Opinions expressed in articles and letters published in the Dutch Reporter do not necessarily represent those of the American Dutch Rabbit Club, the Editor or the Publisher.

The date your membership expires is shown on the address label of your Dutch Reporter. Dues \$2.00 per year. NOTE: Our Club is affiliated with the American Rabbit Breeders Association, Inc., and by sending \$4.75 instead of \$2.00, you will become a member of both Associations.

All material for the Dutch Reporter must be in the hands of the Editor by the 15th of the month preceding issue.

Well members, how do you like the new cover of your DUTCH REPOPTER? I sincerely hope that the reaction of the majority is what the Board hoped for, namely that it meets with your approval.

Members, this new cover is the result of many drawings submitted, and the final selection was submitted to your Dutch Rabbit Standard Committee. This committee comprises of well known and greatly respected Judges, and this committee as a whole approved the final drawing.

If members will just take a few minutes and compare the new cover with an old cover, you will find the Dutch Rabbit follows very closely to the requirements of the 1955 Dutch Rabbit Standard. Our thanks go to Mr. Wm. Book who so ably brought out the likeness of a Perfect Dutch Rabbit.

I want once again to bring out the importance that each member VOTE, especially on the proposed revisions to the Constitution. These revisions have been compiled from data found in the minutes of all meetings held since 1950, and from reccomendation that they be accepted. It is your right to accept or reject any one or all of these revisions so PLEASE USE YOUR VOTE.

We are a few weeks from the Columbus Convention, I hope that many of you have seen fit to donate towards the Specials on the Dutch. We have always hoped to top all entries at recent past A.R.B.A. Conventions, let's make that dream come true at Columbus. Just think what the entry of Dutch would be if each member entered just two Dutch rabbits- - -1,000!

ELECTION TIME

Pub. Director G. C. Leisenring

It is time once again to select Officers to lead your A.D.R.C. for the year 1956. Nominations have been completed and the ballots for election of Officers will report the results. You will find, I am sure, a very capable list of candidates for Office and I hope that each member will study his ballot, mark HIS choice for the various Offices to be filled and return it to the Election Committee before the deadline October 1st. I consider it not only a privilege, but my duty to cast my ballot for Election of Officers in any organization to which I belong. A large vote is a strong indication of a healthy condition within the Club and certainly we of the A.D.R.C. wish to continue our remarkable progress.

Please notify us immediately of any change in address so that you will not miss copies of the Dutch Reporter

VOTE FOR THE CANDIDATE OF YOUR CHOICE.

Catalogs for the big ARBA Convention at Columbus, Ohio next month are now available and may be had by writing, H. W. Lucks, Show Secretary, 2339 Brookwood Road, Columbus 9, Ohio. Our Breed Chairman, Ray Hickok has done a splendid job in soliciting Specials for the Dutch as you will see in the catalog - so let's show him our appreciation by sending a large entry to Columbus, Ohio, October 22-26. You can help put the Dutch at the top at this Convention.

Remember - DEADLINE FOR CONVENTION ENTRIES IS OCTOBER 1st.

YOU CAN'T BEAT THE DUTCH

The new "Standard of Perfection" Book, published by the American Rabbit Breeders' Association, Inc., is now available, and may be had by sending your order with remittance to James Blyth, Sec'y., A.R.B.A.; 4323 Murray Ave., Pittsburgh 17, Pa.

Morocco leather bound edition is priced at \$5.00; Cloth bound is \$3.00, and paper bound edition is \$2.00.

The following is the Standard of Perfection for DUTCH, as taken from the A.R.B.A. new "Standards of Perfection" Book. This new Standard IS IN EFFECT NOW!

D U T C H

Recognized Colors

Black, Blue, Chocolate, Tortoise,
Steel Gray and Gray

T Y P E

To be cobby in type, compact in form and limb. Good Dutch type consists of a nicely rounded back, beginning almost immediately behind the head and progressing over the shoulders, loin and rump to tail. Shoulders should be rounded and slightly narrower and lower than hips. Rib spread should be so that the side lines carry straight through from the shoulders to the hips. A good Dutch should have nicely rounded hips, very smooth, rounding under very gradually and smoothly. The Dutch should retain the cobby, stocky appearance whether it weighs 3½ pounds or 5½ pounds.

W E I G H T A N D C O N D I T I O N

Ideal Weight--Senior Bucks and Does 4½ pounds. Registration Weight--Senior Bucks and Does over 6 months of age 3½ to 5½ pounds. Flesh firm and solid skin to be tightly drawn over the flesh, making the coat tight and hard to grasp.

Points--15.

Faults

Large protruding hips that lose the smoothness and roundness which are so desirable; also, pinched under or cut off hips, or flat broad hips. Avoid potty and flabby specimens.

Eliminations

Badly chopped off hindquarters; prominent dewlap. Senior under 3½ pounds or over 5½ pounds.

F U R

Fur to be dense and short, fine in texture and carry a very high lustre to be even, in good condition and free from moult and stain. The animal to be in perfectly healthy condition.

Points 10.

Faults

Long thin coats. Guard hairs too long.

C O L O R

The colored portions of the Dutch are the body (from rear of saddle line down the hind legs to the foot stops), the belly (from under-cut line to rear and down the inside line of the hind legs to the foot stops). The cheeks, ears, and tail to be colored. The remaining portions of the rabbit to be white.

B L A C K S

A dense uniform jet-black, very glossy (resembling a shiny top-hat), running deep toward the skin, blending into a slate-blue under-color next to the skin.

-3-

Faults

White hairs, mealiness, frostiness, brownish, or any other tints. White or silvery under-color next to the skin.

BLUE

A uniform medium dark blue, very glossy, running deep towards the skin, to blend into a slate-blue under-color next to the skin.

Faults

White hairs, mealiness, frostiness, brownish or other tints. Smoky-blue, silvery blue and lilac shadings.

CHOCOLATE

A dark uniform chocolate brown, very glossy, running deep towards the skin, blending into a bluish dove under-color next to the skin.

Faults

White hairs, mealiness, frostiness, and any other tints or shades.

TORTOISE

To be a bright clean orange color, blending into smoky-blue shading over the rump, carrying well into the haunches. The top color should carry down into the under-color, blending into a dark cream color next to the skin. Tail should match top body color, under tail to match shadings; light tails are permissible, but very undesirable. The shadings on the head should be darkest at the whisker bed, blending into lighter shadings on the jaw, and darkening again at the ear base, blending up the ears to match body color, ears to have lacings to match shadings.

Faults

White hairs, smut or smudge throughout the orange color.

STEEL-GRAY

A dark uniform steel-gray. This color is brought out with a moderate amount of light gray tipped guard hairs evenly distributed over the entire colored sections of the rabbit. Color to resemble a fresh break in a piece of steel, with slate-blue under-color carried down to the skin. Under portion of tail, belly, and inside of hind legs to be as near the body color as possible.

Faults

White hairs, sandy, brassy, or brownish tints. Extreme brassiness; head, ears back, and feet too dark or not enough gray hairs distributed over these sections.

GRAY

A uniform clean gray. To be evenly interspersed with black hairs. Ticking to be even over head, ears and top of body. Fur to carry a distinct ring color when blown into and be free from any brassy or sandy tinge. Avoid any resemblance to that of the wild rabbit color. Under-color next to the skin to be slate blue. Belly to be silvery white in color free from any sandy or brassy tinge. Underside of tail to match belly color. Top of tail to match body color.

Points 13.

Faults

Sandiness or brassiness.

Disqualifications

Undercut showing on the surface of belly color.

ELIMINATIONS APPLIES TO ALL COLORS

Lack of surface or under-color in belly thus failing to show an undercut; except Grays. An extreme amount of white hairs scattered through the colored sections. Flesh spot or spots in either the white or colored sections.

DISQUALIFICATIONS APPLIES TO ALL COLORS

Three colors in Black, Blue and Chocolate. Distinct white spot or spots in Colored Section. Distinct Colored spot or spots in White Section, spot or spots must be plainly visible. The absence of definite marking (except hairline between ears). When the body color extends below the first joint below the shoulder of the forelegs. When the foot-stop reaches the first joint above the hock. When body-color runs between toes of hind feet connecting with the color of the foot-pads, known as the split stop.

MARKINGS

Markings to be clear, distinct and regular, free from colored uns in white sections or white runs in colored sections. Collar, chest, forelegs, blaze, and foot-stops to be white in all varieties.

CHEEKS

To be even, well rounded, not angular or ragged, carried to the whisker bed but not into it. The cheeks to be full, following the jaw-bone and meeting the line of the neck. To be free from runs into the throat or mouth.

Faults

High cheeks looking more like eye-circles. Heavy cheeks that run into the whisker beds. Cheeks that run below the jaw line.

BLAZE

The white portion of the head. It should be medium wide wedge shape covering the nose, whisker beds, and tapering up to the ears where it joins the hairline. The blaze should be well rounded and following the jaw line after passing the whisker beds.

Faults

Narrow poor shaped blaze. Ball Blaze, one that does not finish to the hair line and is rather round at the finish of the blaze.

NECK

The neck is that portion of the collar behind the ears. It should be wide wedge shape, clean, and even, free from runs of the body color of the ears into the collar, or white or collar running into the base of the ears.

HAIRLINE

A narrow line running between the ears, entirely dividing each cheek and ear, connecting the white portions known as the blaze and collar. If the hairline is missing the animal should not be eliminated. If the hairline is partly there but does not join either the blaze or neck, it should not be considered a spot nor should the animal be eliminated. A hairline between the ears is desirable, although no points are allotted it.

SADDLE AND UNDERCUT

The saddle is the point where the white color ceases and the colored fur begins, on the upper part of body. The division should be just behind the shoulders and form a perfect circle around the body with the under-cut. The undercut naturally refers to the under-part of the body. This is a continuation of the saddle markings, and it should run in an unbroken line right around; close behind the forelegs, but not touching them.

STOPS

Hind feet to have white markings from toes to a point one third way up the hocks. They should be equal in length, clean cut on both feet forming perfect circles around the feet where white of the boot meets the body color of the leg.

Distributed as follows:

Cheeks-----	12	Undercut-----	8
Saddle-----	10	Neck-----	5
Blaze-----	5	Stops-----	10

Points 50.

HEAD

To be rounded and full with very short neck and set back close to the shoulders. Points 5.

Faults

Pear-shaped, pinched-nose, and coarse bull-dog heads.

EARS

To be in proportion to size of head and body; carried erect, short stocky, and well furred. They should be set close together on the head.

Points 2

Eliminations

Ears in length that are out of balance with body.

EYES

Should be hazel in Blacks, Steels, Grays and Tortoise; dark blue in Blues; brown

in Chocolates. To be clear, bright and bold, free from spots in the iris, or any other eye discoloration. Both eyes to match in color.

Points 2.

Eliminations

Eyes of a color other than specified for the variety.

Disqualifications

Spots in the iris.

FEET AND LEGS

Length and size to balance and harmonize with short body.

Points 2.

Eliminations

Missing toe nail or toe nails (broken toe nail is not an elimination if a portion remains).

TAIL

To be in proportion and harmonize with the body.

Points 1.

YOU CAN'T BEAT THE DUTCH

You will find published above the results of the Nomination of officers terms beginning January 1, 1956. I am sorry to report that some of the nominees allowed their dues to expire and therefore are not eligible for Nomination. Those listed in the Election report, and ineligible for office are: Don Guthrie; S. T. Wheeler (believe this was meant to be "S. T. Wheelus", who has not been a member of the ADRC since 1953); Chas. Williams; Lester Wells; Chas. Race; Doris Leibel; Wm. Robison (has not been a member since 1952); R. J. Bernhardt (has not been a member since 1952) Henry Paruszewski; and Thurman Baker.

M. Grables, Secretary.

Fill a crock with Kasco . . . hold it close to your face . . . blow HARD . . . see how little dust there is. The firm, hard Kasco pellets cut dust to a new low.

And the tasty Kasco "hay-an'-grain" flavor is preferred by rabbits. They eat it readily—relish every pellet.

Yes, and Kasco Complete Rabbit Ration (plus water and a salt spool) gives your rabbits everything they need for fast growth, fine fur, good reproduction.

YOU CAN'T BEAT THE DUTCH

???

It is rumored that the Dutch Club will have ~~600~~ or more members by Convention time.

If you-YOU-obtain one new member for the Club before Convention time, our Club will be the largest Specialty Club in the A.R.B.A. Will you try to get one new Club member before October 22nd? After you succeed in getting that ONE, then TRY to get your second new member. There are entirely too many Dutch breeders who are showing regularly in Dutch Sweepstake shows STILL ON THE OUTSIDE. If you do not know for sure if a Dutch breeder is a member of our Club, try a new approach. Just ask him if he is a member--if he says "yer"--then just ask him how he likes the new cover on the Dutch Reporter--Now, we can check upon one another to see if everyone is trying to boost our membership!!! If he says "no"--then open up with your sales talk--tell him why you are a member--that you like to support the Club sponsoring Dutch rabbits --If he wants "more for his money" then tell him we have the Dutch Reporter, that is if you like it---tell him that one of these days soon we will have a brand new Guide Book that will be even better than our last one, and if he hurries he can get his name printed in it - in the membership list. By all means, tell him, most of all, we want a closely knit union of Dutch breeders, all pulling together, telling everyone that "YOU CAN'T BEAT THE DUTCH"
