Hi Dutch Fans,

Well, I hope everyone is making it through the winter months, without losing too many Dutch. I've lost a few of my litters.

I think that the American Dutch Rabbit Club is moving forward. We need to take some time out and thank all the members that have made this possible. Kevin Hooper has done an outstanding job for the club and should be congratulated, along with a lot of others.

I haven't been to many shows this winter, so I don't have much to report. The last show I attended was in Farmington, N.C. A black jr buck won BOB and a steel jr doe won BOS. There were a lot of nice Dutch.

Everyone should be receiving their new guide book before the National Dutch Show. I know everyone will be glad to get it, since we haven't had one in a long time.

I hope some club will put in a bid for the 1997 NDS, since we haven't had one submitted yet.

If any one has any questions on holding one you should contact Kevin Hooper. He can answer any questions you may have.

Well, I'll be seeing all of you soon at the National Dutch Show in April. Hope all of you can make it.

President
Fred Mullinax
Lincolnton, NC

Hello Everyone

1995 was a record year for the large National shows. Kevin Hooper has promised that a new all time record will be set at the Ohio NDS. 1996 could also be a record year for Dutch. Interest on a National level seems to be increasing. The demand for top quality Dutch has been very strong.

One of the best places to acquire good stock will be in Ohio at the NDS, sellers class. Kevin Hooper is setting up a special sale of hand picked quality Dutch to help the American Dutch Rabbit Club survive the 96 fiscal crises.

I will offer a few tips to the newcomers when looking over the sellers class Dutch.

1: *REJECT* any showing these disqualifications—incorrect eye coloring, cow hocked hind legs.

2: *REJECT* any of these faults—white tail coloring on tortoise, severe pinched hind-quarters, flatness over hips, roughness over hips, narrow shoulders, flatness over shoulders, notably lacking body depth, thin ears, ears not balanced to body, extremely narrow heads, extremely long fur, long guard hairs, silver tipped guard hairs in blues, lack of ring color in grays, ring color in steels.

3: *LOOK FOR*—smooth hard bodies, fur of the length that enhances markings, fullness in the lower hips, correct width in shoulders, thick set ears rounded at the tips with lots of fur. Dutch that show sharp clean markings. Of particular interest to me would be well rounded cheeks with no hooks or drags. Stops that are straight and even preferably on the shorter side. Also very important to me are Dutch that mature at the following weight, 4 - 5 pounds, with 4 1/2 ideal.

4: *Consider* Dutch 3 - 8 months of age first, over 12 months last. There are exceptions to age requirements. Make sure breeding records are available on older Dutch.

5: *LOOK* them over good, and ask questions of experienced breeders when in doubt.

I would like to thank Kevin Hooper for the long hours he has been putting in for our club. HE not only did an outstanding job in running the Louisville convention, he was instrumental in working to put this club on the right track in 96. He is chairman of the standards committee, an American Dutch Rabbit Club director, and is instrumental in running the 96 NDS in Ohio. We all owe a debt of gratitude for his unselfish work for our club.

THINK SPRING AND THE OHIO NATIONAL

Sincerely,
Vice-President
Wayne Mac Kinnon
Taunton, MA

DISCLAIMER

Articles, statements, and opinions printed or expressed in the Dutch Reporter may not be those of the American Dutch Rabbit Club or the editor and are solely the responsibility of the authors.

The snowplow just went by again. I'd complain, but I look at the weather and the snow in the east and the cold in the south and the floods in the northeast and I guess we are all in the same boat. Winter has dealt all of us something to enjoy. Since we are all experiencing extremes, it should even out the junior competition at the spring shows.

Spring is just around the corner and with it the National Dutch Show. Kevin & Jack say that things are progressing in preparations for the show in Greenville, Oh. I'm sure that you will find last minute information in this Dutch Reporter. If you have any other questions, give Kevin or Jack a call. I was surprised to see that Rick managed to get information about the NDS on the internet. Good going! Talking about NDS, don't forget to plan to participate in the special show ad section for the next DR. Only \$3. per section, buy a couple.

We are still bidless for the 1997 National Dutch Show. I have heard rumblings from the midwest, the northwest and the southwest. But nothing firm or on paper.

It is election time again. There will be a directors seat in each area and the office of President open for contests this year. It takes some involvement to be an officer of this club. I would hope that each seat will have a contest this year. A healthy organization has people that care about it willing to give of their time and talents to help make us strong. If you have the qualifications: have been a member for two years, raise Dutch, and are interested in the club, please consider running for office for the good of the ADRC. A resume submitted to this office by May 1, 1996 is all it takes.

Take a few moments to go over the three resolutions that have been proposed. You will be asked to vote on them in the next election. If you have questions about them, please ask.

This issue of the Dutch Reporter is the beginning of another year for our terrific and capable editor, Julia Anderson. I want to publicly thank her for the outstanding job she has done for us. The Dutch Reporter has never been better and I look forward to another year.

We are also beginning another sweepstakes year and cheers are in order for the job that Jeffrey Andrews does with our sweepstakes department. The material for the Dutch Reporter arrives looking great

and on time. We are fortunate to have Jeff. I have in the past counted sweepstakes points and I know what a tedious job it can be. Thanks, Jeff.

The Hall of Fame Committee is hard at work. We had 10 nominees and the voting packets are in the hands of the committee as I write this. Congratulations to the nominees and to the people who handled the nominations. Another job well done!

The Guidebook is proceeding as fast as possible. It would be nice if we could have it in the hands of the membership before the NDS. Or, if we can't make that, at least at the NDS. We will be confirming ads and proofing articles in the next weeks. It has been a project in the works for a long time, so keep the faith, it will happen!

How about finding a new member for the ADRC? We had a young lady in Washington a couple of months ago that set up a display about Dutch and the ADRC. She provided membership applications and some other information and sent several new memberships in to this office for processing. Carry a membership application with you, sell someone some good breeding stock and encourage their membership at the same time.

Renew your memberships on time. You have a 60 day grace period, but sometimes if you put it down you will forget. I always purge the membership files of lapsed memberships just before I run the DR labels. If your membership is more than 60 days overdue, or you have moved and not sent an address change, **YOU WILL NOT RECEIVE YOUR DUTCH REPORTER!** Check your DR address label, it has your membership expiration date. If it is close, renew now.

Life is full of milestones. I would like to call attention to a really significant milestone, and that is the 50th Wedding Anniversary of Ruth and Jack Wireman. Jack mentioned it to me the last time we talked on the phone, and I told him I was impressed that Ruth could put up with him for that long, but seriously, **CONGRATULATIONS** to the two of you and your family. Ruth and Jack are some of the truly 14 karat people I know.

Think Spring!! See you in Greenville in April.

P.S. I just finished reading the above article and thought that with all of my references to this office and the computer I failed to mention how impressed I am each time I sit down to do something that requires the computer. I want to publicly thank Dick Gehr for getting the club computerized and for the complete and very easy to follow

directions he sent home with me when we moved the equipment to Minnesota. It used to take 24 hours of typing to do the Dutch Reporter mailing labels. Now I follow Dicks' directions in my little notebook and the computer spits out the necessary labels in a matter of minutes. When I did the complete membership list for this DR, I got the computer all ready, and in about 15 minutes I had the complete membership list. And that is just scratching the surface of the time saving things this computer does. Bless you, Dick.

C'est fini

Secretary

Doreen Bengtson

DISTRICT ONE NEWS

NEWS FROM SUE

Hi Everyone,

What a winter. It seems like since the first of November we have had to bring youngsters in from the barn so they could survive the frigid nights. And sometimes we brought them in on a sled through two feet of snow. I know this is probably commonplace to many of you, but it does get old after a while!

Before the nasty weather started, we attended some shows that weren't especially large shows that had excellent numbers of Dutch. On October 28, we attended the Canfield, Oh show, with Stan Freed judging. There were 53 Dutch. The Heart of Ohio show had 36 Dutch, with J. Leo Collins judging, and then the Lehigh Valley show in Leesport, Pa had 83 Dutch. The Eastern Dutch had their specialty show in connection with the Leesport show. There were 93 shown in that show. It certainly is fun to see the numbers of Dutch up so well.

Well, I hope that everyone is having good luck with their baby Dutch this winter, and that we have an excellent turnout in Ohio at the NDS.

Sue Peters

Morgantown, West Virginia

NEWS FROM KEVIN

I was recently reading the original ADRC Dutch Guidebook (or one of the first ones) from 1947. If you thought that nothing has changed in the Dutch since it was imported to the states in the twenties, think again. Here are a few excerpts from that issue.

From the Standard:

Ideal ear length - 3 1/2" DQ for ears over 4"
Gray color - with as few black guard hairs as possible. Blueish - Black shading on Torts. Shaded orange portions to show a distinct ring color. DQ for less than 3 lbs.

From the glossary - Agouti, see gray or steel. From the sanction requirements, no one day lawn or table shows! Payback for EVERY BOV - \$1.00 Dues to the ADRC - \$1

Thought these points were interesting. The comments on the Grays and the Torts I found most interesting.

The introduction of the Blue - Steel is at least two years away. Since Tex Thomas didn't receive my application prior to the deadline for presentation at the '95 ARBA Convention, I now must wait the two year period while holding the new Certificate of Development. Then the presentation can begin. By the way, after some extensive homework on genetics, I found that the Blue-Steel will not breed true (Nor will any other steel). At least not if you are going by Dutch genetics. I haven't looked into the Netherland genetics to see how they work. A dwarf breeder who is a friend of Bobbi Shot (sp?) said the Steel Dwarf doesn't either.

I hope you have made plans to attend this years' National Dutch Show. We have some very nice awards and activities planned. One new thing just added, (which was not my idea), is an AOV Class. If you have some other varieties that happen to show up this spring, bring them along. It will be interesting to see the different colors that exist in the non-recognized Dutch world.

This issue contains the proposed changes to the Constitution and By-Laws of the ADRC. One deals with making a permanent increase to the dues, which would replace our temporary surcharge. The other deals with how we ammend our Const. and By-Laws. This change would allow us to make changes when emergency situations arise. The provision would be used only on rare occasions, but would be there if the situation deemed necessary.

Do you have any new ideas that we should be looking into? Write to your Director or bring your ideas to the NDS. New ideas are what we need to keep the interest in the Dutch Club at a high level. I would love to receive my FIRST letter or call from a member who has an idea or an item that needs to be addressed.

Hope to see you in Greenville!

Kevin Hooper

New Vienna, OH

DISTRICT TWO NEWS

NEWS FROM FLOYD

As this is late January as I am writing this, there is not much rabbit showing activity to comment on. I feel the majority of our directors are more qualified to pass on hints and tips for breeding, some I am going to confine this column do what I hope will be useful.

I must first say the our new secretary and editor both are doing an outstanding job in my opinion. I hope everyone by now knows they are being asked to send in an additional \$3.00 with their membership. As the board can not compel you to do so at this time, due to the way our constitution is written, it more or less comes down to a request. It would be nice to be able to give our editor some financial support for her efforts in the future. I know she has not asked for anything, however I know a little something here and there is what pays for hidden costs which we all incur when we taken on a job for free. If nothing else, you know where I stand on the issue.

The balance of this column deals with computer information. I have mixed feelings about this, as it is not directly Dutch rabbit raising related, and not everyone is into computers. On the other hand, many people in our club seem to really enjoy what I have put in my column on the subject and want to see more. If any of you on line would like to chat with our current youth sweepstakes leader, you can find Robert Woods at: WRABBITS@AOL.COM We will now continue with what I will entitle as **INTERNET OFFRAMPS:**

Judge Roger Cota has provided me with the following information: Have you, like a number of us, been looking for some serious discussion about rabbits and the ARBA on-line? Are you considering going for a Registrar's or Judge's license? Are you just interested in learning more about rabbits in general? This is an invitation to join a formal, serious study group On-line. We will be meeting on Tuesday evenings at 10:30 PM, Eastern Standard Time (7:30 PM, Pacific Time), in a private room called "ARBASstudy." A number of us have discussed this and set up some basic schedules and formats. You are invited to join us. I volunteered to act as a "facilitator" - I only work to establish a schedule, and have conferred with other members on-line. If you would like to join the discussions, please feel welcome. In order to make this as beneficial as possible. If you have questions on any of the following items, please e-mail me.

We will plan to meet weekly at 10:30 PM, EST, in a private room called "ARBASstudy" on America on Line. Sessions will be scheduled for 1 hour, with an open end for those who wish to continue after that.

For those of you who may not be familiar with the process, here is how you can find us: On the Main Menu, select "People Connection". Next, select the icon in upper left, "List Rooms". Then Select "Private Room". Type in ARBASstudy, and select "OK". You should then find us!

I will attempt to put together a schedule of topics and moderators and publish it monthly. Roger Cota (RACota@aol.com). You can contact Roger or me for the latest schedule of topics.

Item Two: Many clubs or organizations are starting to have pages on the World Wide Web. The dwarf hotot club has one under construction at this moment and should be up and running by the time you read this. Here is a short explanation of what could be used for the American Dutch Rabbit Club in the near future:

A web page is kind of like a digital brochure that can be accessed any where in the world with a web browser. A web browser, such as Netscape or Mosaic, is a program that allows a person to view web pages. Such browsers are already built into services such as America on Line. Web pages are the future of advertising and people even claim the future of television. Most major businesses today such as AT&T, Walmart, etc. have there own web pages as well. A web page can contain pictures, drawings, text, sound, and even video clips. However, most web pages only contain pictures and text. Web pages are written in Hyper Text Markup Language, HTML, which is a computer language that can be read on any make of computer with the proper web browser. Each day, AOL processes more than 14 million hits to the World Wide Web. Once the ADRC homepage is linked to a couple of widely known search engines, millions of people who are interested in rabbits have the ability to read our page from around the world. There are already a few rabbit home pages up and running and one eventually is linked to another.

With the fear of making this column too long, I will conclude it for now and if anyone desires more information or wishes to make comment feel free to contact me.

Floyd Dopler
Andalusia, IL
fdopler@aol.com

NEWS FROM SHARON

It's exciting to be a new director. What isn't exciting is that I'm home writing this while I should have been gone to a show for the weekend.

In December we had to skip a great show because of the weather and the next show came along, in Minnesota and we got dumped on again. I don't think I can wait another month, so we're trying to decide about a show next weekend.

I got a call from Kim McCune today. They did go to a show yesterday. They had only gotten 2 1/2 inches of snow. Sounds like a bunch of Dutch were there. Kim said they showed their brown gray Dutch, before the chocolates, as per A.R.B.A. standard of perfection. She said this will take some getting used to.

I'm looking forward to my first show this year and to the NDS in Ohio.

Everyone should plan to go to Ohio, as there may not be a National Dutch Show in 1997, if no one gives a bid.

Hope to see many of you this year.

Sharon Mixdorf
Waterloo, IA

DISTRICT THREE NEWS

NEWS FROM FRAN

Have you ever noticed how quickly the simplest thing turns into a big problem? Unfortunately, this seems to be what is happening with the ADRC dues.

Clearly, ADRC needs to raise its dues. I haven't heard anyone yet say that the "new and improved" (and more expensive) *Dutch Reporter* isn't worth the extra cost.

At the ADRC Board meeting in Louisville Sunday night, the subject of the dues increase was brought up for discussion. A motion to increase the dues **on a time line other than that specified by the ADRC's By-Laws and constitution** was made, discussed and voted on. The motion passed with one dissenting vote (mine), since I felt we could not violate the club By-Laws and constitution for any reason, no matter how good the reason was.

If you read the minutes of that meeting as published in the last DR, you will realize that the motion as published does not exactly say this. I understand a correction to the minutes will be made as soon as possible.

After some discussions at the general meeting Monday, ADRC realized that ARBA would not allow this motion to be enacted without jeopardizing the ADRC charter. Therefore, the surcharge concept was born, I am aware of no formal discussion of this surcharge concept by the Board, and there was no Board vote on this surcharge.

Although this surcharge concept has been approved by the general membership both at Louisville and by mail vote, there is substantial room to question the concept. Is a surcharge the same as a dues increase? It seems to me that, if it is a REQUIREMENT FOR MEMBERSHIP, it is the same as a dues increase. Since the phase-in of this surcharge did require it, I agree with Dick Gehr that a surcharge is the same as a dues increase.

The surcharge has caused a nightmare for our hardworking secretary Doreen Bengtson. After much grief, she is planning on sending out a notice saying the surcharge is NOT mandatory, but that renewing members unable or unwilling to pay the extra amount should send back said notice without paying the surcharge, and Doreen will pay the surcharge out of her secretary's commission. While this is very generous of Doreen, the fact remains that the surcharge is still being paid (which isn't fair to Doreen) and is still required by the ADRC.

While I cannot predict with any certainty where this will all end up, I would not be surprised if ARBA gets into the act and orders the club to stop the surcharge as it is a dues increase.

ADRC certainly could use additional funds for 1996. Maybe you can DONATE \$3.00 per member, or hold a benefit raffle, show or bake sale at your next Dutch event. Anything you can do would help.

There will be an upcoming vote in accordance with the By-Laws and constitution to raise the annual club dues. I strongly encourage everyone to vote FOR this. Club dues haven't been raised for a LONG time and the costs of the DR have gone up dramatically.

I know that my negative vote at the Board meeting and my part in those Monday discussions have caused some people to get upset and criticize me behind my back. I hope that those people will pause and realize that we all want the same thing—the continued success of American Dutch Rabbit Club. Remember what Doc Reed used to say we can disagree without being disagreeable.

One other comment about the ARBA Convention—it seems that one person observing the judging was upset that I was assisting Larry Bengtson at the judging table on Monday. This person's complaint apparently stemmed from the fact that I had rabbits in the show and was also helping. I'd like to point out that almost EVERYONE helping get the judging done on time at this show had rabbits on the table. If these people didn't help, the judging probably wouldn't get done. This situation is not

unique and those of us who are willing to spend our time and effort helping with the show certainly do not identify our rabbits to the judge, if that was this person's concern. Instead of getting upset, why don't YOU help?

Fran Schettler
Danville, CA

Editor's Remarks

I hope you are all making your plans to attend the National Dutch Show in Ohio in April. It will be so nice for the Dutch breeders, both old time and new, to gather together for fellowship. Kevin Hooper and his gang, promise this to be a great show. Please look in this DR for information on the show, and if you have never attended one before, please do consider this one.

Today, as I write this the temperature is 50 degrees. Last week it was 30 degrees below zero. We had 6 days in a row which the temps never made it above zero. One day the high was minus 18! Needless to say, any bunnies born in the Midwest, had to come into breeders homes. It is always amusing, when you tell others that you raise rabbits,

and they seem to think that must be the easiest thing in the world to do. I am looking forward to getting back to the shows. Our local club, Upper Midwest Dutch Rabbit Club, is sponsoring an all Dutch show in Jefferson, Wisconsin on March 9 (Gary Grimm is the judge) as part of the Badger Show. Badger has always been one of the biggest all breed shows in the Midwest every year. They often have well over 2,000 rabbits.

The membership keeps doing it! Thanks for all the new ads and those that have been renewed. When the going gets tough, the tough get going. We sure could use a lot more ads. Just jot down your idea on a piece of paper, send it to me, and I will take care of the rest. Any time, any of you advertisers wish to make a change to your ad—please do let me know. Thanks for supporting the club that promotes America's Finest Rabbit!!!

Have fun, as we are in the midst of the best time of the year for rabbit breeders. Lots of shows and the rabbits are in their natural time of year for raising those babies.

I appreciate all of your support. I am beginning my second year as your editor, and I must say that I am really enjoying this work. Looking forward to seeing you in Ohio!

HAPPENINGS

.....our future stars

KEEP YOUR RABBITS HAPPY!

My name is Julie Toth and I am a freshman at Arroyo Grande High School in California. This is my 7th year in 4-H and my 6th year in the rabbit project. I have had blue, black, tort and brown gray Dutch, as well as a Mini-lop and a Palomino. I share a rabbit enclosure with my twin sister Jennifer, who raises and Mini-lops and English Lops. We are responsible for the upkeep and expense of our own rabbits.

When I first joined rabbits, I went to a local show and talked to some friends of our family who raised gray Dutch. I bought a Junior Doe from them soon afterward and started showing. Then I wanted to start breeding, so I bought a gray buck. I never really had much luck with grays, but when I bought a blue buck and doe I produced some nice blue kits. Then, hoping to keep the blue color deep, I bought a black breeding doe. She produced some very good black kits, so my emphasis shifted from blue to black. I worked real hard on body type. I have produced some "typey" rabbits and when some of the juniors are also well-marked, I have done well with them. Just recently, I have been working on the tort variety and I am hoping my doe will produce some nice torts soon.

I enjoy the whole Dutch breed for many reasons. One is the challenge of trying to reach the goal of producing the ideal Dutch according to the Standard. Also, there are the people who raise Dutch; they are all so nice and helpful to everyone. I've seen some competitors, open and youth, at shows that are too competitive, but most Dutch breeders are friendly and supportive. The open breeders encourage the youth too. To me, I think what is important is not just if you win or lose, but if you have fun and learn from the whole experience.

I know that I have learned a lot, including management, responsibility and finances. I have also learned that no one person's opinion can make a difference and no one should base any decisions on just that. I have also learned about life, diseases and even death. The main thing I've learned is that I like it when rabbits that I have produced and taken care of do well, and also when a rabbit I have sold to a young member starting out does well.

This year I was asked to be the Rabbit Leader of a local 4-H Club and to teach six kids starting out about rabbits. I started two of

them out with Dutch. This year they will all start to show, breed and do showmanship. It is a lot of fun to watch their pride and confidence grow and see joy in them with their achievements.

Because I share a rabbitry with my sister, who raises 13 pound rabbits, there is a limit to the amount of space I have to raise Dutch. I only have 20 holes, 3 of them being breeding cages. I average 6 - 8 litters per year and can only keep the ones I have room for. If I want to keep a young one or buy a new one, I must sell one of my other rabbits. It is hard to part with some, especially those that I have raised or had for a while, but the new additions coming in hopefully will be better for my overall program. I breed does at their peak cycle, twice in the morning, and again in the afternoon. I do not cull kits at birth, because I believe that regardless of good or bad markings, all rabbits are sweet and deserve an equal chance at life. Sometimes the DQ rabbits are the friendliest! I sell unshowable juniors to pet stores in my area.

I feed my Dutch Templeton Feed and supplement with Doc's. I give them oat hay also and keep snacks down to an occasional apple or carrot. I do give lots of love and attention to each rabbit and I believe that a rabbit that is not happy can not look its best. My Dutch are not in any direct sunlight, but they have constantly circulated fresh air. They are not directly exposed to any weather conditions, and I run fans and give frozen water bottles in warm weather.

I remember when I had my first leg in Dutch and then my first BOV and BOB. When a buck I produced became a Grand Champion, I really felt that I was on the right track. Soon afterwards, the Reserves and Best in Shows became a dream come true and I was

more encouraged to strive for the best the Dutch breed had to offer. Recently I was very proud to win the California Youth Sweepstakes award, as well as top District 3 youth breeder. It has been rewarding to watch my name move up each year, but what means more than any of these is having open breeders that I have admired for years ask me about my rabbits.

I know that I've come a long way in learning about rabbits, especially the Dutch, but I look forward to continuing to strive for the perfect Dutch, sharing what I've learned with others and all the shows along the way to share experiences and friendships with other Dutch breeders. I thank you for asking me to share my story with you and look forward to meeting more of you in the future!

Julie Toth
Arroyo Grande, CA

Dear Dutch Club,

I'd like to report some special winnings my Dutch have won this past year. On 6/10/95 at the Calmar & District Rabbit Show I won BOS. At the Thorsby Rabbit Show on 7/9/95 I won BIS. That same day I also won BOS in another show. By the way, my birthday was July 9th so needless to say, winning BIS was present enough for me.

Sincerely in Dutch,

Shorty Fensky
Youth Breeder in Canada

Dear Doreen,

My name is Josh Sullivan and I am 13 years old. I live in Knoxville Tennessee and am the owner of Sweet Ridge Rabbit Ranch. At my rabbitry I raise Dutch & Rex, and an occasional litter of Mini-Lops.

For a very long time before I started raising rabbits, the Dutch was always my favorite. In February of '93 I got my first Dutch rabbit, a little buck. Since then my beloved little buck has passed away. But, on March 25, 1995 I bought a pair from a very good friend of mine, Bob McKenna of Bristol, Va. The little buck took two firsts, two Best of Breeds, two Best of Varieties, and second Best In Show at the 1995 TVA&I Fair. Since then the little doe has had babies and I am the proud owner of a nice herd of Dutch.

I have always heard of the ADRC and all it's tremendous efforts to support the Dutch rabbit. And finally I got up enough nerve to write Bob and ask him for an application. Before I close I would like to say thank you for your efforts in supporting our great breed the Dutch. I would also like to say it is a privilege to be in the ADRC.

Thank You, Josh Sullivan

Fellow American Dutch Rabbit Club Members,

I am a youth breeder (age 13) and I raise Black Dutch with the occasional Blue. I am looking forward to my first National Dutch Show in April now that I finally have some great Dutch.

I would like to voice my concern of the "strange" nestbox happenings in my basement, as well as yours, possibly! I just had the strangest litter ever! I have just noticed that more and more blue eyes or eye spots have been popping up in my basement. Has anyone else had troubles with this, or is it just me? Now, about my "strange" litter. My black doe had three youngsters. One was absolutely perfect, except half of its left eye was blue!!! And, in the same litter, she had a red-eyed white, resembling a Florida White! It had no black markings on it, what-so-ever! If you have comments, please write! Thanks!

LET'S MEET AMY FROM MICHIGAN

Hi! My name is Amy Regelin. I am 14 yrs old and live in Monroe, Michigan on Lake Erie. I raise black, blue, chocolate and tort Dutch and my mom recently started raising grays. It all started when my sister's raised

guinea pigs. I always wanted to have them but my mom said enough was enough. I got this new idea in my head that rabbits would be a lot of fun. At first my mom said no, but then she decided to give me a chance. Who ever knew it would go this far. My first rabbit was a gift for Christmas six years ago. It was a black Dutch, known as Thumper from a local breeder. A few weeks later, we went back and got a chocolate buck, Mr. Goodbar. I tried other breeds because I found the Dutch frustrating, but I ended right back where I started. Most of my stock came from Tony Micallef and I have a few others here and there. (Thanks Tony!) And after all this fuss with the rabbits, I still wanted a guinea pig, so now I have a sow, a board, and two babies.

My Aunt Judy got me started in the different clubs and she took me to shows. A couple years ago I got my mom signed up too. I belong to the ARBA, Michigan State RBA, South Central Michigan RBA, Michigan Dutch RD, the Ohio State Dutch Club, and the

American Dutch Rabbit Club. Also, my 4-H club, the Rabbit Rangers, is affiliated with the ARBA.

A few years ago at the Monroe County 4-H fair, I won BIS with a little black buck. That rabbit ended up breaking his back at a show in its carrier. My heart was broken but luckily I had bred him to one of my does before and I got one good rabbit out of him. Last year this rabbit won BIS at the County fair. I have now retired him and use him only for breeding purposes.

I am also involved in many other activities like swimming, band, and track to name a few. This past fall, I had to miss a few shows due to swim meets. My rabbits were still shown and I came as soon as I was finished. A big thanks to Megan Gottschalk for helping me out. I am looking forward to seeing you all at the Dutch Nationals in Greenville,

Amy Regelin
Monroe, MI

....from the Louisville Judge

I would like to take this opportunity to thank the American Dutch Rabbit Club Youth for allowing me to judge your rabbits at Louisville. What a thrill it was for me, as it was my first convention to judge and then to top it all off, being able to judge the Dutch!!!

I know I can't possibly thank each one of you personally, so I will say thanks to everyone who helped carry animals to the table, write the comment cards and to all the parents who supported the fine individuals who participated by showing youth Dutch.

I would like to say special thanks to Erik Bengtson, Mandy Anderson & Travis Anderson. They worked a very long day making sure the classes were complete and the

show was running smooth. If all the youth Dutch breeders are as organized and mature as the ones I saw at the convention, the Dutch club has nothing to worry about, because these are the adult Dutch breeders for tomorrow.

I would like to comment on the quality of Dutch that were shown at the convention. I would say that the quality of rabbits was very nice and this went very deep in all classes. I think the youth are doing very well in regards to type as well as color. I found excellent quality animals not just in blacks and blues, but throughout all six colors.

In closing I would like to say congratulations to all the winners and keep up the great work!

Sincerely,
Kevin Bogan

FROM THE E-MAILBAG

Nestbox Success

I've been pleasantly surprised this past fall and winter with my success in having litters. It's quite the thrill to already have four month old animals going into the spring show season. This is not the norm for me. Even though I have been raising bunnies for quite a long time, they always seem to outfox me when it comes down to the planning stage. In the past, I decided who was going to meet which buck on what day so I could have babies by that time. I even built a new barn three years ago, and added heat and great lighting, but my does still laughed when I showed up at their cage door ready to wisk them off to their chosen mate. The occasional doe would bless me with a litter. If she felt sorry enough for me.

But this year, I tried another approach, a bit a more time consuming one. And it may be one many of you already go by. I waited for the doe to tell ME when it was okay to do the mother thing. Instead of deciding I was going to breed that nice little lady to that handsome buck when I was ready, I watched for physical signs from the doe. I looked over prospective mummies daily until their vulva was swollen and red-purple, and then suggested the rendezvous. If the doe was flagging her tail while running around in her cage, or rubbing her chin on her bowls, she was also brought to the buck. This has made all the difference in the world for me. My conception rate for my does has been probably close to 95%. I have practiced this on my dwarfs as well, and it has also worked for them. It has also cut down on the number of injuries inflicted on occasion (to me...) when the doe was bound and determined that this was not the right time to breed, and clawed her way up my stomach to my shoulder to escape the buck.

I realize the heating may be a very important factor in my recent success as well as my lighting. But this year, I neither raised the heat over 35 degrees nor had my timers on my lights, something I practiced faithfully for the past three years. The only time I had lights on was for night feeding.

The drawback is that it does take alot more time. But if does are bred as they look ready, it is possible to have continual

babies. This has made it alot easier when it comes to culling out young ones, since the litters are not all coming in one big surge. I have had to build more cages and convert a horse stall into an overflow bunny area, but I'm certainly not going to complain about that!

I wish the best of luck to everyone as the Spring show season draws near. In a short time we can once again come together for the NDS to show each other the culmination of ours efforts. And maybe, just maybe, someone has a dynamite Dutch being primed for the difficult task of de-throning Mr.McKinnon!

LOCAL CLUB INFORMATION

NEWS FROM THE NORTHWEST

The North-West Dutch Rabbit Club held a specialty show November 11, 1995 in Monroe, Washington. Russ Powell was the judge for the day. BOB & BOS Open was won by Donna & Mike Brak's blacks. They went home with a handmade wooden music box with a Dutch on top. This was donated by Jan Coffelt. Youth BOB honors went to Brad Widrig with a Tort. 107 rabbits (20 from Canada) were entered by 27 exhibitors. Our Dutch club folks have great attitudes. They laugh a lot and are always there to help each other.

Because of the generous response we had for specials, the large number of entries and the volunteering spirit of our adults and youth, our club has decided to hold shows more often. Already we are working on a show for Feb. 11 in Chehalis, Washington.

CALIFORNIA DUTCH RABBIT CLUB NEWS

The California Dutch Rabbit Club (CDRC) has elected its new officers and directors for the 1996/1997. Congratulations to Jim Schettler, President, Fred Schmall, Vice President, and Directors Joanne Purpus, Jean Zimmermann, Rose Mead and John Eubank. I will be continuing as the club's secretary/treasurer.

CDRC has also announced the winners of its 1995 contests. The CDRC **Youth Achievement Award** honors youth members who, during the year, have demonstrated superior talents in promoting the Dutch rabbit, as well as accomplishing superior 4-H or FFA goals. The winner of this contest earns a nice plaque plus \$50 towards the purchase of a Dutch rabbit from a CDRC member. Second and third place earned \$25 & \$15 respectively.

The 1995 Youth Achievement award winners was **Courtney Lewis** of Vacaville, CA. Once again this year, there were several

excellent submissions by the youth, and a second place award was given to Brianna Bobson and a third place award was presented to Julie Toth.

1995 saw a new award instituted by the youth to honor the adult member who goes that extra mile for the youth. The winner receives \$50 to be donated in their name to the rabbit "cause" of the winner's choice. Co-winners of the 1995 **Helping Hands Award** were **Joanne Purpus and Fran Schettler**. Both Joanne and I donated our \$50 to the ARBA fund for the purchase of additional SAFE rabbit cooping for ARBA Conventions.

The CDRC 1995 sweepstakes contest concluded with Jim and I in first place, Joanne Purpus in second, Jill Dobson in third, John Eubank in fifth. This is a quality point contest with only the top 4 point earning rabbits to count at specified point shows.

Fran Schettler
Danville, CA

ED: The **California Dutch Rabbit Club** is a very active club. How do you join? New member dues are \$7.50 for the first family member and \$2.50 for each additional family member. 9

SUN VALLEY DUTCH FANCIERS

The show reason is just starting for 1996. Jan 7th we had an all breed show at Pomona Fairgrounds. Only a small turn out of Dutch, 49 entered. Jill Dobson took BOB with a little tort jr doe and Lynn Gillis won BOS with a black sr buck.

UPCOMING DUTCH SPECIALITY SHOWS

1996 NATIONAL DUTCH SHOW UPDATE

As I write this note, I hope everyone is keeping their nestboxes full with potential NDS winners. The Ohio State Dutch Rabbit Club would like to invite everyone to attend what we hope will be the best NDS yet. **The show date is set for April 26 to 28** at the Darke County Fair Grounds in **Greenville, Ohio**. The following is a list of important facts about the 1996 NDS.

1. **Hotel Headquarters:** Greenville Inn — 851 Martin Street Greenville, OH (513)548-3616 (mention that you are with the NDS for group rates)
2. **Entry Information:** **Entry Fee is \$4.00 for Open & Youth**
Fur Entry is \$2.50 for Open & Youth
Entries must be postmarked no later than April 10, 1996.
3. **Catalog Information:** Requests should be made to: **Julie Billups 1219 Willis Branch Road Goodlettsville, TN 37072. Ph# (615)859-8619.**
4. **Special Events:** We will have plenty of fun and exciting things for everyone to do.
 - A) Ladies Choice - a fun class for ladies only.
 - B) AOV (all other variety class) - a way to show off your nonrecognized variety.
 - C) Plenty of fun youth activities.
5. **Show Specials:** Great cash specials for BOB, BOS, BOV & BOSV along with class paybacks. Additional specials can be donated and will be posted in the show room.
Please mail all specials to: Kevin Hooper 7661 State Route 350 New Vienna, OH 45159. (513)987-2244.
6. **Great List of Judges:** **Open** - Glen Carr, Mike D'Amico and Chris Hayhow
Youth - Larry Bengtson and Kevin Bogan.
7. **Dutch Raffle:** Supported by six of the biggest names across the country.

See Ya in Greenville,

Rick Billups

NOTE OF CORRECTION TO THE LOUISVILLE SHOW REPORT: **Wayne Mac Kinnon** won the Blue Senior Doe Class in Louisville and went on to win BOSV. Fifth place Gray Sr Doe was **Janet Bowers**

**FROM THE ELECTION COMMITTEE
CHAIRMAN**

Fellow Dutch breeders, boy what a year 1995 was for weather. Crazy all over the country. Some winter so far. See out west in the North, not much snow in the mountains. Seems its all here in the East. How about the snow birds to the south for warm weather this year? Oh well, enough about weather as we have all had it. Enough is enough.

As your election committee chairman I took it upon myself to count the ballots. Due to snow depth here in Ohio and extra cold weather thrown in plus 65 to 70 mile apart. I just could not see this for about 1 hour of work. I wanted the membership to know what I did up front and will take the blame for any wrong.

I do have one request as to the ballot. Who voted no and had (3) \$1 bills sealed in it? Would you let me know what the \$3 is for so you can get credit as I do not accept tips. I sent it on to Doreen. I want you to get credit for your \$3.

Footnote: I'm happy to say Ruth and I have been married for 50 years as of Jan 20. Raised 5 boys and 1 girl. Have 16 grand kids and 1 great grandson and brother believe me they sure do grow up fast.

Thank you,
Jack Wireman
Navaree, OH

HAVE A GREAT TIME IN OHIO

These Ohio folks are going all out again for the show. Hope to see many of you there. If you have never been to a National Dutch Show and can come—try to make it. I'll wager you will have a good time. As the saying goes, "You don't have to be crazy to raise rabbits, but it sure helps".

Well that's enough of this rambling so I'll shut up. Looking to see you all some time down the road some place.

Black, Blue, Chocolate, Tort

9/96

...And from Southern Ontario

Winter breeding? I would not attempt it here. Don't let the word "southern" fool you. The waterbowls have frozen solid for all of December and will continue to do so for another two months. Getting to the barn is sometimes an accomplishment in itself, what with snowdrifts, etc. Unless the barn is heated, winter breeding is out of the question. Even breeding in spring has not been very successful lately. Often does do not "catch" and scattered litters seem to be the norm rather than the exception. Heavy culling and introducing new stock does not lead to improvement. One wonders if environmental factors such as pollution or pesticides/herbicides in the feed play a role. But two litters out of fifteen matings is not good.

I have only 24 holes and raise mostly

blacks, that are steadily improving. I have 2 chocolate bucks, but in 1/2 years of trying have been unable to get a good doe. This colour is rarely seen in shows. Black is the dominant variety, some blues and a few torts. I have never seen grays in Ontario shows nor do I know of any breeders who own grays. I would like very much to own a trio! Anyone out there to get me started?

Another colour one does not see anymore is yellow. Yet 60 to 70 years ago this colour was widely advertised in standards and livestock journals.

Last year my brother, who lives in the Netherlands, send me a magazine featuring a special edition to mark the 75th Anniversary of The Dutch Rabbit Club (or Hollander Club as it is called). The centre spread pictured 19 accepted colours. Interesting, but I would not want to be a judge.

By the way, as a new member I enjoy the Dutch Reporter very much. You are certainly justified to raise your membership fees. The DR alone is worth it, plus the expertise from the top breeders is invaluable to us all. However, I must agree with Richard Gehr's objections and his proposal. Maybe we should give it a try! Nothing ventured, nothing gained. I believe rabbit breeders in general and Dutch breeders in particular are the nicest people one may meet and I am sure their generosity is not to be underestimated.

Finally, could you explain what is meant by "Best Display" in the Louisville Show Report? I am not familiar with this term and would appreciate some enlightenment. Keep up the good works.

Maximizing your chances

by Kevin Hooper

I have written this article in response to an article in the last DR by Allen Barr which was co-authored by Jill Dobson (page 21). Allen has some good points in his article but there are some statements with which I take issue.

The last paragraph of the article says that there have been articles published recently that gave bad advice in his opinion. I have checked the last six issues and the only color articles other than mine was one on chocolates from Janet Satulla, and a comment from Fran Schettler on Gray ring color. Therefore, I feel I am qualified to respond since he was disagreeing with my advice.

Counterpoints

Gray Dutch - It was said that there has been "indiscriminate" (random, or haphazard by definition) crossing of steels into grays. I do not breeding that does not have genetic principles to back it up, as I will show.

Steel Dutch - I do not practice "unorthodox breeding." (Not adhering to standard practices by definition.) Allen states that the steel is a man made variety. What was it made from? How was it made. What colors were used? The only color needed to produce our Steel is Black and Gray. This we will see as well.

Genetic (in common terms) principles

Check out pages 46-49 of the Dutch Guidebook. Try to fit some of your animals into these codes. That is the best way to learn how this works.

Four sets of letters make up the genetic code for color on a Dutch. A or a (agouti or non agouti), B or b, which we will ignore for now. (It's the chocolate gene.) D or d, dilute gene, (turns black to blue, choc to lilac, tort to fawn, etc.) and the Banding genes, E, eg, or e. We will ignore e as it is the tort gene. The eg puts banding on the hairshaft. The E is a non-banded hair.

One letter from each set from each parent gets passed to the offspring. Four different letters from each parent combine in the offspring.

Grays and steels are created by the presence of the Agouti gene (A), and the banding gene(s), eg.

For examples sake and in my herd, NONE of the grays or steels have chocolate or tort genes present. I've proven this by test breeding. Therefore, they have all BB (no choc), DD (no blue - in the examples only) and no e (tort).

Having eg eg gives complete banding to the hairshaft with the presence of at least one agouti gene (A), creating a gray. The E in combination with the eg partially covers the banding creating a steel. This shows that the steel is a narrow band agouti, not a wide band.

A steel MUST have at least one A. It also must have the combination of E eg. If a steel has aa, it will not be a steel, but a black. The presence of two non-agouti genes (aa) will cover or dominate

what the E eg is doing. A_ Eeg (steel)

A gray must have at least one A, and it must have eg eg. (no tort present so no e present) A_ egeg (gray)

You may get steels by not using grays, but the chances are lower. As Allen stated, one of the biggest problems with steels he has seen is the dark back. I have shown that the steel must have an Agouti gene. What happens if it has two agouti genes? Less banding will be covered, because of the absence of the non-agouti gene, therefore, no dark backs. The AA will increase the occurrence of lighter steels as well. I'm using grays to increase the occurrence of the agouti gene. If I breed a gray with all gray background, test bred to show AA not Aa, to a steel with one A. here's what will happen. A breeder of steels wants as many steels as possible. Keep in mind, you could get all steels or grays, but these are the chances.

1. Gray x Dark Steel = All agouti
AA egeg Aa Eeg AA Eeg Double agouti steel
AA egeg Double agouti gray
Aa Eeg Single agouti steel
Aa egeg single agouti gray

The double agouti's should be slightly lighter because there is no non-agouti factor to cover the bands. Chance of steel, 50%.

Let's breed steel to steel, two darker ones, and see what we get.

2. Aa Eeg x Aa Eeg = AA EE Double Agouti BLACK
AA Eeg Steel
AA egeg Gray
Aa EE Single Agouti BLACK
Aa Eeg Steel
Aa egeg Gray
aa EE Black (pure black)
aa Eeg Black
aa egeg Black

Note only a 2/9 chance for steels, one of which should have a darker back. As a steel breeder, I don't like those odds.

Note some strange things here. The last two blacks if bred to a double agouti steel or gray will produce lots of steels and grays. So, blacks do have a stronger chance of producing steels or grays if they are out of steels or grays, because they might carry either the Agouti gene or the banding gene. A black out of this combo will have an 80% chance of carrying the Agouti or the banding gene.

Let's try a Double agouti gray to a non-agouti black.

3. AA egeg x aaEE - black with no banding (eg) or agouti (A)
= Aa Eeg

Aa Eeg This is your only possible combination out of breeding. All single agouti steels.

If this was the breeding, I would have an entire litter of steels, 100% chance!

Let's do as Allen suggests and ad a blue to our steel. I will presume this is a non-agouti blue with only EE genes. (Solid color only but blue.)

4. aa dd EE (blue) x Aa DD Eeg (Steels with only one agouti gene & no blue)
= Aa EE Single Agouti black
Aa Eeg Steel
aa EE PURE BLACK
aa Eeg Black with one banded gene

Note 25% chance for steel possible, and 75% black. But also note that Allen suggested that none of the blacks out of this combination should be kept. You would be culling one of the PURE Blacks out, as well as a black (the first one) that could be bred to a gray with AA and get 75% steels, and a black (last one) that if bred to the AA gray would give you half grays and half steels.

One more combo - lets use a pure black aa EE (with no blue) and breed it to a AA Blue Gray!

5. aa DD EE x AA dd egeg (Blue-Gray) = Aa Dd Eeg an entire litter of steels 100% chance, with the blue gene along for the ride. (The big D keeps the d from showing)

Steels are a man made color. If you want to produce many of them, this is how you maximize your chances and get good color at the same time. Don't forget you also have to have a body and markings.

One note, steels will not breed true (produce all steels if bred together). This includes blue steels, choc steels, and lilac steels. You may get all steels occasionally, but you were lucky. See example 2.

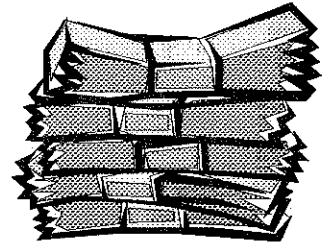

Now, as for not using any steels into grays. First I don't, nor do I recommend doing this to help in the breeding of grays. I do this to help the steels. Gray to Gray will give you the best chance for good grays. However, if we look at some of the above examples, and we only have grays in the herd with good ring definition as I have always expressed, you will get good grays from this crossing. If I had not been using my grays into my steels, I would not have had the 1st place Gray sr buck at the convention. He was a nicely colored buck with good ring pattern and 3/4 steel grandparents. I also wouldn't have had the 1st place gray sr doe who has good color and 1/2 steel parentage, or the 2nd place Gray sr doe with nice color and two steel parents.

These are well thought out and proven genetic methods that work. Study those pages in the guidebook and figure the formulas for your animals. It will eliminate the guesswork, and you will understand proper genetics.

WIDE BAND GRAY

MJ (Marti) Dill

What does it look like? To approximately 95% of the Dutch raisers and approximately 70% of our judges, it would be considered a poor Tort. It is primarily orange in color, in fact it is almost impossible to differentiate from a true Tort at birth. As it matures, black ticking will appear at the end of the hair shaft. The ears will resemble the agouti coloring of a gray Dutch, including heavy ear lacings. It will have eye circles, the same as all other agouti varieties (chestnut, chinchilla, opal & lynx). The belly color will be white or cream (again, like a gray). Lap spots will be visible in the groin area. And it will have shadow bars on the feet. There WILL NOT be any shadings

although the black ticking may be heavier on the lower hindquarter giving the impression of shadings. It will have a ring pattern with only two rings rather than the usual three or more. The base ring is white/cream turning into an orange with only a sparse dusting of guard hairs that displays black tipping. Each color band is approximately 1/2 of the hair shaft.

Where does it come from? They ARE NOT a cross from breedings Torts to Grays! They appear in litters of grays bred to grays for successive generations - a dilute. (Similar to a lilac from a chocolate to chocolate breeding.)

What do you do with them? Treat them like a very valuable & golden nugget! Our 1996/2000 Standard of Perfection states for

Brown Gray Dutch, "Absence of intermediate ring color over the colored portion of the body" is a **DISQUALIFICATION FROM COMPETITION**. If you are one of the breeders who uses steels and grays together, you are now searching madly for grays with "good ring" (or "a medium tan band"). The wide band gray can be your salvation. As early as two months of age grays from a wide band gray parent will display distinct banding. The tan band against the lower (base) band of slate blue and the upper band of charcoal brown brings clarity and sharpness to each color. Everything must be done with moderation. Use the wide band gray sparingly. They really are a valuable & rare golden nugget!

*Kevin Hooper, thanks for the idea to write this article.

American Dutch Rabbit Club
 Doreen Bengtson, Secretary
 Rt. 1 Box 95
 Lewiston, MN 55952

Dear Dutch Club:

Thank you for the letter addressing your concerns of the cooping situation at the 1995 ARBA convention. As a parent, exhibitor, and Board member I can assure you the problems have been noted and appropriate actions will be taken to help alleviate the possible occurrence of similar problems in the future. The Board is to make recommendations at the

mid-term meeting for possible solutions to the cooping problem.

I commend the young members of the Dutch club for stepping forward and volunteering to help monitor the situation. Such positive steps can only help unite all of us as we strive for the best for our rabbits and exhibitors!

If you have any other questions or problems please contact me.

Yours for a better ARBA,
 Chris Hayhow 
 Chris Hayhow, DVM, Ph.D., ARBA
 Director District #9

Just an idea, what about a "tips" column for the DR? I think it would be so neat if everyone could just write some of their little tips & hints about everything and send them in. It would help a lot of people out, everything from new earth-shattering discoveries to "why didn't I think of that?". If it is included in the DR, you can count on me to send a few in!

Sincerely,

Brion L Barnes 
 El Dorado, KS
 Youth Breeder

OHIO YOUTH NDS EVENTS

The Ohio State Dutch Club is planning for an exciting weekend for all of our youth exhibitors at the National Dutch Show. The events will begin as soon as you arrive.

We are planning to have our Royalty Contest take place Friday between 12 Noon and 7 PM. First we will have all interested youth sign in upon arrival and youth will be able to compete in showmanship and then the written test that afternoon. Many very nice awards are planned for the winners and all participants. Winners will be announced Saturday morning. We hope all youth plan to be a part of our Dutch Royalty contest.

Next starting at 9 PM a FUN party is planned. Get acquainted games, educational, and other games are planned for the evening including door prizes!! We would also like to have music during this time, so bring your favorite CD's and cassettes! We will be requiring a pre registration on the FUN party with a cost of \$2 per youth.

I am looking forward to meeting all of you during our activities at the National Dutch Show. If anyone has any questions, please call me, **Shelly Thompson, Youth NDS Superintendent, at (614)622-4814.**

**California Dutch Rabbit Club's
1995 YOUTH ACHIEVEMENT AWARD WINNER
COURTNEY LEWIS**

by Fran Schettler (as printed in *The Dutch Blaze*)

Thirteen year old Courtney Lewis is an 8th grader from Vacaville, California. She has been in rabbits for 3 years and raises only Dutch. A friend was in a 4-H rabbit project and sold her on the rabbit idea. Courtney's 4-H leader introduced her to Dutch and Courtney says "I fell in love." Courtney has 4 brood does and 3 bucks in black, blue and chocolate. She raises 10 - 12 litters per year, and does all the grooming, show preparation, culling, stock selection etc. Major chores are done on weekends and mom helps out during the school week with the cleaning and feeding. Courtney attends about 13 shows per year and has competed very well at all levels of competition.

Courtney participated in a UC Davis Co-op Extension 4-H field day where she helped educate the public about Dutch. She also visited a nursing home with her Dutch, and did several petting zoos at major public events. She competes in 4-H showmanship and was on the successful State Fair Rabbit Bowl team as the Dutch expert. She has give a school speech on Dutch breeding and took her rabbit to a pre-school too! As you can tell, Courtney is very active with her Dutch in many areas. Congratulations Courtney!
