SHINING WITH DUTCH

Time has again drawn near for the second biggest annual event for the Dutch fancy. Of course, I'm speaking of the ARBA Convention, this year in Colorado Springs, Colorado. I have been honored with the responsibility of judging the Dutch, so I will be privileged to handle the entire open Dutch entry. I use the words privilege and honor because I know how hard each Dutch fancier has worked to achieve the feeling of success while exhibiting Dutch. Our goal as Dutch breeders should be to produce more and better Dutch rabbits; Dutch that are not only best of breed winners, but also best in show animals. Make our motto fact: "You can't beat the Dutch!"

At three shows this summer in Illinois, Dutch have emerged Best in Show. Laura Ruch of Oakley, Illinois won this honor twice with a dandy blue doe and Nor-Dic Rabbitry (Norma Hart and Dick Gehr) of Coal City showed a cobby little tortoise junior buck to win Best in Show. This is the kind of breeding programs I like to encourage and hope we can all prove Dutch are Number 1. Every one of us has the ability to achieve this goal, but we need to focus our attention and efforts to make this goal a reality. When anyone wins best in show open or youth with a Dutch, I would like to request that you drop me a postcard and I will see that we recognize each and every member. Please include: variety, sex, ear number, number of Dutch shown, Dutch judge, number of rabbits in the show, owner of the Dutch, sponsoring club, location of show and show date.

Another listing we may want to consider is grand champions. Dutch grand championships are lost in the numerous listing of other breeds' grand champions in the "Domestic Rabbit". Listing the Dutch champions in the Dutch Reporter would do two things: 1) those Dutch winning grand champion would be properly recognized and 2) more breeders may be encouraged to get the ARBA grand championship certificates on those winning Dutch. You as the breeders will be responsible for getting copies of the grand champion certificates mailed to my office to process them for printing in the Dutch Reporter.

The election results are listed in the reporter. I would like to thank each member who took the time and effort to vote. Voting is a privilege which should be utilized by each eligible member. My congratulations to those succeeding in winning in the election, and my thanks to all other candidates for their interest in the ADRC. I would personally like to thank each one of you for caring enough to participate.

Members will also be able to review the suggested changes or clarifications in the Dutch standard contained in this issue of the Dutch Reporter. I would also like to thank all those committee members and club members who helped guide the committee through the explanations, changes, or clarifications. Balloting will be issued on the items which require membership vote. This will be accomplished in enough time for inclusion in the 1985 Standard of Perfection.

I am very happy with the progressive attitude of the Dutch Club and its members. Let me know how the American Dutch Rabbit Club can better serve YOU.

Scott

SECRETARYS' MESSAGE

There's been a break in the weather and the rabbits love it! The normal 95° to 102° temperature that we were getting used to wasn't fit for man nor Dutch! The electric bill firmly shows that I suffered very little while I worked, [temperature wise that is]!

This issue of the Dutch Reporter contains the final election results, and although the percentage of votes cast was higher, the majority of the membership did not vote. However, it was a larger turnout than the nomination. My congratulations to the winners! It was a close one! I wish that each and everyone of you who participated could be a winner, but unfortunately, that's not the way it works. Those elected will take office in January of '84.

We are here to serve YOU, the membership, so if we can ever be of assistance, please feel free to contact us directly. Should you write to anyone, other than this office, please send a self addressed, stamped envelope if at all possible. The Board receives no reimbursement for postage. Each piece of correspondence needing 20¢ postage adds up after a lengthy period of time. Twenty cents is a very reasonable amount when you consider the information obtained.

I'd like to see more articles coming in for publication in the Dutch Reporter and I'm going to take the suggestion of a member from Texas and ask that an officer or member of each State Dutch Club submit an article on the news in their area whenever possible. This, I feel, will be of real interest to our ADRC members in that particular area. It could also be of value to the entire membership, depending on the information submitted. Let's give it a try --- more articles means a larger D.R. with alot more news!!

Dick and I were fortunate to take Best of Breed at the Illinois Rabbit Breeders Annual Convention. There were some top-notch, quality animals entered and the competition was stiff! Lowell Simonson from Iowa, George & Jean Schill from Pennsylvania, The Billups' from West Virginia and Dick Evenburg from Indiana were just some of the exhibitors participating in this event. However, the temperature climbed the final day and we lost our BOB on the drive home. After the initial shock, we were both grateful that it didn't happen before the showing. This lesson is one we learned along time ago --- we never hold back showing a certain rabbit because of an upcoming special event! You may not get the chance to exhibit that rabbit later should something like the above happen. We will always show our Dutch when they're ready and not wait for that one BIG ONE! The saying goes, "if you can raise one, you can raise another". [Sure hope they all know what they're talking about].

The final proposals to the standard will be submitted for publication in the next issue of the Dutch Reporter. Members will be able to review them and be ready for membership vote. Ballots will be mailed out as soon as possible following the printing of the above. The proposals were not available for publication in this issue..

I'm going to keep this message short, [one page, I hope] and try to get to the stencils! I'm anxious to get this issue out and make it available to all of you before you leave for Colorado. Hope most of you are able to attend or send that "special" one out. As of this time, it looks like I will again not be able to attend. They tell me that Colorado is beautiful and I guess I'm just going to have to take their word for it. My thoughts and prayers for each of you to come home a winner will be with you! Have a pleasant day!!!

"Norma"

A TOUCH OF DUTCH

By Director Geitzenauer

It is very pleasing to finally feel the ADRC moving forward again to modernality. Was asked just last week by a newer Dutch breeder (Blacks) why we were pushing for the standards change. My answer, of course, was the majority of the members had to be served. As the human body has evolved over the years, crime (what is a) punishment (what is reasonable) standard of living, wages, working hours, economy and most of everything tangible or not, has had to change.

Our Dutch rabbit of 1950 could not even compete at our modern shows. Yet our standard has failed to slowly evolve as the people breeding Dutch have-----, Perhaps this is why the standard needs badly to be updated! Normally, it would be a slow process, but with a logjam of inactivity over the years on this issue, we must now look like the bad guys.

Tracing the history of our Dutch standard since 1932, this 28 year period (present) of no major changes, other than working technology, has already been the longest period of logjam in our history. As one man said, the Gray were the first Dutch and it now appears, after 51 years, to catch up to what has been raised the past 20-25 years.

At this writing, I know that some standard committee people are spending hours trying to catch us up to present day standards and it is a "chore of love" to be in this position of not hurting some members, but satisfying the majority.

Hopefully, after this evolution, the committees of the next 20 years will allow a gradual transition, if necessary, in OUR standard. Notice that it is OUR standard and serving OUR people, not anyone else!

FROM DIRECTOR DIETRICH

In Michigan, we have had a very hot summer, wet though. Fall is approaching and the rabbits usually enjoy cooler weather. The ARBA Convention is very near; remember to try to attend or send

Director Dietrich, continued.....

your "BEST". It only takes one rabbit to win it all and it could be the one in YOUR hutch! Always remember to save a young quality animal for the "Sellers Class".

Some helpful tips on raising good Dutch are:

1. Save bucks and does from mothers that cross well with any buck. (These are your foundation does and your herd should be built from these.) Does that cross well with just one certain buck usually do not make good foundation does.
2. I try to use the best bucks on the best does but personally feel the maternal input is the most important of the two.
3. Good Dutch sometimes just happen, but most of the time, they are planned.

FROM DIRECTOR WILLIAMSON

This has been a blistering summer and rather stressing on the rabbits. I hope you all didn't have much bad luck because of this. The results of the Youth Comment Sheets that were published in the May/June issue of the Dutch Reporter follows. We sent these comment sheets so that every youth could have his/her input into the future programs and contests. I received 6 replys before the deadline and 1 late answer which is not a good percentage for the number of youth members in the ADRC. The rating according to the six that took the time to answer are (high to low); Judging Contest: Showmanship: Achievement: Quality: Family Class: Get Of Sire: Membership:.....

Regardless of the small number taking advantage of this chance to give the Committee Director their views, I still feel that there are many youth who will participate in the programs we will try to put together. I believe it will be best if we can start with two contests. The two that I feel will give us the most opportunity to learn about our good youth members and our breed are: the achievement and the judging contests.

Director Williamson, continued.....

We will be putting together rules and regulations governing these contests and will be available in the next issue of the Dutch Reporter.

TYPE OR MARKINGS?

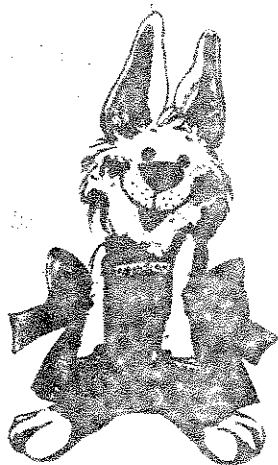

By Jim Alexander, Houston, Texas

When I was a rookie Dutch breeder, I didn't put too much importance on Type. I read the ARBA Stanadard of Perfection and saw that it is necessary to combine the points for type with those for color and fur to equal the points for markings. It took some long talks with some top Texas breeders like Earl Smith, Mickey Farrill and Don and Nelle Brady to educate me on the importance of type.

It is difficult to pick up a publication concerning Dutch and not read an article on Type. I am constantly seeing comments like, "type is the most important consideration...." or "first and foremost, type..." So it is obvious that most Dutch breeders put extreme importance on type.

However, I am still a bit puzzled. If type is so desireable and is "important above all else," why does the schedule of points not reflect it? It's almost like type is being overly stressed. Somebody convince me I'm wrong!

Editor's Note: Jim, There are six markings that are allotted points, totaling 50. Technically, there are six features combined to make up the general type totaling 27 points. (These are not necessarily my views, but, possibly those of the Dutch judge.) Together with the general type, the fur and color totalling 23 points combined, make up 50 points, equalling the allotment for markings. Since the markings are highly emphasized on a Dutch rabbit, it seems that the faults or cuts are more severely applied by most judges. If the judge likes the type on a Dutch, and combines nearly all points for fur and color, that leaves very little room for marking faults. As all rabbits are to be "properly balanced", a Dutch with a body that does not conform to the standards is "out of balance", thus possibly

initiating a major cut. The point allotment in our standards is only to be applied in "rating" certain points of the rabbit. The one having the most points (type) being the most important. Remember, body type carries more points than any other single feature on a Dutch. Our goal, along with the judges', is to get the "best balanced rabbit." [If I may, I, along with many Dutch rabbit breeders, feel that the above specified type makes for the best possible looking Dutch, but, we don't feel that our Dutch standard is placing as much emphasis on this type Dutch as do some breeders and most judges. My own personal opinion is that a well marked Dutch with good color and fur, but not real good body type, should win over a Dutch with excellent body type and some marking faults.....what we really need now is to try and get all judges to judge as close to the standard as possible rather than certain features being the deciding factor as to that judges personal preference...]

"Norma"

THIS OFFICE RECEIVED SOME ANSWERS TO QUESTIONS PLACED IN THE SECRETARYS' MESSAGE IN THE JULY-AUGUST ISSUE OF THE D.R. Jim Alexander was nice enough to express his views to the following:

#1 Shouldn't only ADRC members be allowed to show at the National Dutch Show?

answer: YES, you should be a member to show at the NDS.

#2 Shouldn't only ADRC members be allowed to participate in the Sellers' Class?

answer: Yes

#3 If there is more than one bid for the next years' NDS, shouldn't the bids be read to the membership present at the open meeting and let those attending voice their opinion before the ADRC Board makes the final decision as to the location?

answer: Since the ADRC meeting is usually attended by a minority of the members, why not let a well-informed committee select the site?

Suggestions for improving; why not have each State Dutch Club have a reporter and (try to) get each one to send in some kind of report. I personally would much rather hear about the hot weather (and condition of crops) from a locally involved reporter than have an Officer of a National Club use the time and ink.

Jim Alexander, Texas

THIS IS A TRUE ACCOUNT OF THE 1983 ADRC ELECTION:

MYRL MILHAHN, ELECTION CHAIRMAN

MYRL MILHAHN, ELECTION CHAIRMAN

The American Dutch Rabbit Club would like to take this opportunity to thank the Election Committee for a job well done!

By Amber Barley Ludwig, California

Hello,

My name is Amber Barley Ludwig. I'm 10 years old and have been raising rabbits for 2½ years now. The first two years I raised French Lops exclusively with much success in 4-H and ARBA shows. All my French Lop breeding stock is registered and are Grand Champions now. I wanted a smaller breed for showmanship and chose the Dutch after much discussion with my parents and other breeders.

The challenge of type and markings and the advantage of a small breed with a good disposition were the deciding factors in picking the Dutch. Then, the real work started.

I joined the ADRC, received the standard, studied it, went to all the local Dutch breeders, compared rabbits and asked unending questions. This all took about six months before feeling capable of buying good stock. Finally we found, and bought, two blues from different breeders. I have taken them to five shows so far and have won 5 BOB with the doe and 4 BOS with the buck. They are both now registered and Grand Champions.

In one week, the doe is expecting her first litter. To say the least, I'm excited and anxious. My point in writing this is to say that starting out with good animals makes a big difference on whether you stick with it and improve the breeds' future, or settle for mediocre. Taking the time before you buy to learn all you can is worth the lack of frustration and cost in mistakes you will avoid.

Now my job is to keep it going by being very strict in culling, and that pays off too!

I hope this letter will encourage other youth to learn the standard before buying - it could only help!

Thank you ADRC.
Amber Ludwig

Ed* Thank you Amber! We're pleased that you took the time to tell us of your experiences. To both youth and adult rabbit raisers; it takes as much feed to feed a bad or mediocre rabbit as it does a good one! Norma

From Nathan & Sandee Perreira, Hawaii

I would like to say "ALOHA" to all the members of the Dutch Club. I have been raising Dutch for eight years and I really have to say, "you can't beat the Dutch".

I suppose you're wondering how rabbits do in Hawaii! I live on Maui and the temperature here is 75° to 85° all year around. The rabbits seem to enjoy it! As for feed, I use pellets sunflower seeds, alfalfa and once in awhile I'll give them a half of a coconut. They love it! As we all know, rabbits love to chew on wood. A coconut is pretty much the same thing.

One of the problems I noticed with my rabbits is they don't always go through a full molt. I would think that they would prefer a cooler climate.

We hope someday come and see a Dutch show. I'm currently trying to start a 4-H club here. I hope it works out. We're looking forward to the Maui County Fair

Nathan & Sandee Perreira, continued.....

on October 6-9. I'm co-chairman of the rabbit and poultry exhibit.

To all of the Officers in the Club; "Keep up the good work!"

P.O. Box 442 Makawao
Maui, Hawaii 96768

ABOUT OUR YOUTH !

DISTRICT 5 YOUTH REPORT BY: Steve Walsh

I am writing from Springfield, Illinois from the Illinois State Convention. I believe there were 138 open and 69 youth Dutch shown in both the All Dutch Show and the Convention. On Saturday, Dr. Terry Reed judged and Billy Dodoge judged the Dutch in the Convention Show. The overall quality of the Dutch was excellent! They also hold a King and Queen contest for the youth.

Enclosed in an issue of the Dutch Reporter was a Youth Comment Sheet for the youth to send to Wilbur Williamson to give their opinions of the contests available. Well, I talked with Wilbur at one of the local shows and asked how many sheets he received. I believe there is a total of about 300 youth members that could have sent in replies. Wilbur received six. I'm sure that if you still have your Comment Sheet that Wilbur would be happy to receive them even though they are late. The Youth Committee has worked hard to start new programs for our youth and I think the youth should show more interest.

Fall shows are just around the corner. I hope that everyone took good care of their rabbits during the hot summer. It will pay off at the up-coming shows!

F E E D

By Mary Chamberlain, N.J.

I started experimenting with different feed supplements not long after acquiring my first Dutch. He was so upset at having to leave his loving owner that he refused to eat. At shows I often had to assure the people looking at him that I was not abusing him, he simply wouldn't eat. (I still think half of those people believe I beat and starve my rabbits!) I've done alot of asking about and studying on feed since then.

Concerning actual rabbit pellets, the National Research Council recommends a crude protein level of 16%. However, levels of 16, 19, 21 and 22% have been tested. The most rapid growth rate for 3 to 8

Feed, continued.....

weeks was obtained with 18.4% protein level.

When dealing with high protein feed like calf manna as a supplement, one must be wary of too much protein. When this happens, the skin on the rabbit dries out and flakes. One tablespoon of calf manna daily is generally recommended for fast weight gain.

Breakdown of Feed Supplements:

Calf Manna, 25% protein; Creep Feed, 25%; Rolled Oats, 15%; Omolene, 14%; Wheat, 13%; Whole Oats, 8%

Instead of wood, I give my rabbits large dog biscuits to keep their teeth down. These are also convenient to give at shows. I have discovered that most of my rabbits have an absolute passion for strawberry and blueberry yogurt. Perhaps this would be good for orphan bunnies!

Don't shortchange your rabbits nutritionally just to save a few dollars. That aforementioned buck still treats food like most 7 year old children treat liver.

If anyone has any other ideas, please send them to me at:

511 Grand Avenue
Hackettstown, N.J. 07840

They would be much appreciated and I would share them with the rest of the membership.

A NOTE FROM FLO ANN COOPER, Michigan

I have been out of Dutch for 2½ years but as of now, I have 18 holes again, mostly out of my own old bloodlines. I never expect to set the world on fire, but I enjoy every minute I spend with them. I guess they were a part of my life I hated to give up. So, I wanted all of my Dutch people to know that I'm back in Dutch and hope to raise a few good ones. If I'm lucky, I may get to some of the shows. I would love to say hello to all of my Dutch friends again and include my address in case any of them would care to contact me. Again, I love the Dutch rabbit and the Dutch people.

Flo Ann Cooper 4109 Corbin Dr. Flint, Michigan 48504

WELCOME TO THE AMERICAN DUTCH RABBIT CLUB !!! THANKS TO ALL THOSE WHO RECOMMENDED US !!! SHOULD YOU NEED ASSISTANCE CONCERNING THE ADRC, THE DUTCH BREED OR ANY OTHER "RABBIT" RELATED PROBLEM YOU MAY HAVE, PLEASE FEEL FREE TO CONTACT THIS OFFICE AT ANY TIME !!! AGAIN,.....WELCOME !!!

THE NORTHWEST DUTCH RABBIT CLUB
 9990 S.W. MARJORIE LANE
 BEAVERTON, OREGON 97005

FELLOW DUTCH BREEDERS, - by the time you read this the National A.R.B.A. Convention and Show will be over (sounds like a broken record) how does the time go so fast??? -- Tis time to turn your thoughts towards the 1984 NDS in Portland, Oregon. Maxine and I are looking forward to meeting a lot of new Dutch faces in Colorado Springs and renewing other acquaintances that we made in Seattle, Wn. last year. A lot of this that I have to say will be old stuff to those of you who were in Colorado Springs but for those of you who couldn't make it to Colorado here goes:

Things are looking good for the NATIONAL DUTCH SHOW to be held April 27th through the 29th, 1984 in PORTLAND, OREGON. The showroom is all tied up, the headquarters MOTEL has been selected and all sanctions have been secured. We are very pleased with the Motel, they have a full service Coffee Shop, Dining Room and Lounge eager to accommodate our group; they have 24 hour airport limousine service; they have 200 beautifully appointed rooms, newly remodled, a block of 40 which will be set aside for our use; they have given us a blanket rate of \$35.00 per room, this rate will apply to both queen size and two-bedded rooms, single - double - or-- occupancy. Reservation cards are available -- just drop Maxine or myself a card and they will be furnished.

If you haven't done so yet, get your specials in to us or if you want to take out an ad, send it to us also. Ad prices are: Full page, \$20.00 - 1/2 page, \$10.00 - 1/4 page \$5.00 - \$3.00 Breeder or Judges Listing, 4 lines - Booster ad, name, address, and color of Dutch or Phone Number, \$1.00 --. Do it now before you forget.

Be sure to get those does bred -- it's not too late, -- start making your plans now.....Let's have a good show - don't forget its the Pacific Northwest - PORTLAND, OREGON -- April 1984.

We are looking forward to you all making us work hard as your Breed Chairman and Secretary in Colorado Springs with a big entry of DUTCH. For now lets all get those nest boxes running over.

Dear Breed Secretary,

I need your help!! In my capacity as convention photographer and as a member of the Membership Services committee, I will need your assistance in getting pictures of the Best of Breed, Best of Variety and of the various colors represented, following judging and before the animals are re-cooped or placed in the Parade of Champions coops.

As the breed secretary-PLEASE- have the owner or responsible person take the rabbit or cavy directly to the photography booth. They will need to fill out an information form so the slide can be used for educational purposes. The ear number, breed and winning will be on each slide.

I feel it is important to have a record of these outstanding animals which can benefit breeders. It is the hope of the committee to keep an on-going record from the conventions which will allow opportunities to observe the changes which take place within the various breeds.

Your assistance will be greatly appreciated and I will do my best to be ready and work quickly for the sake of all concerned.

If you have any questions--please write to me or contact me before judging at the convention.

I, too, wish to welcome you to Colorado and look forward to working with you during the convention.

Sincerely,

Linda Heil

Convention Photographer

TO: ALL SPECIALTY CLUB PRESIDENTS AND SECRETARIES

SUBJECT: YOUTH SPECIALTY CLUB CONTEST

Thank you for your response to my questionnaire on youth programs offered by your specialty club. In an attempt to offer a new and exciting contest designed to show about your breed of rabbit, our ARBA Youth Committee is holding a new contest in Colorado Springs. This contest is for your youth members and as many may enter as wish.

The rules are as follows:

1. A youth member of your specialty club designs a poster or display which shows something about the breed of animal which your club promotes.
2. The youth must be an ARBA member and a member of your specialty club.
3. Each poster or display must be on display the first day of the convention and should be taken to the ARBA Youth Booth.
4. The judging committee will consist of one adult member of the specialty club for every youth member of your specialty club that enters.
5. The poster or display should have the name of the contestant, address and the name of the specialty club on the back of the poster or bottom of display.

Please inform your youth specialty club members of this contest. They do not need to be present to win. The winner will be announced at the convention.

I CERTIFY THIS TO BE A TRUE STATEMENT OF THE FINANCIAL CONDITION OF THE AMERICAN DUTCH RABBIT CLUB AS OF JUNE, 1983, TO THE BEST OF MY KNOWLEDGE.

NORMA HART, SECRETARY-TREASURER/ADRC

The above picture was taken at last years' 1982 All Southern Dutch Show. Lowell and Wilba Jones won seven trophies at this show. The trophy on the right is an All Southern "Best Display". If it is won three years in a row by an All Southern member, he or she keeps it. Lowell, last year, won it for the third straight year.

This man is one of the best Dutch breeders around. So if you want to see a good Dutch Show with good Southern hospitality-----a well organized show run by a good Dutch Man, "Bob Griffith", and great judges, you should try to attend!

November 12th. is the date! It is a big money special show, so you Dutch up North, - Here's your chance!!

A.D.R.C. Standard Committee -- Update '83

As American Dutch Rabbit Club Standards' Committee Chairman, I have the responsibility to coordinate the responses and inputs of not only committee members but also concerned members. This, as you may imagine, is not an easy task and has required a great deal of thought and consideration to consolidate and edit the suggestions listed below. I wish to thank all the committee members and a few "off committee" Dutch members for their inputs. Each item will be listed separately so that you may focus your attention on each concept or clarification as it is presented.

ITEM: Show room classes and registration weights

Senior bucks and does: description to remain the same

Junior bucks and does: Under 6 months of age and not over 4 pounds.

ITEM: General type

BODY - Points 17: To be cobby in type, compact in form and limb. Dutch type consists of a nicely rounded back, beginning immediately behind the head progressing over the shoulders, to the highest point of the loin and hips perpendicular to the stifle, and rounding off into a well filled hindquarter. From the top view; the shoulders should be rounded and slightly narrower than the hips, the rib spread should be so that the side lines carry straight through from the shoulders to the hips, and finally, the hips should have a well rounded appearance, full to the base of the hindquarters. The Dutch should maintain the short coupled, well rounded appearance whether it weighs 3½ pounds or 5½ pounds.

Faults: Large protruding hips that lose any smoothness and roundness, also pinched, undercut, chopped or flat hips. Potty specimens are undesirable as well as flat bodied specimens. Avoid narrow, racy animals. Severe cut for a prominent dewlap.

ITEM: Weight and condition

This item will be listed following the body type section and will include the following description:

Weight: Seniors range in weight from 3½ to 5½ pounds with an ideal senior weight of 4½ pounds. Juniors will not exceed 4 pounds in weight.

Condition: Flesh should be firm and solid, skin to be tightly drawn over the flesh, making the pelt tight and hard to grasp. All animals are to have a definite appearance of health and vigor. The fur should possess a finish to compliment and enhance the markings. In addition, the fur should be free from stain and moult.

Furthermore, since only 5 points are allotted to weight and condition, the proper distribution of other points should be kept in the correct perspective. In other words, weight and condition is worth a total of 5 points out of 100; no more, no less.

HEAD - Points 5: Same description as written in the standard

EARS - Points 2: Same

EYES - Points 1: Same

Since feet and legs as well as the tail are integral parts of body type, the point values from these two sections are utilized to further the development of proper Dutch type.

ITEM: Fur

FUR - Points 10: Fur to be dense and short, it should be coarse enough in guard hair to offer resistance when stroked toward the head. The coat should fly back to its natural position and lie smooth over the entire body. There should be a fine dense undercoat, which is soft, interspersed with decidedly heavier or thicker guard hairs. The coat should carry a very high lustre.

Faults: Long, thin coats. Coarse, harsh or wiry coats. Guard hairs which are too long. Fur too soft.

ITEM: Color

COLOR - Points 10: Same with the following exceptions.

EYE: The iris or colored portion of the eye should be dark brown in Blacks, Tortoise, Steel and Gray. The Chocolate should have a dark brown iris with a ruby cast to the eye. Blues to have a blue-gray iris.

Faults: Hazel or light brown eye color in all varieties except Blue, hazel or light brown eye color in the Blue variety to disqualify.

TORTOISE: same with the following additions: The smokey blue shading to include the underside of the tail.

Added to faults: Underside of tail light in color

These additions will be added in place of "under tail to match shadings; light tails are permissible, but very undersirable."

BROWN GRAY: The brown gray is to have an agouti coat, showing distinct bands of color when the fur is parted. The color of the fur at the base of the hairshaft to be slate blue, followed by a medium tan colored band, next a thin band of black, finished by a lighter tan tipping to the undercoat. The entire body, head, ears, topside of tail, and hind feet comprising the agouti color should be interspersed with an even distribution of black guard hairs. The broadest ring should be the base, followed by the intermediate medium tan band, finishing with a balanced width between the black ring and light tan tipping. The agouti color should be carried as uniformly as possible over the colored portion of the body. Narrow black lacing on the ears is desirable. Eye circles should be narrow and medium tan color. The belly should have a white or cream surface color with a slate blue under color extending from inside the rear legs over the belly to the undercut. When the belly surface color is white, the undercut is determined by blowing into the fur. The slate blue under color will then determine the placement and shape of the undercut. Medium tan lap spots are permissible. The topside of the tail must compliment the body color with the underside of the tail to be the same as the belly color. Eyes - dark brown.

Disqualifications: Absence of ring color, absence of slate blue under color on the belly.

ITEM: MARKINGS

NECK - Points 5: Same as in the standard plus:

Since the neck marking is a continuation of the blaze and cheeks, the point value will remain at 5. However, to clarify what to do with animals with full or dirty necks the following point structure should be followed:

- Full necks 5 point cut
- Dirty necks Point cut according to the amount of dirtiness the neck possesses. (1-5 point cut)
- Full neck + drag onto the collar 5 point + cut (no more than 10 points) depending on how much the neck drags onto the collar, disrupting the saddle or collar demarcation.

STOPS - Points 10: Hind feet to have white markings placed one-third the distance from the tip of the toes to the back of the hock joint or heel. This would place the stop approximately one-eighth inch behind the crotch of the toes. They should be equal in length, clean cut on both feet forming perfect circles around the feet where the white of the stop meets the body color of the leg.

ITEM: DISQUALIFICATIONS APPLYING TO ALL VARIETIES

Strike the statement: The absence of definite markings (except hairline between ears).

Note: The detail with which each marking is described should automatically preclude any animal being granted registration or an award at a show.

These clarifications and additions have been suggested in the best interest of the American Dutch Rabbit Club and the Dutch fancy. If you have any questions regarding the reallocation and distribution of points please feel free to contact me. My telephone number is (217) 344-2751. I would again like to thank all those who made the effort in contributing their ideas which helped comprise these suggested changes. Remember -- YOU CAN'T BEAT THE DUTCH or the people who raise them.

American Dutch Rabbit Club

"YOU CAN'T BEAT THE DUTCH"

FROM THE EDITOR'S DESK

Earlier in this issue, I informed you that the suggested standard clarifications and suggestions would be printed in the next issue. Because this is a very important issue, the Standard Committee worked many long hard hours to submit what they feel would be of benefit to the membership and the Dutch rabbit. This office felt it necessary to place these suggested standard up-dates in this issue so that the entire membership will have ample time to look them over and make their decision. Ballots will be sent each member eligible to vote in the very near future! Please read them over carefully and by all means, please take the time to vote when your ballot arrives!! We would like to have all of our changes, if any, in to the ARBA Standard Committee by their deadline so they can be included in the new "Standards of Perfection."

The new guidebook will go to press shortly and we hope to have it available to the membership early in 1984. If you do not have an ad, and would like one, please send a "ready to print" cut to this office as soon as possible. If one is not available, forward what you would like to see in print clearly and legibly so that it can be "set up" when it arrives. Ad prices are as follows: Full Page; \$50.00 - Half Page; \$30.00 - Quarter Page; \$17.50 - Eighth Page; \$10.00 - Breeder Listing; \$5.00 - Judge & Registrar Listing; \$5.00. If you have any questions regarding an ad already submitted, please contact me immediately.

Since some may not receive this issue of the D.R. before the ARBA Convention, I am asking that those receiving theirs' first class or beforehand, please contact those near you regarding the Youth Specialty Club Contest found in the Sept/Oct publication, [and the rules] and also be certain that the Best of Breed winner and variety winners go to the photography booth at the Convention for pictures. If you could just help pass the above news along, it would be greatly appreciated!!

Again, read over the suggested standard changes and clarifications carefully. Should you have any questions, please contact the Chairman of this committee, Scott Williamson. I'm certain that he will be happy to answer any questions you may have.

Remember to vote when your ballot arrives; - everyone's' participation is needed if we are to continue to promote the Dutch!!

"N O T I C E"

For those not fully understanding why the youth are listed by district; it is the full intent of the "Committee For Youth" and the "ADRC Board" to assure each youth equal opportunities. Because of this and the lesser amount of youth ADRC sanctioned shows [as compared to sanctioned open shows] the following program has been initiated. Only those youth living in the respective A.R.B.A. Districts will be competing against one another. This due to the fact that some districts have more ADRC youth sanctioned shows than others.

DISTRICT I - WA; OR; ID; MT; WY; ALASKA - Provinces of Saskatchewan and to the west:

DISTRICT II - CA; NV; UT; AZ; HAWAII & MEXICO

This office has still to receive information concerning banquet facilities at the Holiday Inn in Colorado Springs. However, we have been given a list of possible services from both the Ramada and the Antlers. Since so much time has lapsed, it is almost impossible to know how many may be attending and therefore cannot give either a definite answer. The most logical thing to do, at this point, is to wait until everyone is in attendance. This way, we can get a general idea of how many will want to participate, and can notify either one of the above (or another, if there are any other ideas) at least a day before so that there will be ample space available. This will also enable them to prepare enough for those attending. The Antlers have informed this office that the above can be done and they would be pleased to accommodate whenever possible. The Ramada also has a nice menu for groups of our size. After your arrival, (and you're settled) please contact either Scott Williamson or Jack Wireman. I'm sure that the banquet can be taken care of there and these people will be able to provide further information and/or suggestions.

With your help and support, I know that the banquet will be a success! Just remember to contact either of the above so that arrangements can be made as soon as possible. "Editor"

"PROMOTE THE DUTCH"
 Publicity Items Make Great Gifts !

THIS N' THAT

Your membership expiration can be found both on your current ADRC membership card along with the label of your Dutch Reporter. If your membership expired 60 days (sixty days) prior to your renewal, your membership can be backdated to show no lapse, should you so desire. Please be certain to request same when renewing. If your membership has been expired for sixty days, any points accumulated prior to this time, HAVE BEEN FORFEITED! Do not ask that these be credited, as they CANNOT! There are a few in the current sweepstake standings in this issue that you will not see on the next, [unless they again start from the bottom and work their way up]. Officers have thirty days in which to renew! Memberships are: \$7.00 single adult; \$9.00 H/W; \$5.00 for those youth under the age of 18 years. Combination ARBA/ADRC memberships are: \$16.75 single; \$21.75 H/W; \$9.75 for those youth under the age of 18 years.

Sanction fees are \$8.00 open and \$5.00 youth and requests should be made this office as early as possible. It saves delay along with the insurance that your upcoming show will be published in our bi-monthly bulletin, The Dutch Reporter. I receive some requests one week before the scheduled show date. Show secretaries, - please return your report form to this office within 30 days completely filled out. Also, be certain that your ARBA show code number accompanies the request. I receive many that have only a check enclosed. I have no idea when your show date is, your ARBA code number, your show secretary name and address or the location. This is then returned to the sender for additional information and requires undue delay! Many show reports are received that have two bucks or two does listed as winning the BOB and BOS; some arrive without all of the exhibitors names listed. [We know this as we find them placing in a class and their name is not included on the form]. There is no way to tell if an exhibitor is omitted in some cases as the placements only go through five. If you are not listed on the exhibitors' list, we have no way of knowing that you showed.

Another item brought to the attention of this office is the fact that sponsoring clubs are not paying the required specials. The ADRC requires that you pay \$1.00 for the best of each variety providing that 10 or more Dutch are shown. This is also per ARBA rule. [There is no variety limit]. The sheet sent out with the sanction form and ribbons states the above clearly and also asks that a tear sheet from the show catalog be mailed with the completed form showing the ADRC heading and the specials paid. This is not being followed!! The American Dutch Rabbit Club currently has one of the easiest specialty club forms to complete. It also has one of the least amount of required specials. Please be sure to follow the instructions found with your sanction to insure proper crediting of points and also to insure any future sanctions.

Should you find that the show you attended did not pay the required specials, [and there were at least 10 (ten) Dutch shown in the breed] first contact the show sponsors regarding the matter. If you then receive no satisfaction, please write this office and send a copy of the specials listed, or a copy of your show report. [Be sure that ten Dutch were shown]. The above does not apply to the youth ADRC sanction. Most clubs provide very good specials for their youth exhibitors considering that at times, very few youth Dutch are shown.

All rules are as simplified as possible and you will find that if followed, there is less confusion for all parties concerned. If you have any questions regarding ADRC rules, please write this office! I'll do my best to explain as clearly as possible!

Thank You for your cooperation....."Norma"

Heinold Square Deal and Show Results Rabbit Feeds

We at Heinold Feeds have been in the business of manufacturing top quality livestock and pet feeds since 1936. We manufacture feed that not only satisfies the needs of the large commercial producer of every species from rabbits to cattle, but have also fed over the years hundreds of local, state, and national champion show animals.

Working directly with some of the top show and commercial people in 1942, Virgil Heinold (Founder) formulated the original Square Deal Rabbit Ration. Over the years by working directly with the rabbit people, it has continued to improve with time and is probably the best all around Rabbit Ration available for the money on the market today.

In 1982, after talking and working directly with a number of top show rabbit people, a new formula high performance ration was formulated, namely Show Results Rabbit Ration. As the name implies, it was formulated for the fancier, with lower protein, higher fiber, excellent vitamin levels, tremendous grain combinations and lactobacillus to aid in digestion. It is obviously the ration of choice for the high stress, top strain show rabbit. Through our research, we have found Show Results Rabbit pellets to be an excellent breeding ration especially for overweight bucks, and problem does. Whether it's conception, settling, milking, or small litter problems, "Show Results Rabbit Pellets" will deliver excellent results.

Both the Heinold Square Deal Family Ration, and the Show Results Rabbit Pellet are made of only the finest quality grain and are manufactured with the quality control and pride that only a family tradition of over 45 years could provide.
