PRESIDENTS MESSAGE...

Fellow Dutch Breeders,

By the time you read this, if you are not packed and your entry sent in for Saginaw, well, it's a lot later than you think.

Fairs are in full swing and also will be about over by this time. Fall shows are in full swing also. It's time to try some of the juniors we raised last summer. In this area and probably in others, fur condition is nothing to preach about. We all blame it on something, but I think the weather wins most votes.

I would like to see everyone attend our Dutch meeting at the Convention. Come and speak your piece. Don't sit outside and growl about things. Come on inside and growl where it will do some good. Come and speak up.

Above all, visit the DUTCH BOOTH. See the new items that Willard will have for sale. It is also a good time to pay your dues. A Good time to tell Larry and Doreen if you like the reporter or not and any ideas you might have.

Here's hoping to see you all in Saginaw!

Yours in Dutch,

Jack Wireman, President

A POEM?

Under the spreading Chestnut tree,
Our Dutch Club President you will see.
He gave his last dollar to the ADRC,
And now he lives under that big old tree.

Author A Shamed

Beginning with the January 1979 issue of the D R we will be using a new printing of front covers. We have sold 7 of the 12 available spaces of inside front cover advertising. Roger Guetschow, Warren McNamara, Larry & Doreen Bengtson, Roger Eich, Mickey & Mae Watters, George & Jean Schill, & Humbarger & Reed all knew a good deal. Only \$20. for 10,000 copies-a 2 yr supply!!!!

PUT A GOOD ONE IN YOUR HUTCH.....YOU KNOW YOU "CAN'T BEAT THE DUTCH"!

DUTCH SPECIAL

FOR

Rabbits

MAGAZINE

January 1979

NOW IS YOUR CHANCE!! WE NEED:

1. **ARTICLES:** We will accept any and all articles, and anything we can't use for the Dutch Special will be used for the Dutch Reporter. Send these to me Doreen, by October 15, 1978, or you can bring them to the Convention. Please don't let the Dutch Club down, we need your support NOW. The last Dutch Special was in 1966 - it contained articles on "Establishing a Successful Dutch Stud, Starting in Dutch, Dutch Out of the Past, Dutch in New England, Memory Lane, Judging Dutch, Black Dutch, The Fun of Raising Dutch, and Breeding Blue Dutch" to name a few. Give you some ideas? Remember October 15th is the deadline, so that I will have time to type and organize the materials to send to Wisconsin.
2. **ADVERTISING:** The "Breed in the Lead" had a Rabbits Special a couple of months ago and the advertising by fanciers was pathetic. Remember it has been 12 years since the last Dutch Special! Rates appear below, we need your generous support. The last Dutch Special had almost 30 Dutch Breeder Ads. Our membership is now double what it was in 1966, therefor, can we expect 60 advertisers? More advertising information below.

Mail Articles to: Doreen Bengtson Rt 1 Lewiston, Minnesota 55952

Mail Advertising to: Carole Wiley, Advertising Manager, RABBITS, Countryside Publications Ltd. Hwy 19 East, Waterloo, Wisconsin 53594

1 inch ad \$7.00

2 1/4 inch ad \$13.00
(1/12 page)

3 1/2 inch ad \$18.00
(1/8 Page)

If you wish a picture in your ad, send Rabbits a halftone, 120 or 133 line screen, If you furnish glossy photo (black & white only), or artwork, Rabbits will reproduce it for publication and bill you for it (usually \$4.95-\$7.20).

ADVERTISING CLOSING DATE: November 12, 1978 for the January 1979 Dutch Special.

A complete copy of the issue in which your ad appears will be mailed to you upon publication.

TIP: Make sure your ad stands out and is readable by being concise. Some descriptive or price information will help sell rabbits, but too much information will make your display ad hard to read.

SECRETARYS PAGE

As the sun slowly sinks into the West.....

To be perfectly honest, the work on the Dutch Reporter stencils has seen several sunsets, and a couple or sunrises. Compiling the stencils for this Reporter is a very draining proposition, both emotionally and physically. We find that so much of "us" goes into this that when the stencils are done, we are also quite drained. The running, collating, addressing and bundling take time and work, but not like the organizing and writing of the material in each issue.

To continue this line of thought, there seems to be some confusion as to the future of the Dutch Reporter, and so for the record:

After editing the Dutch Reporter under very difficult circumstances, ie on no notice, in the beginning of the busiest time of the year, with garden, yard, children out of school, etc., etc, and still being able to get each issue out to you on time, we feel that there can no longer be any objection to the Dutch Reporter being returned to the office of the Secretary. Therefore we (Larry & Doreen) request that: THE SECRETARYS BE THE EDITORS OF THE DUTCH REPORTER AND THAT THE DUTCH CLUB PURCHASE THE MIMEOGRAPH EQUIPMENT FOR THE USE OF THE SECRETARYS' OFFICE.

The reason for the ADRC to purchase the machine is that since we have had the machine here, we have used it many times for things that we had taken to town before to PAY to have done. (For the ADRC, not us personally, certainly!)

POINT OF INFORMATION: In order to keep information flowing, during the time that the Dutch Reporter was away from the secretarys' office, it was necessary for the secretary to compile and type ONE HALF of the material in each issue. This material was then re-typed by the editor. DOUBLE WORK.

This issue of the DR is a very important one. It calls for your involvement and assistance in many ways. If each of you would just find one way to become an active part of the club, we would really make a lot of noise. It is almost impossible for a "few" faithful fanciers to carry the ball. We want each and every one of you. So rather than being the weak link in the chain, pull yourselves together, WE NEED YOU!! Don't do it for me, or John Jones, or whoever, do it for DUTCH RABBITS. Read everything over carefully and then decide on how involved you will become, BUT DO SOMETHING!!!!

The Dutch Club is going to Saginaw,
With all the Dutch and members we can draw.
We intend to "bring our gear",
'Tis gross to "drag your rear",
High quality Dutch will be in our gear, never fear.
Larry and Darrell will rub their jaw,
At all the Dutch that we can draw.
Tom Dietrich has the Banquet organized without a flaw,
And many, many Dutch lovers will gnash and gnaw.
The meeting will be presided over by Jack,
Called to order by him with a mighty whack.
At our seminar on gray and steel color,
We can discuss and learn from each other.
The Sellers class has been reorganized this year,
It'll spread the money to our members and the club we hold so dear.
Drop by the booth and visit with friends and jaw,
About this and that when we meet in Saginaw

Now you'll know how courageous I've been,
When I sign my name here with a pen.

See you in Saginaw, Doreen Bengtson

55 ARBA CONVENTION

SAGINAW, MICHIGAN OCTOBER 9-12, 1978

DUTCH MTG: Tuesday October 10, 1978. Please check at the Dutch Booth for definite time.

BOOTH: Spend some time at the booth. Renew your membership, renew your DR ad, buy supplies, donate specials, buy raffle tickets, or, if you're out of money, come and sit and visit. Tell us how we can improve the Dutch Reporter. Got any other ideas? Always welcome!!

SELLERS CLASS: See Roger Guetschow. Bring something with a future!! All entries must be sold at auction. Half of the monies received will go to the donator of the rabbit and half to the American Dutch Rabbit Club. Don't forget pedigrees!!

SEMINAR ON GRAY AND STEEL COLOR:
The time of our color seminar will be announced at Saginaw, so please check the booth. The participants in this seminar will be all of you. Darrell Bramhall and Larry Bengtson have agreed to note any animals, during their judging assignments that they consider good examples of gray or steel color. If you are coming to Saginaw and you have an animal that you consider a good example of gray or steel color, bring it along. Remember, the topic of this seminar is COLOR, not type, markings, condition, etc. Hopefully this seminar will make an article on Gray and Steel color for our 1979 Dutch Special in Rabbits magazine. You are the experts, COME AND PARTICIPATE. Everyone's ideas are welcome and will be listened to respectfully. Let's share our knowledge, thoughts, ideas, opinions.

DUTCH BANQUET: Wednesday October 11, 1978 at Zehnders in Frankenmuth. The price is \$8.20 per person for a family style Chicken or Beef Dinner. Tom needs your reservations at least a week ahead of time. Zehnders is 12 miles from Saginaw. Wish we could meet all 700 of you there!!

PHOTO CONTEST: Our photo contest ends at the Convention in October. If you are coming to Saginaw, bring your photos and negatives with you. If you are not Convention bound and you wish to enter the contest, send them to the ADRC office. We will accept mailed in entries until November 1, 1978. When entering please state the category you wish to compete in. 1. Show Winners 2. Litters 3. Dutch People 4. Dutch and Children 5. Photo Story 6. Colored Slides (single) If you have any questions, check the last page in your March April Dutch Reporter. Everything was spelled out in detail along with some guidelines at the end of your ADRC Membership List on the pink sheets. The prize will be \$5.00 in each of the six categories, offered from the Bengtson Cookie Jar.

See you all in Saginaw. For fun and fellowship in the Dutch Fancy. If you have any hand-crafted items to donate to the Dutch cause, send them with someone that is going to Michigan. But only if you absolutely can't get there to deliver them yourself. Saginaw will never be the same.

OUR TEXAS DIRECTOR

As we approach the end of a summer that has set heat records all over the country and drouth clear into Mexico, where the toll in livestock deaths is unusually high, it is not very comforting to think that perhaps we are due another record breaking winter.

Now is a good time to check your rabbit equipment including nest boxes and watering systems, also heaters if you use them.

The ARBA Convention at Saginaw will be a little early for Texas rabbits conditionwise, however you can't always be right.

Most of the members of the Dutch Club are dedicated fanciers and really to everything in their power to promote our breed. Of course we have the in and outers, and we always will. They come and go. We have to do everything we can to try to keep them in.

A lot of breeders, and not just Dutch breeders, are best described by one of our Dutch Directors as "at six months an authority and at twelve months are gone". Don't you know some like that?

In my opinion, most of the older breeders of any livestock will be quick to dodge the label of "authority". We have many authorities in the rabbit business, however they would probably deny it.

What this is leading up to is the opportunity for all Dutch breeders to participate in financially helping our club. At the ARBA convention and the National Dutch Show, our club sponsors a sellers class and sale. From now on, the breeder entering the sellers class, and of course consigning an animal to the sale, receives half of the money the animal brings. If the animal is in the sellers class, he must sell in the auction. If you don't have an animal to enter, you can help by buying a rabbit at the sale.

If you wish to buy a rabbit, be at the sale and get your bid in. This is usually a good place to buy an animal from good blood lines. Don't be afraid to buy an older rabbit. Lots of times these are the best buys. The breeder may have consigned an old buck because he just has all of that particular blood line he can use, or needs, and you may get just what you want at a bargain. REMEMBER YOU ARE HELPING THE DUTCH CLUB AND YOURSELF, PLUS, YOU SET THE PRICE YOU WANT TO PAY!

Vice-President Roger Guetschow is in charge of the sellers' class at the Saginaw convention. You should contact Roger as soon as possible if you wish to enter a rabbit to allow him time to get his class organized. When you get to the show, you should get in touch with him again to let him look at the animal, and by all means, HAVE THE RABBITS' PEDIGREE WITH YOU.

On August 12, the Southwest Rabbit Breeders of Fort Worth held a night show at Keller, Texas with over a hundred Dutch Rabbits. The judge was Tex Thomas of Missouri, who has raised some good Dutch in his Day.

We are still seeing and hearing of a number of judges mis-handling the rabbits on the table, especially stretching the undercut. Our examining and regulating of judges still leaves a lot to be desired.

I don't believe that many of the members are aware of the fact that the Dutch Club has a booklet which was made available by Bill Geitzenauer, showing the proper way to judge Dutch. The illustrations are the same ones used in our Guide Book which Dick Bernhardt drew up. I have been in charge of distribution of these booklets. One is sent to each new judge as soon as his or her name is announced in the Domestic Rabbits. We also send a letter of explanation telling the new judge we are trying to help them better understand the judging of Dutch. All of this, including postage, hasn't cost the club a thing and we feel that from the comments we have received, that it may help get better results at the shows.

See you in Saginaw.

STATE AND AREA DUTCH CLUB NEWS

INDIANA: I would like to take this time to tell you that the Delaware County Rabbit Breeders Association will hold it's annual fall show October 29, 1978 at the Memorial Park at New Castle, Indiana in the Shelter House. This is also a Hoosier Dutch Show too, and I would like to invite all Dutch breeders to come and show at these two shows. The Hoosier Dutch Show will be in the morning and the Delaware County will judge their Dutch in the afternoon, so you Dutch breeders, can make one show and show for two different awards. I would like to see all you Dutch breeders at this show.

James L Haffner

CALIFORNIA: We had a small show, but a real good meeting. Hot weather I guess contributed to our drop in numbers because I believe that Dutch are on the increase in California.

Elmer Paquette

TEXAS: On December 9, 1978 the Texas State Dutch Club, the San Jacinto Rabbit Breeders Association and the Houston All Breed Rabbit Club will hold three shows in one day at the Crosby, Texas Fairgrounds. This is a celebration day for the two clubs who put on the successful A. R. B. A. Convention last year. We hope to have lots of trophies and the entry fee will be .75¢ each or two for a dollar. How do those entry fees strike you. Sounds like we are going back some years. Anyway, it will be an opportunity to show against some good rabbits and also have a good time. Write Nelle Brady for a catalog.

Don Brady

EASTERN: The June 4 Spring Show of the Eastern Dutch Rabbit Fanciers was held at the Howard Co., Md. fairgrounds & was outstanding. The competition was keen and there were a number of rather large classes. Needless to say, in a show like this there are alot of Good Dutch exhibited which don't even place.

No one envied Judge Stan Freed his job. There were a number of times when his job really got tough after he had the class narrowed down to the final 3 to 5 rabbits anyone of which could have been a winner at a given time and show. But he took his time, inspected every rabbit carefully, and finally completed the difficult task in a manner which would make every exhibitor feel that their animals had been given every possible opportunity. In short, Stan turned in a top notch judging job.

There was, overall, a good spirit of competition among the exhibitors. There were few, if any, bad Dutch in the show and to see all of those good Dutch lined up in their carrying cages was truly a Fanciers' delight. Words of praise and respect when due an animal were very much in evidence regardless of the ownership, and, honestly, we didn't see or hear anything unsportsmanlike all day. Regardless of whether you won or lost it was the kind of show that sent you home feeling good, and with a secure knowledge that "You can't beat the Dutch", or the Dutch breeders.

DEDICATION: The Saginaw Convention Catalogue is dedicated to long time ADRC members, boosters and all around good folks, Bill & Jessie Weinhardt. In the dedication the Catalogue says William "Bill" and Jessie Weinhardt have been dedicated breeders and exhibitors of Dutch for many, many years. In years past, they have held many offices in the Michigan State Rabbit Breeders Association and printed the Michigan Rabbit "News" for many years. Jessie was the Show Secretary for the 1973 Convention." It might also interest you new folks to know that Jessie is one of our past ADRC secretaries. Congratulations Bill & Jessie!

Thank you to Paul Conley who sent a copy of a local California Newspaper that ran a feature story on ADRC Life Member Robert Sprague. Robert Sprague has been a member of the ADRC since 1948, is "one of the grandest people in this whole world, and at 73 is still one of our most popular judges" says Paul. Robert is featured on the front cover of the Sacramento Bee holding none other than one small blue Dutch bunny. Robert has raised rabbits since 1930 and in July celebrated his 40th Anniversary as an ARBA judge. Robert Says "There's no such thing as a perfect rabbit - if there was, they'd change the standards."

In checking the Convention Committee, the following ADRC members are pictured in the Convention Catalog: Duane & Eileen Priestly, Angie Ellis, Jan Ery, and Mark Roller. And we must remember our Dutch Breed Chairman Tom Dietrich.

Introducing Doris, Michele, & Glen Amundsen. The Amundsens live in Rochester, Minnesota and are avid Dutch lovers. If you will think back to last summer, you will remember that Rochester was a flooded out city. Declared a National Disaster area no less. The Amundsens had to leave their house and go to safety, but, you guessed it they took their Dutch with them. The Amundsens have been doing some artwork for us in preparation for the ADRC Golden Anniversary Celebration. You'll see some of it as soon as we get things under way.

A special word to you about those countless secretaries, who, get their obligations taken care of without any extra prodding. Those individuals who always get the show sanction request in at least 60 days before the show date, and always include a check for the correct amount and the ARBA show code number, and the correct address for the show secretary. The same ones that return the report to the ADRC office well within the 30 day limit. A neatly filled out and easily read report. One that doesn't make the sweepstake chairman squint and bend a little closer, and has all of the information on the correct line. I know your job is a trying one, it seems that each Specialty Club is out to get you, but you and your patient competence are appreciated by all of us.

These are the folks that have made new member recommendations to the Dutch Club. I forgot to mention why you were being thanked in the last issue, so now, for last time and this time, THANK YOU for promoting the Dutch Club. You are "TOP DRAWER".

THANK YOU!

GREETINGS from Lake Village, Indiana:

As I mentioned last issue, several does of mine died and I thought it possibly due to chemical or drug contamination. I'm glad to report that though there was hog and cattle feed present, there was no chemical or drug contamination in the feed. The feed company representative contacted me personally and we talked and cleared the air, but that still didn't answer all my questions about dead stock.

The other day my oldest daughter and I visited a small "rabbitry" and my daughter was really upset with what she saw. Sanitation was non-existent, cats, dogs, and pigs have access to the same area as the rabbits. Also at one time chickens were present. I won't go into detail of what was seen, but a word to the wise is sufficient. SANITATION IS A MUST.

Keep other animals away from rabbits, and clean hutches and equipment regularly. To clean hutches (cages) First; I use a wire brush, Second; a wooden bristle scrub brush with a bio-degradable washing solution is used, Third; a disinfectant is sprayed on and, Fourth; a clean water rinse tops it off. The choice of cleaning solution and disinfectant is yours, of course.

Another recommended solution is the use of a small flame torch, propane type. This is used to kill germs of course, but will also burn clinging rabbit fur. But use great care.

Recently while visiting a "rabbit raiser" as compared to a rabbit breeder, a couple of points were realized by me. All too often in the eagerness of some people wanting to start raising rabbits, they obtain rusted, bent delapidated, brplem. etc cages of varying size and stuff their rabbits in these and SHAZAM - - they're a rabbit breeder. Rabbits in these "experienced quarters" are more than likely going to get hurt. I have seen rabbits with pierced ears, parts of ears missing, claws and toes missing, cut and scratched and two animals with the backs of their legs bare to the meat because their feet had gone through the too large a mesh floor and couldn't get back out.

As for cages for rabbits, I built my own. I prefer to use ½"X1" welded wire. Don't confuse this with ½"X½" woven hardware cloth. I use welded wire for floors of course, but also for sides and tops because of the strength factor. In my cages I place a double wall, one inch apart between sections so one rabbit can't pull hair from another. I do this in my transporters also, to protect the fur and animals from each other.

Does anyone out there in DUTCH COUNTRY have a recipe for canning rabbit? I'd like to try it.

See you later -
Larry Hillestad

HI DUTCH REPORTER

Since no one else seems to report on Down South, here is some more gab from Tennessee.

Nelle Brady, we came home from the National Dutch Show and "pickles" 28 does with your apple cider vinegar and 24 of them littered, so folks it worked well for us. Some of the does were as round as a barrel and still got bred. Nelle also told us that morning breedings produced more bucks and evenings produced does. We are experimenting with this also.

We have been honored to have several visitors visit us this summer, we certainly enjoyed "you all". Among these were Jacn & Ruth Wireman, The Ohio Morris's, the Webers, also from Ohio, Gloria and "Snod" Snodgrass from Illinois, Fred Perry from Gadsden, AL with beautiful cousins from Florida. Folks, this is certainly nice to have rabbit friends from other parts of the country. We enjoyed your fellowship, especially Jack Wireman's appetite. We found the truth finally about the amount of food he consumes - his big toe on his left foot is "hollow" and country cookin' agrees with it. Ha! Ha!

Noting we are down on entries per show of Dutch Rabbits, why not all of us try being a little more patient with new breeders. I truly feel the way we help them and treat them makes all the difference in the world in them raising Dutch or not. Some of these High priced rabbits haven't helped either, anyone that raises Dutch knows that what you see "ain't" always what you get. Some of these all mighty dollar breeders sure don't help us poor souls trying to encourage young breeders to raise Dutch.

I would personally like to mention Judge C F Simpkins from Georgia as he has set an example for us in the South. We truly need more breeders like him. We hear good comments from Jim Capps, Pleasant Grove, AL. Jim is a new judge doing a good job. Down South we are proud of him.

Enough from Tennessee, Good Luck everyone in the shows this Fall!

Sincerely,

Mae Watters (silent partner of Mickey)

BUTTER OR YELLOW ANYONE?

In Houston I showed the Golden Dutch buck I brought back from England. I have been trying to find others with the color. What better time than the Golden Anniversary of the ADRC to re-sanction the color! In order to establish a sanctioned breed, I understand it is necessary to assemble in one place at one time a fair number of animals that meet the proposed standard, and that there must be both jrs and srs, bucks and does. For this purpose, I wonder if you would ask in the DR that anyone having any of this color (also called "butter", and in England called "yellow") to make themselves know to me. Then an effort could be made to get a number of them together at a show simply as an exhibit, with a view toward establishing a sanction.

I wonder when it was that golden was dropped as a sanctioned color? Someone told me they thought it was during the 1930's.

By the way, my yellow Dutch does not have a typical undercut. The whole tummy is white, but there is a faint yellow shading of the upper part. He did take first in his color at a show in England as a jr yellow before I brought him here. Recently I was back in England and talked to the people I got the buck from. They told me one of his litter-mates won "Best in Show" at Nottingham, which was a large rabbit show with many breeds besides Dutch.

Sincerely, John Nelson

If your show listing does not appear,
Check the rule to which we adhere.
Sixty days is the minimum limit,
To insure we get your show date in it.

Did you know that we sanction over 400 shows per year? Some of these reports have returned lately with only a couple of dutch shown. You would be helping the Dutch Club by supporting these shows. Perhaps sometime in the future they will stop sanctioning because of lack of interest.

STOP

STOP

STOP

After receiving three letters this year inquiring of what excellent stops must be by breeders of less than 3 years, this writer did some investigation. It seems that our Guide Book Standard both shows and explains where the placement must be up to the exact measureable length of one third up the hock.

The A. R. B. A. Standard of Perfection also clearly states the one third up the hock. Well, what is the trouble with this? It took me some time to realize that the hock length overall side view versus top view are not the same. By observation of judging this spring in ALL shows, the majority of judges, looking at stop length place the rabbit on their backs, hold the hind legs together and observe the presumably one third length. Well, with the help of a ruler this can be proven wrong! In defense of the Guide Book, they are correct in that the hock length is different, side view and top view. It seems the joint accounts, on a senior rabbit, for about one half inch difference and most judges observed "read" the top length only! I am only guessing, but I would think the length is the overall hock, best observed by a side view. This writer in April observed, a known judge, call stops that began color immediately after the toes as "very good stops", yet, stops about one quarter inch longer -----"Fair stops". Upon questioning the judge said, "They are a hair long".

Perhaps one of our Standard Committee will define this for us. Quite possibly it is an interpretation by each judge or wording ---In any case we should be working toward a standard with LITTLE if any interpretation needed. Maybe one of our esteemed judges will define this?

Bill Geitzenauer
