# Creep Feed Purina Bunny Chow

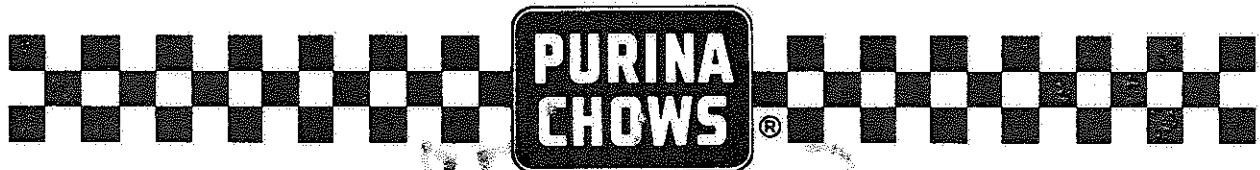

For More Litters Per Doe • Heavier Weanlings  
• Good Doe Condition

Tests at Purina's Research Rabbitry showed that Purina's New Commercial Rabbit Feeding Program is a revolutionary way to help growers produce MORE LITTERS PER DOE every year by using new Purina® Bunny Chow®. Bunny Chow provides two distinct advantages. First, bunnies are weaned earlier, at four weeks, and second, the doe can be rebred sooner, about 14 days after kindling. This dramatic shortening of the doe's rebreeding schedule to just 14 days helps increase a doe's production to seven, eight, or even nine litters per year. Bunny Chow

provides extra energy and nutrition which makes early weaning possible. This in turn reduces the demand on the doe for milk production.

The reduced nursing period enables the doe to use more of her nutrient intake for maintenance and reconditioning. After weaning at four weeks, the doe's total nutrient supply can be used to maintain good body condition. Then she will be ready for her next litter of healthy young.

GOAL FOR THE YEAR; To put Dutch over the top in entries, activity and loyalty to our wonderful breed. Remember, we don't have to take a back seat. We have a top fancy rabbit, a real challenge to breed for that perfect one and a certain amount of commercial value. Remember also, that the commercial value is spoiled by the so-called "toy dutch" three pound seniors have no place in the breeding pens. To our Judges, have you thought of weighing small rabbits for underweight as well as overweight? We have one of the better Breed Standards, let's remember the weight limits are, 3 1/2 pounds to 5 1/2 pounds, overall type to be in balance. Have you taken a good look at the picture of the Dutch on the Cover of the Dutch Reporter? Looks pretty good, doesn't it?

NEWS FLASH: 2200 Rabbits at the Illinois State Convention. 175 Dutch and Best of Breed to Al Seeman, then to cap it off, guess who pulled down the Best in Show, yep! Al Seeman.....Another event reported by the Brady's of Houston, Tx. tells of 95 head at the East Tx. RBA, Lufkin, Tx. Twenty three Tortoise with the Farrills, taking home the marbles. This represents an increase in activity. . . . .

There is a good supply of paper (18 cs) ink pads etc. on hand, also on hand is a good supply of stamped envelopes, loose postage, and general supplies. The bills are all paid and as far as I am concerned we are in good shape. I hope that YOU, the members agree. . . . .
