rev. Joel T. Christiansen

.....

JUDY PICCIOTTE, VIRGINIA

Enclosed is a check for seven dollars for one adult membership in the American Dutch Rabbit Club. While at a show one day, I saw a black jr. Dutch doe. I fell in love with her, bought her, and brought her home to live among my satins and French Lops. After showing "spitfire" a few times and owning her six months, I decided it was no longer just infatuation and have arranged with her breeder to purchase others from the same line. The little black Dutch being an added touch of flash and class to my rabbitry. Thank You.

Ed* Thank you for the very nice note. We wish to welcome you to the ADRC and feel sure that you will find your membership rewarding. Norma.

.....

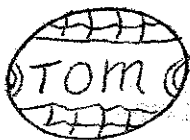

ROSE WEIDEMAN, Minnesota

We are very glad you have finally included the youth sanction. We have 2 youths who raise Dutch and they were really pleased they didn't have to show in the open class anymore.

Ed* Rose, thank you for requesting a youth sanction and for the vote of appreciation. It is so very nice to know, that even with just two youth, that your club is interested enough in the youth division to obtain a sanction for them. Our very best wishes for a most successful show! Norma...

DON'T FORGET TO VOTE

DIRECTOR DIETRICH, From Michigan

Here we are, almost set for the National Dutch Show in Canton. As I write this, it is mid March, and Michigan's changeable weather has kept it's image. We've had virtually no snow all winter - temperatures in the 60's and 70's during these past few months, but today it is in the high teens. Wish it would make up it's mind. Constant change in temperature is hard on rabbits and humans.

Some tips I use when buying stock are:

1. If buying at a show, check all the rabbits there; note the animals that catch your eye and then note the owners. Then procede to check all that exhibitor's stock. Do the majority of that breeder's animals have that look, feel, etc.? If they do, then that one eye catching rabbit is not a fluke or a one shot deal.
2. Also, I note if a breeder is raising good junior animals. Usually the junior class animals were raised by the breeder exhibiting. This is not always the case in the senior classes as the exhibitor may have purchased the animals and shown them for a year or so.
3. Talk to the exhibitors about their stock. Most are very honest people and will tell you the good and bad in their animals. Beware of that seller who promises you the world with their rabbits.

SELLER'S CLASS, By Tom Dietrich

In the seller's class we have an event that can benefit all concerned. The breeder, club and buyer. The stock in this class should be quality animals. Do not cull your rabbits through the seller's class.

Young stock, 3 to 9 months of age are probably your most in demand animals. They have their show and breeding careers now and in the future. Older animals usually have both of these behind them. Most of the time, the proven older breeding rabbits are the heart and soul of the rabbit raisers herd and they usually aren't for sale. Animals that come from good show and breeding background are the most desirable for the seller's class. Established exhibitors and up and coming exhibitors, please think about entering the "Seller's Class."

RULES

1. All entries in this class subject to sale to the highest bidder. A minimum bid of \$10.00 to bet set.
2. A 50-50 payback to the consignor and ADRC will be in effect. (consignors may donate their share to the ADRC if they so desire)
3. No entry fee required for seller's class. Entries to be given to the seller's class chairman. A seperate caging area will be provided for animals in the seller's class. Please give a short history of the animal on a note card.
4. Rabbits may or may not be eligible to register. Seller's class rabbits do not have to be entered in open show, but can be.
5. All rabbits have to have an accompanying pedigree. Rabbits must have a readable ear number.
6. The seller's class will be judged as one class without regard to age, sex or color. The Dutch standard to be used as the judging guide.

continued.....

Seller's Class Rules con't.....

- 7. Seller's Class will be held at the conclusion of all judging.
- 8. If a trio or pair are entered, only one breeder designated rabbit will be judged. The unjudged individual or individuals will sell with the judged animal.
- 9. The winner of the seller's class will:
 - A. Receive a one year membership to the ADRC and a trophy.
 - B. The exhibitor with the highest selling priced rabbit will also win a one year membership to the ADRC. (If one exhibitor has the highest priced rabbit and also wins the seller's class, then only 1 yearly membership will be awarded.
- 10. The seller's class committee reserves the right to reject any sick, injured or poor specimen animals.
- 11. Please enter only quality animals. This can only benefit all concerned.

DICK GEHR, Illinois

The following letter was sent to each ADRC Officer, each member of the Standards Committee and to Mr. Al Meier. This was sent over two months ago and each contained a self addressed, stamped envelope. I felt that this way, the response would be of no expense to anyone. To date,, 4 of the officers have not answered, and only 1 of the ADRC Standards Committee sent me a reply. Mr. Meier was very prompt with his answer. It seems that some have shown no interest in the Dutch standard. This is very disheartening!

In my mind, our standard needs some revision. My letter points out what I feel needs looked into and given consideration. I would like each member to consider this letter, and if you care one way or the other, please let someone know!

Nothing is ever so perfect that it can't use a little revision, so let's take a close look at our Dutch standard. Now is the time to think about these things so they can be discussed at Canton.

Let's not be afraid to give our opinions on these, as it is for the benefit of the ADRC, it's members, and the Dutch rabbit.

.....

Fellow Dutch Club Members;

As we will soon be having an updated Guide Book coming out, I would like to express my opinion on several things.

First is the controversy on the gray color. After seeing several letters in the Dutch Reporter pertaining to this, and an article by Al Meier in the Domestic Rabbits, I figured the Dutch Club membership would be seeing something concerning this by the ADRC Standards Committee. Will we be seeing some kind of solution to this problem, or will it remain unchanged?

Second, I wonder if the Blue's eye color should not be worded a little different? Dark blue could mean anything from ink colored to the color of the ocean, which would probably be closer to the blue in the eye of a blue-eyed Polish or Netherland. These both use the words "dark blue" in their eye color description.

Next, and I know it has been a sore spot for some time, is CONDITION. Many Dutch breeders scream when they hear a judge use the word condition when giving comments on a Dutch rabbit. I believe there should be some points on condition in more.....

Dick Gehr, con't.....

the Dutch standard. After all, If I spend time and effort trying to get my rabbits in good condition, I think there should be some justified merit for it. If two animals are judged the same, I believe the condition of the rabbit should be considered, legitimately, when making the final decision.

Listed under "body type" in the Dutch standard, the last sentence says "flesh firm and solid, skin to be tightly drawn over the flesh, making the coat tight and hard to grasp." This, in essence, is the same as part of the ARBA definition of CONDITION.

Under "fur" of the ADRC standard, it states "in good condition and free from molt and stain." This is also, essentially said in the ARBA description of CONDITION.

In going through the standards, I find that Dutch and Harlequins are the only two breeds that do not have points on condition. Are all of the other breeds foolish?

It is my belief that the general overall state of health and cleanliness of a rabbit should be considered when judging.

I had a talk with one of our members and in their opinion, they thought we would only be justifying those judges that use condition to place a Dutch, if we added points for condition. In my opinion, we do have points allocated for condition, they are just hidden under other headings. Let's think about bringing them out into the open so we can take advantage of them.

The full neck is another spot that needs something done. If the neck is indeed full, then the marking is missing, making it a disqualification. If we are not going to disqualify the rabbit for it, then let's clarify it in the standards.

Finally, I believe the description or definition of stops should be made clearer. Some of the judges can't even interpret the standards on this, so how are we supposed to? This should be made so that it can only be read one way, taking away any doubt.

It is hard enough to try and interpret the standards as you think the judges will, without having descriptions that can be taken different ways. Let's try to clarify, for our sake, as well as the judges'.

.....

DUTCH BREEDERS CLAIM TO PROMOTE DUTCH...

By Beth Bachschmid of Lucky Foot Rabbitry

Many of you read the last article I wrote saying that Franco and I had fixed it with People magazine so that there would be a Dutch rabbit in the magazine. So many of you say you try and help "promote" the Dutch, yet when this happened and we had a contest open to the entire membership, with no strings attached, that Dutch-loving pep went right out the window. Many of you had good intentions and said you wanted to take a chance on the contest. But you didn't; for one reason or another you lost interest. Shame on all of you! If you think you can do better than that, go ahead and do it. But don't complain when other breeders say that there is a lack of enthusiasm among Dutch breeders. They may be right.

Two people entered the contest. EDRFC President, Bill Geitzenauer, and a little girl named Ellen Besner. Of the two, Bill's guess was correct. But that's not the point. It saddens me to see this happen; I always thought there was more spirit in the Dutch Breeders.

Congratulations Bill, look for your \$10.00 in the mail. The owners of the rabbit shown in People's Magazine are Rick and Rock Billups. Congratulations!

Note* To Linda Andersen. We use our method described in palpating and sometimes the other, and more popular method. We are right enough times to suggest this method. Some of our friends use it and swear by it. Give it a try. It can't hurt.

Beth Bachschmid, con't.....

Let me put it this way, if the doe is pregnant, we know it. That's how well it does work.

YOUTH

YOUTH

YOUTH

YOUTH REPORT FOR DISTRICT #5

The National Dutch Show is rapidly approaching. Hope everyone can attend, but unfortunately I will not be able to attend this year.

I have been raising Dutch for almost five years now and now raise blacks and blues.

Spring shows have started out well. I have been to two shows so far. Both had about 30 Dutch in the youth. While looking over some youth show reports, I have noticed the amount of non-members. If we could recruit half of these non-members, we could have an even more successful Youth Program. I would like to congratulate Wilbur Williamson and the youth committee for their efforts towards a fine youth program. This is all I have to say for this issue. I hope to have more news to report in the next issue.

If anyone has any news, please send it to me.

Steve Walsh
1418 W. Renwick Rd.
Plainfield, IL. 60544

MATTHEW WALKER, Virginia

Since hardly any shows occurred in the past few months, I have little report. However, I would like to give some advice to all the young Dutch breeders. Recently I had to take one of my rabbits to the veterinarian. It was a six year old mix breed that appeared to suffer from a large tumor on it's chest. The vet said I could give the animal antibiotics and leave the tumor alone. He felt it was not malignant and not fatally dangerous. I insisted, however, that the tumor be removed and surgery was done a couple of days later. The rabbit had a very bad, messy growth removed which the vet felt was malignant. For awhile the stitches popped and bled and I feared that she would die. I believe now that she will make it, but the incident still worries me. If any youth members have a pet rabbit that is ill, they should treat them immediately. The medical bill was well over fifty dollars, but after six years of feeding and petting the rabbit, I felt that the price was well worth it!

As I mentioned in my last report, the State Line Rabbit and Cavy Ass'n. is holding it's first show, and it's youth members are holding a youth show. I certainly hope it is successful and that many of the members nearby support it.

By the next report, I am sure I will have much more news as the show season soon will be underway.

"NOTICE"

I received a note from a new member asking if we could help locate the person who wrote an article in our present ADRC guidebook. On page 91, "Caring for Chocolate Dutch" was written by Clint Dennis. If anyone knows of his whereabouts, please write: Merle Rylant

60TH A.R.B.A. CONVENTION & SHOW

Sponsored By
 Rocky Mountain High Shows, Inc.
 Colorado Springs, Colorado

OCTOBER 31-NOVEMBER 3, 1983

The 60th. ARBA Convention and Show is well into the planning stages at this time. Many plans are being made for the enjoyment of the convention goer.

Colorado Springs is ready to roll out the welcome mat to you on Oct. 31-Nov. 3, 1983. The Antlers Hotel is being completely renovated right now and will be ready for you. If you haven't gotten your reservation in, be sure to do so, as rooms are filling rapidly now. All reservations must be accompanied by one nights' rent or a credit card number. The rate is \$48.00 per night.

Mr. Art Nelson, the Tours Chairman, is about ready to announce some very interesting tours that we hope will be enjoyed by many of you. Patrick Herman and his crew are hard at work on cooping and judging facilities, so when you and your rabbits or cavyies arrive, we will be ready to receive them.

Our show secretary is hosting several secretarial schools in order to better train the secretarial staff so that the show will run smoothly and without many mistakes.

Several banquets and get-togethers are now in the planning stage with the catering service of the Hotel. At the present time, it looks like we will have to go to the Broadmoor Hotel for the Tuesday ARBA Banquet, and I'm sure that will be a delightful experience for each attendant. Remember that Monday, October 31, is Halloween and there will be a Halloween Party that night. There will be some prizes for best costume in a few different categories, so bring your costume !!

Some deadlines for your use are: May 1 all catalog material must be in to Estel Shultis. May 1 is also the deadline for booth reservations. These can be sent to Gary Fowler, Estel Shultis, or Earl Hord. So, don't be left behind. Get your ads, specials, etc. into Estel, and your booth reservations into any one of those listed. We are staying with our calendar in order not to get behind schedule.

We hope to see all of you in Colorado Springs at the "Big One."

General Chairperson: Earl Hord 303-489-2510

Catalog & Advertising: Estel & Patsy Schultis 303-669-2477

Booth Chairperson: Gary Fowler 303-539-3915

Banquet Chairperson: Larry & Joyce Simmons 303-495-3031

Roger Krause 303-635-4340

Clyde Lucas 303-382-8031

Cavy Co-Chairperson: Pam Woodring 303-973-1188 Barbara Orkild 303-237-7607

COLORADO IS THE PLACE TO BE IN "83"

"STATISTICS"

By Dick Gehr, Sweepstakes Chairman

A year ago, I published statistics about our sanctioned shows, broken down by states. Some people thought it was interesting, so I'm doing it again. For those of you that have last year's March-April issue of the Dutch Reporter, I think you will find some of the comparisons interesting.

All of the figures are from the day after the 1982 NDS through March 27, 1983. 46 States, plus Canada have sanctioned Dutch at their shows. 5 states have had youth ADRC sanctions.

In the open competition, 15,764 Dutch have been shown in 438 sanctioned shows for an average of 36 Dutch per show. These Dutch have been shown by 409 ADRC members plus many non-members.

In the youth, 964 Dutch have been shown at 46 sanctioned shows for an average of 21 Dutch per show. These Dutch have been shown by 58 ADRC youth members and many, many non-members.

Following is the state by state break downs of these statistics.

STATE	NO. OF DUTCH	NO. OF ADRC SANCTIONED SHOWS	AVG. PER SHOW	ADRC MEMBS. EXHIBITING FROM STATE

Heinold Square Deal

and

Show Results Rabbit Feeds

We at Heinold Feeds have been in the business of manufacturing top quality livestock and pet feeds since 1936. We manufacture feed that not only satisfies the needs of the large commercial producer of every species from rabbits to cattle, but have also fed over the years hundreds of local, state, and national champion show animals.

Working directly with some of the top show and commercial people in 1942, Virgil Heinold (Founder) formulated the original Square Deal Rabbit Ration. Over the years by working directly with the rabbit people, it has continued to improve with time and is probably the best all around Rabbit Ration available for the money on the market today.

In 1982, after talking and working directly with a number of top show rabbit people, a new formula high performance ration was formulated, namely Show Results Rabbit Ration. As the name implies, it was formulated for the fancier, with lower protein, higher fiber, excellent vitamin levels, tremendous grain combinations and lactobacillus to aid in digestion. It is obviously the ration of choice for the high stress, top strain show rabbit. Through our research, we have found Show Results Rabbit pellets to be an excellent breeding ration especially for overweight bucks, and problem does. Whether it's conception, settling, milking, or small litter problems, "Show Results Rabbit Pellets" will deliver excellent results.

Both the Heinold Square Deal Family Ration, and the Show Results Rabbit Pellet are made of only the finest quality grain and are manufactured with the quality control and pride that only a family tradition of over 45 years could provide.
