We are back from the big National Dutch Show at Huston. It was a long 1,300 miles for us but sure a beautiful trip in scenery this time of year. I again want to Thank the people in Texas for putting on a nice show. We had three sessions of Board meetings to get things done - - you - - Dutch breeders asked for. We had a nice banquet and general meeting afterwards with lots of door prizes and raffle from the Publicity Committee.

Now the guide book will be going to press shortly so we will have them for coming years.

If you haven't sent in your nomination ballot yet please do it as this is one of YOUR rights belonging to the Dutch Club.

I will be seeing you at the shows and don't forget to get those Dutch ready now for the A. R. B. A. National Convention at Milwaukee.

Mike Stinehelfer

A letter

I guess I should put part of a letter - - "We have shown Dutch and did some winning in '74 so we were watching for the DR to catch up to the '74. The show results through 1973 were published and then 1975 show results; leaving '74 out entirely. Also, I'd like to know if the Dutch Club send Best Variety or Best of Breed ribbons, we had understood this was true but we have yet to receive any. Our son, Eric was very pleased to see the write up on his B.I.S. Wins. On the question of publishing the number shown in color, I think it's a very good idea. It gives persons who are seeking new stock an idea of how good the winners are. Also on the listing of Best Opp Variety winners, we would like to see that."

Rita Murphy

Editor's Comment - When Bob & I took over the DR we stated we couldn't possibly catch up with the backlog and so would start out fresh with the Show reports. SORRY To all the winners of last year, hope you WIN this year and we can print your name. YES the Dutch Club is suppose to be sending out ribbons for B.O.B., B.O.S. AND Best of Variety (I just asked Bob and he thought this was right, if not Don will call me on June 2nd and let me know for sure. Hi! Don) Glad you liked the Best In Show listing, apparently nobody else does or they have writer's cramps???????????????? Maybe the Dutch aren't winning BIS this year. If I hear of one winning you can be sure I will print it. As far as listing the number of variety and Best Opp. Variety, I haven't heard from anyone else but you and (I Think????????) Don Brady. I agree with you though and think it would be nice to see at least the number in the Variety. You have to be careful about the show reports because if they become to large then all you will have is a front and back cover and the only thing in between will be show reports.

Kathy

Hello again, all you people out there in Dutch land. It has been a busy and eventful two months since the last bulletin. Spring is here finally, the field work is getting done, even if a little late, and the rabbit world has come alive again in our area after a long winter. It is interesting to note as we see the show sanctions and reports come and go, the different "rabbit show seasons" around the country. Our slack period is during the winter cold, the southern areas have a slack period during the summer heat, and a few areas have shows pretty much year-round. Would be hard on the animals, but I suppose a person could pack up his show string and just go around the States taking in the shows and keep going year-round. I think that perhaps the rest period between the show seasons works out best for us though, gives us a chance to catch up with things and to revitalize our interests with a chance to relax.

Many, many things have happened that need reporting to the membership. We are happy to announce that we are getting tremendous support from the people that make the Dutch club what it is - you and the rest of the Dutch breeders. The membership is rising rapidly. I would still like to urge you to make an active effort to recruit both new members and those who have belonged before. Ideally, everyone that has and shows Dutch should belong. As long as I am talking about sending things in, Please use CHECK or MONEY ORDERS. Cash is acceptable, but dangerous, as it is easily "lost" in the mail and there is no way of checking or tracing cash.

The National Dutch Show was a tremendous success. Not the largest in entries, but a very enjoyable show, with everyone having a wonderful time. My hat is off to those Texans, they may boast a lot but they also follow them up. I know they were a little disappointed in the size of the entry and it is a little unfortunate that there was not more support. Those of you who do not participate in these yearly events are really missing the boat. I can personally vouch for the fact that the N.D.S. is an event well worth attending. Try to make it next year, or at least when it comes close to your general area.

Several things were decided at the board meeting at Houston. For the full particulars see the minutes of the meetings. Briefly, some of the things changed are; the sponsoring club of the N.D.S. may select the Junior Judge, while the Senior Judge will still be elected by the membership as usual. We will publish full show reports of any show with over a hundred entries. We will have a constitutional revision taking place in the near future.

Also, I am proud to announce that the Board of Directors has awarded life memberships to four members who have given long and faithful service to the club. They are Carldon Gaddis of Indiana, Robert Sprague of California, J. C. Lowit of Oregon and William Stedman of New York. All of these members have over twenty-five years of membership behind them and we wish them the best of luck for the next twenty-five, we thank them.

SECRETARY'S MESSAGE CONTINUED

As you know, the election nominations are taking place. By the time you receive this bulletin, the election nominations will be complete. The candidates will be notified to see if they will accept office if elected and ballots for the election will be mailed on August 1st. Again, check your membership to insure that you are up to date. We are sending out notices for expirations but if we do not receive a response, your name will be taken off of the roles after the thirty day grace period. You can save the club the cost of the notice if you will renew prior to having to be notified. You may also renew for more than a year at a time if you so desire. Just send however many years' dues and we will take care of it for you. (Ed's note - In regards to the expiration dates they are typed or written on every issue of your D.R., right below your name.)

You will receive the next issue of the D.R. in August. The candidates will have their chance to advertise, or whatever, in that issue and perhaps you would wish to wait for that before sending in your ballots. I urge all candidates to respond, to give the membership some idea of their platform, their ideals and their goals. I was very disappointed that no candidate stepped forward prior to the nominations. I have had calls asking me who is running for office. I don't know, other than a couple who have expressed some interest. Cast your ballot wisely - for a person you know will benefit the club. I am one of those that maintain that if you don't know who you are voting for, it would be better to throw your ballot in the wastebasket, rather than voting just to be voting.

My best wishes, see you at the shows,

Larry Bengston

It is a dreary rainy Saturday in Minnesota. I am in between my 3rd & 4th loads of laundry, got to clean up after lunch, clean the pigs, check the rabbits, collect the eggs, change the baby and wipe my runny nose. But I have to take a minute and sit down and write this, because I just had a phone call that made my day. It was from Mr. Williamson of LaPorte, Indiana and we chatted for 20 minutes or so about this & that, including everything from the state of the ADRC to the weather. Now, I have never met Mr. Williamson, but it was like visiting with an old friend. It made me want to tell all the ADRC members what fun it is to be involved in the Club and talk to all of you with whatever you have on your minds. I gave up my career 4 years ago to raise our kids and you ladies know that housewifery can be something of a drudge. Now however, every trip to the mailbox is a new adventure. I can hardly wait for the mail to be delivered each day. In our short involvement with the ADRC we have been able to talk to people from Cal., Fla., Ind., Iowa, Wis., Mich & many other states. That phone is beginning to be like a line to the whole world. I can't wait until the children are big enough & I can participate in ADRC activities other than from my little cage. My husband has even allowed me to become a real member of the ADRC-WOW! Maybe its time for us girls who get to help feed & care for those furry little creatures to assert ourselves and get our men to kick in the membership money.

Due to the many inquiring letters that the board of directors have received, both from and about the youth movement within the American Dutch Rabbit Club, the board wishes to poll the youth in determining needs, if enough of the youth are interested in the formation of an organization within the framework of the mother club, we are willing to listen and perhaps act in this direction. I have been selected to receive the poll and compile the results, to be presented at our Milwaukee Convention, board meeting.

Please have either your children or representative drop me a postcard or letter, telling me of your interest so that we can work in that direction.

NATIONAL DUTCH SHOW and CONVENTION

The Texas State Dutch Rabbit Club hosted the National Dutch Show and Convention on April 25, 26 & 27. While we did not have the rabbits we thought we would, we had one fine show.

The show was held in the banquet room of the Sheraton Inn. We had the coops doubledecker on each end, for the youth and open. In the center was plenty of room for visitors to gather and visit.

We also had a great number of local people coming through to see the rabbits.

The banquet was in another room in the Motel. In fact it was all right there. There was plenty of shops in the adjacent shopping center and 6 theatres within a block of the Motel.

Everyone seemed to have a good time. Don Reid got in on all the "jumping up and down" from the Penthouse band each evening. His room must have been right under the dance floor, for you could tell who was in step and who wasn't.

We had a nice letter from the Motel Catering Manager stating that in behalf of the entire staff, they thanked us for the opportunity of serving the National Dutch Show and asked us back next year.

This is a thought to you cities who are thinking of hosting a show or convention. Most good size cities have a Convention and Travel Bureau. They work with you completely and by working through them, you have the advantage of better prices and locations. They will put out a bulletin to all motels, hotels, restaurants and all types of businesses. In turn these places will get in touch with the person in charge and you would be surprised how many want to help you and host your conventions.

We were pleased with the overall effort of our show. We hope that all who attended had a good time and will want to come back when we have the 1977 ARBA Convention. I can tell you right now, it is going to be even better.

Thanks to all the exhibitors and contributors who helped make our show a success. Thanks to Don Reid, Bob Berry and Doris Leipel for judging. The Open show had 188 and the youth, 94. Don't forget to start planning to help MARYLAND with their SHOW NEXT YEAR. We are truly looking forward to going up there.

I might add that Al Seeman's good Junior Black Doe won Best In Show in the Open Show and Scottye and Emil McMahon won Best in Show in the youth with a Junior Tortoise Doe.

One nice thing, our good Secretary DORIS JONES of Fort Worth, sent them off with ribbons, trophies, remark cards and checks. They had it all when they left.

Nelle Brady

(ED'S NOTE - Mary & Al came down to see us and brought his beautiful trophies. They were really nice. Kathy)

KANSAS STATE DUTCH SHOW
by DARRELL BRAMHALL

On Friday, March 21st Larry Bengtson and I traveled to Hutchinson, Kansas to judge the Kansas State Dutch Club show on Saturday and an all Breed show sponsored by the Three Corners Rabbit Club on Sunday, March 23rd. Friday, being the first day of spring, was a nice day for driving and the trip to the show afforded Larry and I an opportunity to catch up on rabbit activities, since I had not visited with Larry since last fall. Since we had all day Friday for traveling to the show, we did not have to hurry and I guess we had most everything pretty well discussed by the time we got there. We arrived at Halstad, Kansas and the home of Louise and Les Johnson around 7:30 that evening, and after much visiting until the wee hours we turned in for some much needed sleep.

We were up early the next morning and were off to the show at Hutchinson which is about 30 miles from Halstad. Since Les had to work Saturday, we followed Louise to the fairgrounds and were happy to have a guide to follow. Arriving at the show we found Irma and Bob Ernst and other members of the club already there making last minute preparations for the show. There was a chilly wind blowing and most everyone was trying to keep active to keep warm. Later on it warmed up nicely and the weatherman pretty well co-operated to make it pleasant for the show. Things got rolling around 10:00 and Larry judged the Dutch and Silver Marten specialty shows and I judged the New Zealands. On Sunday for the all breed show there were around 400 entries and I judged the Dutch and Martens and Larry took the New Zealands.

Larry and I were both impressed with the quality of the Dutch which were shown. L & L Johnson had Best of Breed both days with a beautiful little Black Junior Doe that was really in bloom. On Saturday Jack Gilmore, who came over from Missouri to give the boys some competition, had Best Opposite Sex with a nice Black Senior Buck. On Sunday Best Opposite Sex went to Bob Ernst on his Chocolate Senior Buck. It was interesting for us to compare results during the trip home on the breeds which we both judged. Best Blue both days was a very nice Junior Doe shown by Jack Gilmore, Best Chocolate both days was an outstanding Chocolate Senior Doe shown by Bob Ernst and Best Tort was a real nice Senior Doe shown by L & L Johnson. These 3 Does along with the little Black Doe were all of top quality and anyone of the four was plenty good enough to go all the way in most shows. The best classes for over all quality were the Black Junior classes with L & L Johnson and Bob Ernst each showing some dandies.

After the judging was over on Saturday we were invited out to the home of Mary and Gerald Fast where we had the pleasure of touring their very nice rabbitry which houses Mary's Dutch and Gerald's White New Zealand. Also while at the Johnson's home we had the pleasure of going through their nice rabbitry. It is always interesting to visit other rabbitries & see the equipment & methods of management used by others. On Saturday night we attended the banquet held at a local restaurant & enjoyed a nice buffet dinner. The awards were presented at this time for the 3 Specialty Club Shows that were judged that day. We enjoyed the whole weekend & wish to again THANK all the members.

GENERAL AMERICAN DUTCH RABBIT CLUB MEETING, VENTURA, CALIF. 10/23/74
The meeting was called to order by President Mike Stinehelfer at 4 pm
Officers attending were Stinehelfer, Sec'y-Treas. Leibel, Directors:
Don Lovejoy, Tom Shufflebotham and Don Reid. The minutes of the Board
of Directors minutes were dispensed with & the sec'y., gave a resume
of actions taken. The tapes taken of this meeting were offered to the
interested members, listening & time involved explained. Reid commen-
ted that he did not think of the time it would take at the time of
his motion at the Board of Directors meeting regarding the playing of
these tapes. We do have to be back to the motel for the ARBA Banquet.
The minutes of the last general meeting were read, as published. The
sec'y., reported upon the status of the sec'y., office & observed that
she had been asking for help for the past 2 years & now we have a firm
offer by the Kahlers of Ill., for any or all of the Dutch Club detail
work. They will also take the editorship of the Dutch Reporter.
Guide book progress reported by secretary.

Reid suggest that we concur in the appointment of the Kahlers of Ill.,
as Dutch Reporter Editors and observed that the work of the sec'y.
office was too much for one person.

Stinehelfer once again offered to arrange a time for the playing of
the tapes of the Board meeting for any interested members. Discussion
by Shufflebotham. Several members indicated interest in hearing these
tapes. Nelle Brady observed that she felt confident of the ability of
the elected Directors to handle the business of the club. Discussion
on time of tape playback. B. Rudolph moved that this time be posted in

10 am, would be a good time on the 24th due to the scheduling of the
various ARBA meetings. Discussion by Bayliss, what was in these tapes
& couldn't we trust the action of the Directors? Interruption by
Shufflebotham who was declared out of order. Lovejoy discussed the
decisions made by the Board of Directors.

Treasurer's report was given as published. Ellis moved we accept this
report, seconded by GA Burke and carried. The Directors were asked
for any additional reports. Shufflebotham wanted a letter from Roger
Eich read which the secretary did.

Publicity report given.

No unfinished business. Under new business, B. Rudolph asked if a
delegation of youth Dutch exhibitors could bring up the B.O.B. youth
Dutch for a discussion of the application of the Dutch Standard by the
breeders. It was recommended by Mr. Boyd that this be handled in the
Judge's Conference. Discussion on the heavy dewlap on the winner.
Reid made several announcements and discussed the standards, with the
recommendation that a prominent dewlap be a disqualification. The
youth once again asked for clarification of the Standard as applied to
the winner. While this discussion was in progress the secretary
started a collection for the Open and youth Dutch Special list at
Houston.

Elmer Hand discussed the improper handling of a Dutch (or any rabbit)
could contribute to the heavy dewlap, as the skin breaks from the
flesh in this area when they are jerked around, etc.

Nelle Brady reported on the excellent facilities at Houston for the
1975 National Dutch Show.

(CONTINUED)

MINUTES CONTINUED

Dorothy Bayliss handed the Ventura show report to secretary. Mrs. Brady reported that \$50.00 was collected for the open special list and \$35.00 for the youth special list at Houston. A Thank You to those who contributed.

COMMENTS OF A DUTCH JUDGE
by PAUL J. JURGELONIS

The recent article by John Mellozo regarding the comments found in many of the Dutch Den News Columns prompted me to write a reply. First, let me say that I am a fan of the cobby small type Dutch and I have often admired the stock shown by Mr. Mellozo. I must also admit that the Den News seemed to be promoting the larger specimen. However, I don't think that it was ever stated that our standard should be altered, nor was it stated that a five pounder or a five and a half pounder is better than our ideal of four and a half.

I must say that it was nice to see the other side of the issue. However, I must point out that there were several comments made which I just couldn't agree with and should not be left un-noticed.

The first item which I disagree with is the size of the ideal Dutch. Our standard calls for $4\frac{1}{2}$ lbs for the ideal weight. This to me is a happy medium between the mighty midgets and the giant size. I am quite sure that most judges and breeders agree that this ideal is adequate and should be maintained. I also can bet that judges will tell you that they have seen cobby ones at $3\frac{1}{2}$ lbs. all the way to $5\frac{1}{2}$. Cobbiness has nothing to do with the scale. The only time that the scale should be taken into consideration is if the animal is underweight or overweight. Cobbiness and type is the general appearance of the animal, the shape of the animal. Not all $5\frac{1}{2}$ lb. Dutch are rangy. Most judges will admit that some $3\frac{1}{2}$ pounders are also on the rangy side with ears out of proportion, narrow heads, etc.

Another item in the same paragraph which I disagree with is equating grizzled ears with size and weight. I have seen grizzled ears in all sizes of Dutch. This to me is a factor more related to color than to size and weight.

I think what upsets me most about articles such as John's is that the facts are expressed in black and white with no considerations for the gray areas in between. Nothing in life is perfectly right or wrong. I think we fall into this error when we use too many generalizations. This same technique was used when describing those Dutch which mature below $4\frac{1}{2}$ lbs. Not all $3\frac{1}{2}$ lb., Dutch are good Mothers. Not all $5\frac{1}{2}$ lb., Dutch are good in every way either. You'll find rotten apples with the $4\frac{1}{2}$ lb., Dutch too. Bad teeth and cow hocks can be bred into or out of any size strain, just like all the other genetic defects listed as disqualifications.

So, what's the answer? Let's all get behind our breed 1,000% and promote the Dutch. Whether they are $3\frac{1}{2}$ or $5\frac{1}{2}$, if they have the proper cobby shape, then they have good type regardless of size. Let's stop using propaganda techniques such as name calling, glittering generalities, card stacking, etc. If we are to remain an active viable club, then we'll all have to pull together. We all know what good type is. If we don't then we have a clear excellent standard to consult. If some of you are still confused, then I'd suggest that you visit the top breeders in your area, and see one in the flesh while re-reading the standard. You'll soon have the ideal set in your mind.

YOU CAN'T BEAT THE DUTCH

EXHIBITING PRACTICES

My husband and I after breeding Dutch for nine years have recently began to exhibit quite frequently and if I may say so quite successfully, in our local shows.

At a recent show, we couldn't help but notice some of the exhibiting practices of a few of our larger Dutch breeders.

We noticed that one local breeder, always ahead in sweepstake points, had several (almost half) of his entries disqualified! Buck teeth and unbelievable marking disqualifications, really looked bad on "Dutch Row" to spectators who in my mind are always, possibly, future breeders of our great breed.

Are breeders like these greedy for sweepstakes points, premium money or what? They sure aren't doing the breed any good either, plus wasting the judges, show secretarys and everyone else's time and effort.

Is there any way we can join together to help eliminate this type of disgrace to our wonderful breed?

I understand that an inexperienced breeder may exhibit a rabbit with a serious marking or bad teeth, that's the only way they learn. But this, from veteran breeders?

Is there anything we can do for we are very concerned.

Gail Whitesell

To who ever throws this in file 13:

I've sworn I'd never get into another argument or say anything about someone else's opinions on Dutch.

Mr. Mellozzo makes my eyebrows raise slightly. He makes me believe I have done wrong in my year or so of breeding. I'm not smart or of even high intellect so I really don't know what I'm talking about. I do wish I had an answer for a couple of questions. WHY is the $4\frac{1}{2}$ pound Dutch racy? WHY has the $4\frac{1}{2}$ pound Dutch have a long head & ears? I've seen Karl Sautters make the choice between a Choc. and Blue Junior Bucks that both were over 4 pounds. He never mentioned grizzled ears except when some "Dum-Dum" entered a buck that had as much white as color on the ears. I see no reason a 6 pound Dutch or even larger couldn't have proper type. I'll admit the small Dutch are easier to get type on. Yet Mr. Mellozzo with poor type goes back & says $3\frac{1}{2}$ to $4\frac{1}{2}$ gives 6, 7 & 8 to a litter. Remember the $4\frac{1}{2}$ with no head, ears or type just a junk Dutch. He is contradicting himself. This should have been caught at a proof reading and returned to the gentleman for his confirmation. Sometimes someone writes something in anger or is very tired such as getting home from a show after having a runt thrown off for underweight. I can understand this.

Now, I've just got going real good again after moving. I have in the past kept a few pens for small Dutch. These records are kept just as my decent Dutch records. After breeding $3\frac{1}{2}$ lb. Dutch for 4 years I do have a few Does that will produce 7 to the litter. The young are $1\frac{1}{4}$ to $1\frac{1}{2}$ inches long at birth. The heaviest Dutch I have had from these in the last year and a half is 2 lb., at 5 months old. These does when bred to a decent buck can't pass the babies. A real good buck kept from these failed to produce young large enough for the show table or the eating table. The Netherland Dwarf already has a Dutch class so why mess-up a decent breed because a few people breed for markings alone.

My decent size Dutch put meat in the freezer and also show fairly decent (once in awhile). They pay the feed bill very easily. I don't have good Dutch as I've never raised the perfect one. Maybe someday someone will change the standard so mine are perfect.

Incidentally, I have won BOB by the scales. The only win I ever felt bad about. The lady that owned the other animal was such a good sport it made me feel like H---!

Now the Dutch sure as Heck aren't on the up grade in the country. The standard will be lowered. Too many people don't have the patience to breed for type, weight and color. The markings will turn up sometime. When they do, you got it. A very well marked Dutch isn't worth a D---, with the wrong type. BUT, what will you do with a smaller Dutch? Hold it over the French Frier by the hind-leg and eat it on a toothpick? You people may have the answers. I haven't I just can't swallow this article and this is said with all due respect to a senior breeder. (CONTINUED)

I will be glad to submit lots of pictures of rabbits that have plenty of legs (no fair shows) that only one weighs less than $4\frac{1}{2}$ and most are 5 or more. You can have them front, rear, top or either or both sides. It is possible to get type on the larger Dutch but one has to know more than the rabbits. THEY know how to "Breed" but YOU have to be smart enough to know what they are to "Breed" to.

PS Bob, heres a stamp for your reply. I know this won't be liked by you folks. Roy

Ed's Note: We used the stamp that Roy sent us and I forgot to THANK him for his opinion. Folks this is to all Dutch-Men - - What we print we Don't always agree with BUT this is YOUR Dutch Reporter - - NOT OURS - - and as such we will print anyone's opinion. We have stated this for a couple of issues now and now maybe you kind folks will realize we mean it. Also I explained to Roy that we DO NOT change the context of an article. I do the typing and I type it as I see it. I do delete certain words, correct spelling and try to use the correct grammar. That's about all that I do, if I have a question I will ask Bob but usually I am typing while he's at work. I guess I should have warned you, I don't raise rabbits, I know that they have a head, four legs and a tail. That's it folks, I am more interested in the people and things at a rabbit show. When we want to express an opinion, we will do so and sign Bob's name to it. Kathy

NOW ITS YOUR TURN

Having always been interested in the Dutch Rabbit there was just 1 color that I never had in my rabbitry and know very little about-- --the Chocolate Dutch.

Oh Yes, I know about the markings, type, etc., but what about breeding and offspring? When breeding Blacks and Blues, you can cross them over without significant complications, perhaps a spotted eye once in awhile, but many big breeders do it all the time. I follow the 3 litter plan color line. To make a long story short, I purchased some Chocolate Does (2) that were marked well but had two faults. The faults were 50% stops and even though they had good type, they were small physically ($3\frac{3}{4}$ #). I also had purchased a buck, 4# Chocolate, but he also had 50% stops. I bred one with the chocolate buck and produced 8 young, all chocolate, with stops 50% or more. I discarded this litter at 3 days old. I personally can't stand long stops even if less then 10 points were allowed. The other Chocolate Doe, I bred to a black buck $4\frac{1}{2}$ #, and she produced 7 Black of which I am keeping 4. The four have stops that are $\frac{1}{4}$ to $\frac{1}{3}$. I plan, in about 3 months to breed the mother (Chocolate) to one of the two sons (Black) in obtaining Chocolate young. Hopefully I should obtain three quarters of the young, Chocolate, with hopefully 50% short stops. Well at least I am optimistic. Knowing all the variables in the pool of genes, I stand a chance of producing an outstanding (CONINTUED)

NOW ITS YOUR TURN CONTINUED

Chocolate and if lucky enough a buck.

Another problem that I anticipate is what to do with all the Chocolate bred blacks I produce. I understand that they shouldn't be bred to Black as it will give the Black the light yellowish cast, which by the way, the litter now exhibits. The Black-Chocolates and my other Black-Black, are entirely different shades. After asking this question, I have probably answered same in that the Black-Chocolates should only be bred to other of their kind or Chocolates. I am really afraid to cross this into my Blacks and Blues, although some breeders have, successfully (Mr. Cook, of Milwaukee). Hopefully I will be able to put a decent chocolate on the show table by the late fall shows and the National Dutch show in the Spring of 1976.

I would appreciate any constructive criticism from Chocolate breeders in the form of a reply.

BOARD OF DIRECTORS MEETING
NATIONAL DUTCH SHOW - APRIL 25, 1975

The meeting of the Board of Directors of the ADRC was called to order at 8:00 p.m. by President Stinehelfer, April 25, 1975, at the National Dutch Show, Houston, Texas.

Members present were Stinehelfer, Bengton, Guetschow, Reid, Eich and Geitzenauer. Members absent were Lovejoy, Shufflebotham and Cooper. Others in attendance, Leibel.

The minutes of the previous board meeting were read. Reid corrected the motion he made referring to the appointment of the DR Editor and Point Keeper to read as follows: Regardless of the election outcome, the board requests that the President appoint a Dutch Reporter Editor and a Point Keeper, as of January 1st, 1975. Minutes were accepted as corrected.

The minutes of the last general meeting were read and approved as read.

The treasurer's report was presented.

The Secretary's report was given. The affairs of the club are bouncing back rapidly. We are securing new members and renewing lapsed old members at a good rate. There are still many details to be worked out in the association's activity but this is progressing well.

Committee reports were accepted. Roger Guetschow reported on the Constitution and By-Laws; the Resolution concerning establishing a life membership fee will be ready for the election ballots. The guidebook report from Bengtson noted that we had sold around \$1,600.00 worth of advertsing and that the book would go to the printers in June and be ready about six weeks later.

President Stinehelfer appointed Roger Guetschow and Bill Geitzenauer to audit the books of the Secretary-Treasurer and report back to the board on their findings.

Motion by Bengtson seconded by Reid, that the Secretary be instructed to write the Kahlers, the Dutch Reporter Editors, a letter of commendation on the fine job they are doing. Motion passed.

Motion by Reid seconded by Geitzenauer, that the Kahlers be allowed to initiate booster ads, as they are the editors of the DR and may set policies of this nature. Motion carried.

There was a discussion of the payments to be made to the Kahlers for their work on the DR. Motion by Bengtson, seconded by Guetschow, that the Kahlers be paid \$50.00 per issue or a total of \$1.00 per sanction for the year, whichever is greater. Motion carried.

Motion by Reid seconded by Eich, that all monies for the DR be sent the DR Editors and they they be required to issue a quarterly financial statement. Motion carried.

There was a discussion on the dropping of the Constitution and By-Laws from the Guidebook, as it is outdated much of the time (CON'T.)
